Ordinary Lives, Death, and Social Class Ciara Breathnach, 2022 Ordinary Lives, Death and Social Class focuses on the evolution of the Dublin City Coroner's Court in the late nineteenth century using a wealth of inquest data to understand the impact of urban living from lifecycle and class perspectives, revealing histories from both above and below.

A Nation and not a Rabble Diarmaid Ferriter, 2015-03-05 Packed with violence, political drama and social and cultural upheaval, the years 1913–1923 saw the emergence in Ireland of the Ulster Volunteer Force to resist Irish home rule and in response the Irish Volunteers who would later evolve into the IRA. World War One, the rise of Sinn Féin, intense Ulster unionism and conflict with Britain culminated in the Irish war of Independence which ended with a compromise Treaty with Britain and then the enmities and drama of the Irish Civil War. Drawing on an abundance of newly released archival material, witness statements and testimony from the ordinary Irish people who lived and fought through extraordinary times, *A Nation and not a Rabble* explores these revolutions. Diarmaid Ferriter highlights the gulf between rhetoric and reality in politics and violence, the role of women, the battle for material survival, the impact of key Irish unionist and republican leaders as well as conflicts over health, land, religion, law and order and welfare.

A City in Turmoil – Dublin 1919–1921 Padraig Yeates, 2012-09-21 Dublin was the cockpit of the Irish Revolution. It was in the capital that Dáil Éireann convened and built an alternative government to challenge the authority of

Dublin Castle it was where the munitions strike that crippled the British war effort in 1920 began and it was where rival intelligence organisations played out their deadly game of cat and mouse But it was also a city where ambushes became a daily occurrence and ordinary civilians were caught in the deadly crossfire Restrictions on travel military curfews and the threat of internment would ultimately make normal life impossible As in his previous work *A City in Wartime* Pdraig Yeates uncovers unknown and neglected aspects of the Irish Revolution including the role that the Bank of Ireland played in keeping the city solvent the rise of the Municipal Reform Association to challenge the hegemony of Sinn Féin and Labour how one of Ireland's leading businessmen started out as a bagman for Michael Collins and how ultimately many Dubliners found it easier to sympathise with the fight for the Republic than participate in or pay for it

Occasions of Sin Diarmaid

Ferriter, 2010-07-09 Ferriter covers such subjects as abortion pregnancy celibacy contraception censorship infanticide homosexuality prostitution marriage popular culture social life and the various hidden Irelands associated with sexual abuse all in the context of a conservative official morality backed by the Catholic Church and by legislation The book energetically and originally engages with subjects omitted from the mainstream historical narrative The breadth of this book and the richness of the source material uncovered make it definitive in its field and a most remarkable work of social history

The Dublin Lockout, 1913 Conor McNamara, Pdraig Yeates, 2017-07-24 Putting Ireland on trial Jim Larkin's verdict was damning and resolute His words resound shuddering towards the present day where class division and workers rights disputes make headlines with swelling frequency In this pioneering collection an exemplary list of contributors registers the radical momentum within Dublin in 1913 its effects internationally and its paramount example in shaping political activism within Ireland to this day The narrative of the beleaguered yet dignified workers who stood up to the greed of their Irish masters is examined revealing the truths that were too fraught with trauma shame and political tension to remain within popular memory Beyond the animosity and immediate impact of the industrial dispute are its enduring lessons through the First World War the Easter Rising and the birth of the Irish Free State its legacy real and adopted instructs the surge of activism currently witnessed but to what effect The Dublin Lockout 1913 illuminates this

pivotal class war in Irish history inspiring shocking and the nearest thing Ireland had to a debate on the type of society that was wanted by its citizens **The 'Labour Hercules': The Irish Citizen Army and Irish Republicanism, 1913-23**

