Politics Of Regulatory Change A Tale Of Two Agencies

Judith A. Layzer, Sara R. Rinfret

Politics Of Regulatory Change A Tale Of Two Agencies:

The Politics of Regulatory Change Richard A. Harris, Sidney M. Milkis, 1989 This text assesses the consequences of the Reagan administration's attempt to curtail social regulation through a study of two of the most influential regulatory agencies the Federal Trade Commission and the Environmental Protection Agency

Environmental Politics and Policy Walter A. Rosenbaum, 2016-08-01 Walter A. Rosenbaum's classic *Environmental Politics and Policy* Tenth Edition once again provides definitive coverage of environmental politics and policy lively case material and a balanced assessment of current environmental issues The first half of the book sets needed context and describes the policy process while the second half covers specific environmental issues such as air and water toxic and hazardous substances energy and a global policymaking chapter focused on climate change and transboundary politics Covering major environmental policy initiatives and controversies during President Obama's two terms and capturing the sudden and radical changes occurring in the American energy economy this Tenth Edition offers the needed currency and relevancy for any environmental politics course

The Environmental Case Judith A. Layzer, Sara R. Rinfret, 2023-06-05 Answers to environmental issues are not black and white Debates around policy are often among those with fundamentally different values and the way that problems and solutions are defined plays a central role in shaping how those values are translated into policy The *Environmental Case* captures the real world complexity of creating environmental policy and this much anticipated Sixth Edition contains 14 carefully constructed cases including a new study of the Salton Sea crisis Through her analysis Sara Rinfret continues the work of Judith Layzer and explores the background players contributing factors and outcomes of each case and gives readers insight into some of the most interesting and controversial issues in U.S. environmental policymaking

The Greening of Canada G. Bruce Doern, Thomas Conway, 1994-12-15 Environmental matters have become increasingly important in Canadian and world policy agendas In this study G. Bruce Doern and Thomas Conway trace the development of Canadian environment policy giving an in depth account of twenty years of environmental politics politicians institutions and decisions as seen through the evolution of Ottawa's policy agency Environment Canada The *Greening of Canada* is an extensively researched look at the entire period from the early 1970s to the present and is the most complete and integrated analysis yet of federal environmental institutions and key decisions From Great Lakes pollution to the Green Plan from the Stockholm Conference to the post Rio Earth Summit era the authors deal with both domestic and international events and influences on Ottawa's often abortive efforts to entrench a green agenda into national politics The book explores the crucial relationships of institutional and political power directing attention at the DOE and its parade of ministers intra cabinet battles federal provincial relations business relations and public opinion and international and Canada U.S. relations It also examines important topics from acid rain policy to the politics of establishing national parks and from the Green Plan to the realities of environmental enforcement Employing a framework cast as the double dynamic of environmental policy making the authors show the

growing struggle between the management of power among key institutions and the need to accommodate a biophysical realm characterized by increased uncertainty as well as scientific and technological controversy The Future of American Democratic Politics Nancy J. Hirschmann, Wilson McWilliams, Gordon Schochet, Jane Junn, Nelson Polsby, Jennifer Hochschild, John Hansen, Daniel Tichenor, Milton Heumann, Elizabeth Garrett, William Crotty, Alan Rosenthal, Gerald Pomper, 2003-07-21 Even before the terrorist attacks of September 11 2001 political scientists were assessing changes and continuities in the principles and practices of American democracy Recent events including the passage of the U S Patriot Act and the current debates about civil liberties versus homeland security intensify the need to examine the long term viability of democracy In this book fifteen major scholars assess the current state of American democracy offering a spirited dialogue on the future of democratic politics Contributors focus on three principles fundamental to democracy equality liberty and participation They examine these principles within the context of the basic institutions of American democracy Congress and the state legislatures the president political parties interest groups and the Supreme Court They raise questions regarding the checks and balances among formal governmental institutions with the contributors sharing concern over the fading power of the legislature and the increased power of the executive and judiciary as well as the role of political parties and interest groups Topics discussed include the incomplete mobilization of the electorate the debates over campaign finance reform and term limits the Supreme Court s activist role in the Florida recount the dangers of teledemocracy and state initiatives the separation of political participation from residential location identity politics the clash of negative and positive liberty and the prospects for personal freedom in an era of terrorist threats This timely collection covers the issues relevant to the future of American democracy today not only for lawmakers students and historians but for any concerned citizen

