Gustafson, 1996 Contains 11 essays on four seminal thinkers from the modern Russian tradition Vladimir Soloviev 1853 1900 Pavel Florensky 1882 1937 Sergei Bulgakov 1871 1944 and Semen Frank 1877 1950 Despite their various approaches they all share the predominant dual focus of most Russian religious thought on the doctrines of Incarnation and Deification and the attendant stress on moral and social issues the philosophy of history and the relation of religion and culture Paper edition unseen 21 95 Annotation copyright by Book News Inc Portland OR **Reality and Man** Semen Liudvigovich Frank, 1966

Reality and man Semen Ljudvigovič Frank, 1965 **Reality and man: an essay in the metaphysics of human nature, tr** Semen Liudvigovich Frank, **A History of Russian Philosophy 1830-1930** G. M. Hamburg, Randall A. Poole, 2010-04-22 The great age of Russian philosophy spans the century between 1830 and 1930 from the famous Slavophile Westernizer controversy of the 1830s and 1840s through the Silver Age of Russian culture at the beginning of the twentieth century to the formation of a Russian philosophical emigration in the wake of the Russian Revolution This volume is a major history and interpretation of Russian philosophy in this period Eighteen chapters plus a substantial introduction and afterword discuss Russian philosophy's main figures schools and controversies while simultaneously pursuing a common central theme the development of a distinctive Russian tradition of philosophical humanism focused on the defence of human dignity As this volume shows the century long debate over the meaning and grounds of human dignity freedom and the just society involved thinkers of all backgrounds and positions transcending easy classification as religious or secular The debate still resonates strongly today *The Eastern Christian Tradition in Modern Russian Thought and Beyond* Teresa Obolevitch, 2022-07-18 In *The Eastern Christian Tradition in Modern Russian Thought and Beyond* Teresa Obolevitch reflects on the ontology and anthropology of neo patristic synthesis and its connection to Western philosophy with a focus on the work of Georges Florovsky and Vladimir Lossky The book also examines the concept of apophaticism in Russian philosophy in neo patristic synthesis and the thought of Semyon Frank and Lev Karsavin as well as in epistemological and cosmological comparison with process theology Additionally Obolevitch's work undertakes a comparative analysis of the reception of Russian sophiology in the West especially in the work of Thomas Merton and also considers similarities between neo patristic synthesis and Zen Buddhism in the thought of Merton and Sergey Horujy *Deification in Eastern Orthodox Theology* Emil Bartos, 2007-01-01 In recent years Eastern Orthodox thought has had an increasing influence on key aspects of contemporary Western Christian thought particularly as regards the doctrine of the Trinity and mystical spirituality However the foundations and fundamental presuppositions of Eastern Christianity's theological system have remained largely unstudied and thus unknown in the West In this important study Emil Bartos examines the doctrine of deification which provides the conceptual basis for the way Staniloae and other Orthodox theologians understand the major doctrines of the Christian faith

The idea that God became man that man might become God sounds almost heretical to many Western ears yet this affirmation is repeated countless times in the writings of the Eastern Fathers Beginning with the apophaticism that lies at the heart of Eastern theology Bartos examines each of the key doctrines of anthropology christology soteriology and ecclesiology as they relate to deification in Staniloae s thought Bartos study represents not merely a contribution to contemporary dialogue between Eastern and Western theologians but also a much needed introduction to an aspect of Christian thought down the centuries that is largely neglected in the Christian West

Reality and Man; An Essay in the Metaphysics of Human Nature. Translated From the Russian by Natalie Duddington, With a Pref. by A.M. Allchin Semen

Liūdvigovich Frank, 1965 *Nicaea and the Future of Christianity* George E. Demacopoulos, Aristotle

Papanikolaou, 2025-07-01 Commemorating the 1700th anniversary of the Council of Nicaea this volume offers an original examination of the enduring impact of the single most famous gathering of Christians since the apostolic age Despite the longstanding historical and theological study of the Council of Nicaea several central questions remain Was Nicaea a theological event or a political one What does it mean if it was both Was Constantine s intervention without precedent or was he simply continuing a long standing role of a Roman emperor who was responsible for leading a religious cult albeit now for a different faith tradition And what about the actual theological debates of Nicaea and our ability to understand them Scholars might never exhaust this avenue of inquiry despite the numerous studies in recent decades For many scholars and Christian activists today the significance of Nicaea centers around the idea of conciliarity and what this has meant both historically and theologically for the Christian community Why and how did Nicaea become foundational for thinking that the church operates in a conciliar manner How did that work historically in different parts of the Christian world And how should it work today Nicaea and the Future of Christianity offers a fresh globally diverse ecumenically minded approach to these questions with an impressive collection of both senior and junior scholars reflecting a diversity of views within the Orthodox Catholic and Protestant traditions The great benefit of this wide ranging approach lies precisely in its ability to see the many ways in which Nicaea continues to speak to the future of Christianity