Jeffrey Leddin, 2019-03-20 The Irish Citizen Army ICA was born from the Dublin Lockout of 1913 when industrialist William Martin Murphy locked out workers who refused to resign from the Irish Transport and General Workers Union sparking one of the most dramatic industrial disputes in Irish history Faced with threats of police brutality in response to the strike James Connolly James Larkin and Jack White established the ICA in the winter of 1913 By the end of March 1914 the ICA espoused republican ideology and that the ownership of Ireland was vested of right in the people of Ireland The ICA was in the process of being totally transformed going on to provide significant support to the IRA during the 1916 Rising Despite Connolly's execution and the internment of many ICA members the ICA reorganised in 1917 subsequently developing networks for arms importation and intelligence and later providing operative support for the War of Independence in Dublin The most extensive survey of the movement to date The Labour Hercules explores the ICA's evolution into a republican army and its legacy to the present day **The Abbey Rebels of 1916** Fearghal McGarry, 2015-10-30 The story of the 1916 Easter Rising and its aftermath from a new perspective The Abbey Theatre played a leading role in the politicisation of the revolutionary generation that won Irish freedom but comparatively little is known about the men and women who formed the lifeblood of the institution those whose radical politics drove them to fight in the 1916 Rising Drawing on a huge range of previously unpublished material The Abbey Rebels of 1916 explores the experiences hopes and dreams of these remarkable but largely forgotten individuals Maire Nic Shiubhlaigh the Abbey's first leading lady Peadar Kearney author of the national anthem feminist Helena Molony the first female political prisoner of her generation Sean Connolly the first rebel to die in the Rising carpenter Barney Murphy usherette Ellen Bushell and Hollywood star Arthur Shields Invigorating and provocative this is the story of how in the years following the Easter Rising the radical ideals that inspired their revolution were gradually supplanted by a conservative vision of the nation Ireland would become Lavishly illustrated with 200 documents and images it provides a fresh and compelling account of the Rising and its aftermath **A City in Civil War - Dublin 1921-1924**

Padraig Yeates, 2015-04-14 The long awaited concluding volume of Padraig Yeates Dublin at War trilogy In A City in Civil War Dublin 1921-1924 acclaimed historian Padraig Yeates turns his attention to Ireland's bloody and hard fought Civil War and its impact on the capital city and its inhabitants The fascinating A City in Civil War tells the story of Dublin's troubled passage to independence amidst the acrimony and upheaval of the Civil War a period in which Dublin became the capital city of an independent Irish state for the first time Once again conflict raged on Dublin's streets but this time the combatants were Irishmen neighbours friends families fighting each other For a great many Dubliners life remained a cycle of grinding poverty but for many southern Unionists ex servicemen and anti Treaty republicans the city became a hostile environment And all the while the Catholic Church strengthened its grip on Irish cultural life supplying many of the vital social services an embattled

government was too poor and too preoccupied to provide its citizens. In his distinctive and engaging style Pádraig Yeates uncovers unknown and neglected aspects of the Irish Civil War in the capital and their impact on the rest of the country. Pádraig Yeates excels as a social historian and never loses sight of the ordinary citizen. The Irish Times: A powerful social history reminds us that for all the headline grabbing events putting bread on the table was still the most important priority for most. Professor Diarmaid Ferriter: The Irish Independent. Reminds the reader of how daily life went on side by side with the great events of history. In short this is an excellent addition to the current literature. Irish Literary Supplement. *A City in Wartime - Dublin 1914-1918* Pádraig Yeates, 2011-09-09. This fascinating history looks at how the lives of ordinary Dubliners were affected by these three major events. Why did so many working class Dublin men join the British Army? How did the city's 92,000 Protestants fare in this turbulent time? Dubliners fought on both sides in the Easter Rising. What were their motivations? How did Sinn Féin and the Catholic Church marginalise Labour in the battle for political control of the city after the Rising? Why did so many Dubliners benefit from the British war effort especially tenement families and working women? Pádraig Yeates discusses each of these in detail and also looks at how the population fed itself during hard times, the impact of the war on music halls, child cruelty, prostitution, public health and much more. The Dublin as we know it was shaped in these years. And this captivating book takes you back to those times to shine a new light on the city today. *Gender and Power in Irish History* Maryann Gialanella Valiulis, 2009. This collection of articles poses the question: What can gender history add to the traditional narrative of Irish history? How can it help us to understand the ways in which power operated in and flowed through Irish society? It is premised on the assumption that men and women are actors in the creation of their society, influenced by the ideology of the period but also challenging and resisting the assumptions and beliefs of their era. The articles included in this collection are far ranging and thematically diverse, united by the common theme of gender. While women play a dominant role in its pages, it makes visible the power and presence of men. Sometimes implicit, sometimes explicit, the history written on these pages is a history of the ways in which women and men constructed, negotiated and made visible the roles, ideas and representations that governed their particular society. In so doing, it provides an alternative reading to the traditional narrative of Irish history. This book focuses mainly on the modern period and includes two articles from outside of Ireland which provide a comparative focus. It also includes a theoretical introductory section on the nature of gender history from three leading Irish historians. **Irish Modernism and the Politics of Sexual Health** () (Meadhbh) Houston, 2023-01-24. *Irish Modernism and the Politics of Sexual Health* explores the politicized role of sexual health as a concept, discourse and subject of debate within Irish literary culture from 1880 to 1960. Combining perspectives from Irish Studies, Modernist Studies and the Social History of Medicine, it traces the ways in which authors, politicians and activists in nineteenth and twentieth century Ireland harnessed debates over sexual hygiene, venereal disease, birth control, fertility and eugenics to envisage competing models of Irish identity, culture and political community. Analyzing the work of canonical