Environmental Policy and Politics Michael Kraft, 2015-09-25 Covering global threats such as climate change population growth and loss of biodiversity as well as national state and local problems of environmental pollution energy use and natural resource use and conservation Environmental Policy and Politics provides a comprehensive overview of U S policy making processes the legislative and administrative settings for policy decisions the role of interest groups and public opinion in environmental politics and the public policies that result It helps readers understand modern environmental policy and its implications including the need for a comprehensive and integrated approach to problem solving What Motivates Bureaucrats? Marissa Martino Golden, 2000-10-06 Political Science Quarterly *Republics Ancient and Modern, Volume III* Paul A. Rahe, 2017-10-06 First published in 1992 and now available in paperback in three volumes Paul Rahe s ambitious and provocative book bridges the gap between political theory comparative history and government and constitutional prudence Rahe challenges prevailing interpretations of ancient Greek republicanism early modern political thought and the founding of the American republic An extraordinary book It is a great achievement and will stay as a landmark The Spectator London This is the first comprehensive study of republicanism ancient and modern written for our time Harvey Mansfield Harvard

University A stunning feat of scholarship presented with uncommon grace and ease the sort of big important book that comes along a few times in a generation In an age of narrow specialists it ranges through the centuries from classical Greece to the new American Republic unfolding a coherent new interpretation of the rise of modern republicanism World class and sure to have a quite extraordinary impact Lance Banning University of Kentucky Volume I The Ancien Regime in Classical Greece Where social scientists and many ancient historians tend to follow Max Weber or Karl Marx in asserting the centrality of status or class Rahe's depiction of the illiberal martial republics of classical Hellas vindicates Aristotle's insistence on the determinative influence of the political regime and brings back to life a world in which virtue is pursued as an end politics is given primacy and socioeconomic concerns are subordinated to grand political ambition Volume II New Modes and Orders in Early Modern Political Thought Where many intellectual historians discern a revival of the classical spirit in the political speculation of the age stretching from Machiavelli to Adam Smith Rahe brings to light a self-conscious repudiation of the theory and practice of ancient self-government and an inclination to restrict the scope of politics to place greater reliance on institutions than on virtuous restraint and to give free rein to the human's capacities as a tool-making animal Volume III Inventions of Prudence Constituting the American Regime Where students of the American founding are inclined to dispute whether the Revolution was liberal republican or merely confused Rahe demonstrates that the American regime embodies an uneasy fragile and carefully worked out compromise between the enlightened despotism espoused by Thomas Hobbes and the classical republicanism defended by Pericles and Demosthenes

The Oxford Handbook of American Political History Paula Baker, Donald T. Critchlow, 2020-03-06 American political and policy history has revived since the turn of the twenty-first century After social and cultural history emerged as dominant forces to reveal the importance of class race and gender within the United States the application of this line of work to American politics and policy followed In addition social movements particularly the civil rights and feminism helped rekindle political and policy history As a result a new generation of historians turned their attention to American politics Their new approach still covers traditional subjects but more often it combines an interest in the state politics and policy with other specialties urban labor social and race among others within the history and social science disciplines The Oxford Handbook of American Political History incorporates and reflects this renaissance of American political history It not only provides a chronological framework but also illustrates fundamental political themes and debates about public policy including party systems women in politics political advertising religion and more Chapters on economy defense agriculture immigration transportation communication environment social welfare health care drugs and alcohol education and civil rights trace the development and shifts in American policy history This collection of essays by 29 distinguished scholars offers a comprehensive overview of American politics and policy

Thinking Like an Economist Elizabeth Popp Berman, 2023-08-08 Thinking like an Economist The Economic Style and Its Antecedents How to Make Government Decisions How to Govern Markets The Economic Style and Social Policy The Economic Style and

Market Governance The Economic Style and Social Regulation How the Economic Style Replaced the Democratic Left The Economic Style in the Age of Reagan Conclusion **Federalism and the Making of America** David Brian

Robertson,2017-09-14 Though Americans rarely appreciate it federalism has profoundly shaped their nation s past present and future Federalism the division of government authority between the national government and the states affects the prosperity security and daily life of every American Some of the most spectacular political conflicts in American history have been fought on the battlefield of federalism including states rights to leave the union government power to regulate business and responses to the problems of race poverty pollution abortion and gay rights In the second edition of this nuanced and comprehensive text David Brian Robertson shows that past choices shape present circumstances and that a deep understanding of American government public policy political processes and society requires an understanding of the key steps in federalism s evolution in American history New to the Second Edition Emphasizes that federalism is a battleground that shapes every life inAmerica Extensively revised and updated including new coverage of recent controversies like Ferguson immigration climate change Obamacare gay rights the minimum wage political polarization voter identification fracking and marijuana legalization Brings together the newest developments in history political science law and related disciplines to show how federalism influences government and politics today Includes chapter opening vignettes that deal with contemporary cases and policy challenges **Enforcement at the EPA** Joel A. Mintz,2012-05-10 A former EPA chief

