Delia Gaze,1997 First Published in 1997 Routledge is an imprint of Taylor Francis an informa company **Feast and Famine** Leslie Clarkson,Margaret Crawford,2001-11-15 This book traces the history of food and famine in Ireland from the sixteenth to the early twentieth century It looks at what people ate and drank and how this changed over time The authors explore the economic and social forces which lay behind these changes as well as the more personal motives of taste preference and acceptability They analyze the reasons why the potato became a major component of the diet for so many people during the eighteenth century as well as the diets of the middling and upper classes This is not however simply a social history of food but it is a nutritional one as well and the authors go on to explore the connection between eating health and disease They look at the relationship between the supply of food and the growth of the population and then finally and unavoidably in any history of the Irish and food the issue of famine examining first its likelihood and then its dreadful reality when it actually occurred Making the Grand Figure Toby Christopher Barnard,Fellow and Tutor in Modern History T C

Barnard,2004-01-01 Through such everyday articles as linen shirts wigs silver teaspoons pottery plates and engravings Barnard evokes a striking variety of lives and attitudes Possessions he shows even horses and dogs highlighted and widened divisions not only between rich and poor women and men but also between Irish Catholics and the Protestant settlers Displaying fresh evidence and unexpected perspectives the book throws new light on Ireland during a formative period Its discoveries set within the context of the consumer revolution gripping Europe and North America allow Ireland for the first time to be integrated into discussions of the pleasures and pains of consumerism BOOK JACKET *Petrus Christus* Maryan W.
