

This report has been prepared under the auspices of the Federal Disaster Risk Management Technical Working Group, co-chaired by the National Disaster Risk Management Commission (NDRMC) and UNHCR, with participation of Sector Co-Chairs (Government Line Ministries and Cluster Coordinators). It covers the period from 01 to 31 October 2017.

Highlights

- The Government, with support from humanitarian partners, continues to address the triple challenge of drought, food and inter-communal conflict, but resources are stretched.
- The Government and humanitarian partners have jointly been conducting verification assessments in food areas affected by the October–January continued conflict to identify the scope of humanitarian needs and provide first-line assistance. With available resources, the IS/MPF Cluster can only address 80 per cent of the identified needs for 105,000 households.
- Government and partners released an NRC Status Update on 18 October highlighting all outstanding 2017 NRC/MPF requirements against revised sector requirements.

Situation Overview

Government and partners responding to drought, food and conflict-induced humanitarian needs

The Government, with support from humanitarian partners, continues to address the triple challenge of drought, food and inter-communal conflict, but resources are stretched. As of the end of October, Round 8 relief food distribution reached at 78 per cent in the Government/National Disaster Risk Management Commission (NDRMC)-covered areas targeting 5.2 million people nationwide, while UNHCR/IS/MPF/UNHCR million was allocated for 2.4 million cash beneficiaries.

In Somali region, WFP is providing assistance through a combination of initiatives, based on needs, including central food assistance, food ‘top-up’ (vegetable oil and pulses) to people receiving cash assistance from the Government, and a cash pilot project. Accordingly, 1.7 million people identified in the Humanitarian Requirements Document (HRD) Mid-Year Review are receiving relief food assistance, 1.7 million WFP/UNHCR Government cash clients with remaining needs are receiving top-up of vegetable oil and pulses, while some 588,000 beneficiaries are receiving cash-based support as part of the NRC-WFP cash pilot. Round 8 relief food distribution covered at 78 per cent in the Joint Emergency Operation Program (JEOP)-covered areas targeting 1.8 million beneficiaries.

To meet the water needs of communities in drought-affected areas, the Government and WFP partners have deployed 108 trucks (of 208 trucks requested) – down from 178 trucks requested in April. At least 2.4 million people have benefited from water trucking service to date. In parallel, permanent water systems are being put in place as a longer-term solution in areas experiencing recurrent droughts. Separately, 85,000 fuel emergency shelter and NFI kits were distributed to drought and food-displaced households in six regions (Bambasi–January and October 2017), including cash-grants for 2,700 households.

Between January and September, 205,820 malnourished children were treated with good quality of care nationwide, with 8.8 per cent of children admitted in malnutrition centers for equivalent medical care (data data available). This is below the 10 per cent emergency threshold, although variation exists across regions. The total admission recorded in September represents 80 per cent of the January–September projection in the NRC/MPF HRD.

Coordinated efforts to have a better integrated general relief food distribution (GRFD), nutrition, health and WFP interventions are showing positive results. In Somali region, for example, admissions of severe acute malnutrition (SAM) cases in September fell by 27 per cent to 2,408 new cases compared to August. Although the success is encouraging, the current level of intervention should be maintained to avoid a relapse given the still dire nutritional situation in the region. In partnership with the Somali Regional State Disaster Prevention Preparedness Bureau, the Regional Health Bureau and NRC, WFP plans to distribute targeted supplementary

feeding (SRF) commodities in Somali region starting from the first week of November, to supplement general

National Bureau Report No 15 October 1975 Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project

Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading National Bureau Report No 15 October 1975 free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading National Bureau Report No 15 October 1975 free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading National Bureau Report No 15 October 1975 free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading National Bureau Report No 15 October 1975. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading National Bureau Report No 15 October 1975 any PDF files. With these platforms, the world of PDF downloads is just a click away.