attorney traces the tumultuous history of the agency s enforcement efforts from the Nixon through the second Bush administrations Based on 190 personal interviews with present and former enforcement officials at EPA the U S Department of Justice and key congressional staff members along with extensive research among EPA documents and secondary sources this book vividly recounts the often tumultuous history of EPA s enforcement program It also analyzes some important questions regarding EPA s institutional relationships and the Agency s working environment This revised and updated edition adds substantial new chapters examining EPA enforcement during the Clinton and George W Bush administrations Its treatment of issues of civil service decline and the applicability of captive agency theory is also new and original The first published work to treat the historical evolution of EPA enforcement this book provides a candid inside glimpse of a crucial aspect of the work of an important federal agency Explores the agency s strengths and weaknesses With insight and intimate knowledge of enforcement and compliance Mintz relates an interesting story Ecology Law Quarterly *The American*

Presidency Sidney M. Milkis,Michael Nelson,2019-02-12 The American Presidency examines the constitutional foundation of the executive office and the social economic political and international forces that have reshaped it Authors Sidney M Milkis and Michael Nelson broadly examine the influence of each president focusing on how these leaders have sought to navigate the complex and ever changing terrain of the executive office and revealing the major developments that launched the modern presidency at the dawn of the twentieth century By connecting presidential conduct to the defining eras of American

history and the larger context of politics and government in the United States this award winning book offers vital perspective and insight on the limitations and possibilities of presidential power The Eighth Edition examines recent events and developments including the latter part of the Obama presidency the 2016 election the first twenty months of the Trump presidency and updated coverage of issues involving race and the presidency *Checks in the Balance* Alexander Bolton, Sharece Thrower, 2021-12-14 Executive power in the shadow of legislative capacity Legislative capacity executive action and separation of powers Outmanned and outgunned the historical development of congressional capacity Pulling the purse strings legislative capacity and discretion Continuous watchfulness legislative capacity and oversight Presidential unilateral policy making Unilateral policy making in the U S states The future of legislative capacity **The Politics of Shale Gas in Eastern Europe** Andreas Goldthau, 2018-03-29 Fracking is a novel but contested energy technology so what makes some countries embrace it whilst others reject it This book argues that the reason for policy divergence lies in procedures and processes stakeholder inclusion and whether a strong narrative underpins governmental policies Based on a large set of primary data gathered in Poland Bulgaria and Romania it explores shale gas policies in Central Eastern Europe a region strongly dependent on Russian gas imports to unveil the importance of policy regimes for creating a social license for fracking Its findings suggest that technology transfer does not happen in a vacuum but is subject to close mutual interaction with political economic and social forces and that national energy policy is not a matter of objective policy imperatives such as Russian import dependence but a function of complex domestic dynamics pertaining to institutional procedures and processes and winners and losers *Bending the Rules* Rachel Augustine Potter, 2019-06-15 Who determines the fuel standards for our cars What about whether Plan B the morning after pill is sold at the local pharmacy Many people assume such important and controversial policy decisions originate in the halls of Congress But the choreographed actions of Congress and the president account for only a small portion of the laws created in the United States By some estimates more than ninety percent of law is created by administrative rules issued by federal agencies like the Environmental Protection Agency and the Department of Health and Human Services where unelected bureaucrats with particular policy goals and preferences respond to the incentives created by a complex procedure bound rulemaking process With *Bending the Rules* Rachel Augustine Potter shows that rulemaking is not the rote administrative activity it is commonly imagined to be but rather an intensely political activity in its own right Because rulemaking occurs in a separation of powers system bureaucrats are not free to implement their preferred policies unimpeded the president Congress and the courts can all get involved in the process often at the bidding of affected interest groups However rather than capitulating to demands bureaucrats routinely employ procedural politicking using their deep knowledge of the process to strategically insulate their proposals from political scrutiny and interference Tracing the rulemaking process from when an agency first begins working on a rule to when it completes that regulatory action Potter shows how bureaucrats use procedures to resist interference from