authors Yeats Synge Shaw Joyce Beckett Flann O'Brien and less often discussed figures George Moore Oliver Gogarty Signe Toksvig Kate O'Brien in conversation with medical scientific and legal writing on sexual health it charts how the medicalization and politicization of sex informed the emergence and development of modernism in Ireland At the same time by reading this literary material alongside the polemical and journalistic writing of figures such as Arthur Griffith Maud Gonne and Hanna Sheehy Skeffington it also reveals the ways in which key events in Irish cultural and political history the Parnell Split the Limerick Pogrom the Playboy riots the passage of the Censorship of Publications Act were shaped by ongoing debates and dilemmas in the field of sexual health This book will benefit students researchers and readers interested in the history of sex and its regulation in modern Ireland the impact of sex and medicine on Irish political history and the nature of modernism's engagement with sex health and the body Irish Journal of Feminist Studies, 2003 The Irish Bildungsroman Gregory Castle, Sarah L. Townsend, Matthew L. Reznicek, 2025-02-17 The classical Bildungsroman charted an idealized path of human development the harmonizing of individual desires and societal norms in the formation of a well rounded liberal subject But what happens when this Enlightenment blueprint for self cultivation runs up against the particularities of a colonial society riven by nationalism revolution and uneven modernization The Irish Bildungsroman provides the first comprehensive study of how this quintessentially bourgeois and European genre is transformed and reinvented by Irish writers from the Act of Union to the present day Through incisive readings of over two centuries of Irish novels the volume's contributors illuminate the diverse narrative strategies Irish authors have employed to depict personal formation within colonial and postcolonial communities shaped by competing religious class gender and ethnic interests Periodized into three major sections the book maps the evolution of the Irish Bildungsroman across key historical junctures the rise of cultural nationalism in the nineteenth century the revolutionary period and emergence of the postcolonial state in the early twentieth century and more recent waves of globalization that have reconfigured Irish identity From the post Union novels of Maria Edgeworth and Sydney Owenson to contemporary immigrant fiction The Irish Bildungsroman excavates a rich vein of self reflexive writing that creatively reworks this genre to expose the fault lines of liberal humanism and to imagine new modes of selfhood **Terrible Queer Creatures** Brian Lacey, 2008 The love that dare not speak its name was as common in Ireland throughout all stages of its history as it was in other parts of the world Under certain cultural and historical conditions the expression of homosexuality in Ireland as elsewhere became more accepted or at least more visible than at other times This has culminated in the recent 2015 marriage equality referendum result seen by most as a transformative event This book attempts to put in context some of that visibility from early Ireland to the late twentieth century But it is clear that like an iceberg a far greater part of the story remains and will almost certainly always remain invisible Dr Lacey uses his historical skill to bring to the surface from a wide variety of sources an entertaining yet scholarly exposition of the history of homosexuality in Ireland **Dorothy Macardle** Nadia Clare Smith, 2007 Mainly remembered for

The Irish Republic and her close association with Eamon de Valera Dorothy Macardle 1889 1958 was one of the most popular and influential Irish historians of her time She was also a journalist playwright novelist and political activist This first biography of Macardle traces her life from her involvement in the War of Independence to her role as a leading civil libertarian in the 1950s and discusses her literary career and international human rights work An Irish nationalist writer with an international reputation Dorothy Macardle was a woman of many facets and her career sheds light on modern Irish political history interwar era women s history and Irish historiography and literature Publisher description **Architects of the Resurrection** R. M. Douglas, 2009-09-15 In 1942 Gear id Cuinneag in a young pro Axis activist founded Ailtir na hAis irghe Architects of the Resurrection a fascist movement that aimed to destroy the infant Irish democracy and replace it with a one party totalitarian state But Ailtir na hAis irghe was no Nazi imitator Rather it aimed at something far more ambitious the fusion of totalitarianism and Christianity that would make Ireland a missionary ideological state wielding global influence in the postwar era Supported by idealistic youths and mainstream politicians like Ernest Blythe Oliver J Flanagan and Dan Breen and scrutinized anxiously by British and American intelligence Ais irghe won several seats in the 1945 local government elections Architects of the Resurrection casts an uncomfortable light on the popularity of anti democratic anti Semitic and extremist ideas in wartime Ireland Students of Irish history and of comparative fascism will find many new insights in this book