Congress the President and the courts at each stage of the process This exercise reveals that unelected bureaucrats wield considerable influence over the direction of public policy in the United States *What Happened to the Vital Center?* Nicholas Jacobs, Sidney Milkis, 2020-08-18 What Happened to the Vital Center demonstrates that American politics has become so rancorous because it has been unable to heal wounds opened up by Sixties era protest and institutional change While many scholars suggest that the answer to our current predicament is greater presidential power this work shows that doubling down on the myth of transcendent presidential leadership is likely to exacerbate not heal our wounds Instead the authors recommend that a reconstituted party system may once again permit political leaders to prevent the worst excesses to democracy that now routinely roil the country **Regulation in the Reagan-Bush Era** Barry D. Friedman, 2010-06-15 This timely and well researched study describes for the first time the astonishing acquiescence of executive agency officials members of Congress and federal judges to Ronald Reagan's assertion of extraordinary new presidential power over the federal regulatory process the controversial Executive Order 12291 From Harry Truman through Jimmy Carter chief executives complained that federal bureaucrats disregarded their policy preferences presidential influence over regulatory rule making was limited congressional committees and interest groups commanded more attention Then in February 1981 Ronald Reagan abruptly departed from tradition by ordering that regulatory agencies must submit proposed guidelines for Office of Management and Budget approval Barry D. Friedman describes how the executive agencies and Congress responded warily and with skepticism yet allowed the changes to remain the judiciary was also willing to retreat from time honored precedents that had preserved agency prerogative and now accorded due respect to the revolutionary Reagan reform initiatives Institutions that competed for leverage in the system continued to exercise restraint in their mutual relations because they recognized that all benefitted from the others' viability This book shows that conventional political science theories and models are now obsolete because of the eruption of presidential control into bureaucratic affairs new review procedures have restructured relations between the president and the agencies and among the government's three branches because of Reagan's radical initiative President Bill Clinton and his successors will sit at the bargaining table when regulation policy is developed in Washington and political theorists will have to work from a new conception of presidential prerogative Loss of Confidence David Brian Robertson, 2010-11-01 As the oil shortages inflation and unemployment of the 1970s disrupted American lives and the Watergate scandal rocked the presidency faith in the future of the nation and its leaders was severely damaged This volume which is the product of a unique collaboration of distinguished scholars from history and political science offers a probing analysis of the causes processes and consequences of this erosion of faith in public solutions to our country's problems At the beginning of the decade a confident American public and its leaders still embraced the government activism that was the legacy of the New Deal But grave doubts about the efficacy of public policy fueled by Watergate Vietnam stagflation energy crises and intensely controversial social policies undermined this public trust as the decade wore

on until by the end tax revolts were breaking out across the country Describing government as the problem not the solution Ronald Reagan broke with tradition to set a political and policy agenda that has been dominant ever since These experts from two disciplines bring their special insights to bear in dissecting the key developments of this decade that have transformed American politics in the last quarter of the century The contributors are Ballard C Campbell Joseph Hinchliffe J David Hoeveler Sidney M Milkis Alice O Connor Paul J Quirk David Brian Robertson and John T Woolley Like the other titles in Issues in Policy History this book reprints a special issue of The Journal of Policy History

Regulating Land and Pollution in China Benjamin van Rooij, 2006 Annotation Many of China s rivers and lakes are strongly polluted the air in cities is amongst the worst in the world while some have warned that if the country is not careful it may soon have insufficient arable land to feed its population This book looks at why the protection of natural resources through stricter legislation and more stringent law enforcement has been so difficult It does so through a combination of a local case with comparative and theoretical insights about lawmaking compliance and enforcement It offers a unique view on how law functions in the world s largest legal system and how such law interacts with the social economic and political circumstances at hand This book offers an incomparable body of empirical and theoretical knowledge for those interested in how law functions in China as well as those interested in the workings of regulatory lawmaking compliance and enforcement in a comparative perspective This title can be previewed in Google Books <http://books.google.com/books/vid/ISBN9789087280130>

Politics Of Regulatory Change A Tale Of Two Agencies Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Politics Of Regulatory Change A Tale Of Two Agencies PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and

pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Politics Of Regulatory Change A Tale Of Two Agencies PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Politics Of Regulatory Change A Tale Of Two Agencies free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Politics Of Regulatory Change A Tale Of Two Agencies Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Politics Of Regulatory Change A Tale Of Two Agencies is one of the best book in our library for free trial. We provide copy of Politics Of Regulatory Change A Tale Of Two Agencies in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Politics Of Regulatory Change A Tale Of Two Agencies. Where to download Politics Of Regulatory Change A Tale Of Two Agencies online for free? Are you looking for Politics Of Regulatory Change A Tale Of Two Agencies PDF? This is definitely going to save you time and cash in something you should think about.
