Reality Fictions Romance History And Governmental Authority 1025 1180:

An Empire of Memory Matthew Gabriele, 2011-03-24 Beginning shortly after Charlemagne's death in 814 the inhabitants of his historical empire looked back upon his reign and saw in it an exemplar of Christian universality Christendom They mapped contemporary Christendom onto the past and so during the ninth tenth and eleventh centuries the borders of his empire grew with each retelling almost always including the Christian East Although the pull of Jerusalem on the West seems to have been strong during the eleventh century it had a more limited effect on the Charlemagne legend Instead the legend grew during this period because of a peculiar fusion of ideas carried forward from the ninth century but filtered through the social cultural and intellectual developments of the intervening years Paradoxically Charlemagne became less important to the Charlemagne legend The legend became a story about the Frankish people who believed they had held God's favour under Charlemagne and held out hope that they could one day reclaim their special place in sacred history Indeed popular versions of the Last Emperor legend which spoke of a great ruler who would reunite Christendom in preparation for the last battle between good and evil promised just this to the Franks Ideas of empire identity and Christian religious violence were potent reagents The mixture of these ideas could remind men of their Frankishness and move them for example to take up arms march to the East and reclaim their place as defenders of the faith during the First Crusade

An Empire of Memory uses the legend of Charlemagne an often overlooked current in early medieval thought to look at how the contours of the relationship between East and West moved across centuries particularly in the period leading up to the First Crusade

Marriage, Property, and Women's Narratives S. Livingston, 2012-04-23 An interdisciplinary approach to the study of women and property combining literature history and economics By looking at women's marriage narratives over a long period of time the book reveals the deep discontent with the institution of property ownership as a unifying thread from the Middle Ages up through the twentieth century

The Arthur of Medieval Latin Literature, 2011-03-15 King Arthur is arguably the most recognizable literary hero of the European Middle Ages His stories survive in many genres and many languages but while scholars and enthusiasts alike know something of his roots in Geoffrey of Monmouth's Latin *History of the Kings of Britain* most are unaware that there was a Latin Arthurian tradition which extended beyond Geoffrey This collection of essays will highlight different aspects of that tradition allowing readers to see the well known and the obscure as part of a larger often coherent whole These Latin literate scholars were as interested as their vernacular counterparts in the origins and stories of Britain's greatest heroes and they made their own significant contributions to his myth

Writing the North of England in the Middle Ages Joseph Taylor, 2022-12-22 Writing the North of England in the Middle Ages offers a literary history of the North South divide examining the complexities of the relationship imaginative material and political between North and South in a wide range of texts Through sustained analysis of the North South divide as it emerges in the literature of medieval England this study illustrates the convoluted dynamic of desire and derision of the

North by the rest of country Joseph Taylor dissects England's problematic sense of nationhood as one which must be negotiated and renegotiated from within rather than beyond national borders Providing fresh readings of texts such as Chaucer's Canterbury Tales the fifteenth century Robin Hood ballads and the Towneley plays this book argues for the North's vital contribution to processes of imagining nation in the Middle Ages and shows that that regionalism is both contained within and constitutive of its apparent opposite nationalism

A Companion to Geoffrey of Monmouth, 2020-08-10 A Companion to Geoffrey of Monmouth brings together scholars from a range of disciplines to provide an updated scholarly introduction to all aspects of his work Arguably the most influential secular writer of medieval Britain Geoffrey d 1154 popularized Arthurian literature and left an indelible mark on European romance history and genealogy Despite this outsized influence Geoffrey's own life background and motivations are little understood The volume situates his life and works within their immediate historical context and frames them within current critical discussion across the humanities By necessity this volume concentrates primarily on Geoffrey's own life and times with the reception of his works covered by a series of short encyclopaedic overviews organized by language that serve as guides to further reading Contributors are Jean Blacker Elizabeth Bryan Thomas H Crofts Si n Echard Fabrizio De Falco Michael Faletra Ben Guy Santiago Gutierrez Garc a Nahir I Ota o Gracia Paloma Gracia Georgia Henley David F Johnson Owain Wyn Jones Maud Burnett McInerney Fran oise Le Saux Barry Lewis Coral Lumbley Simon Meecham Jones Paul Russell Victoria Shirley Joshua Byron Smith Jaakko Tahkokallio H l ne Trel Rebecca Thomas Fiona Tolhurst

Orderic Vitalis Charles C. Rozier, Daniel Roach, Giles Edward Murray Gasper, Elizabeth van Houts, 2016 First full length collection on one of the most significant and influential historians of the medieval period

Epic, Epitome, and the Early Modern Historical Imagination Dr Chloe Wheatley, 2013-05-28 In early modern England epitomes texts promising to pare down abridge or sum up the essence of their authoritative sources provided readers with key historical knowledge without the bulk expense or time commitment demanded by greater volumes Epic poets in turn addressed the habits of reading and thinking that for better and for worse were popularized by the publication of predigested works Analyzing popular texts such as chronicle summaries abridgements of sacred epic and abstracts of civil war debate Chloe Wheatley charts the efflorescence of a lively early modern epitome culture and demonstrates its impact upon Edmund Spenser's The Faerie Queene Abraham Cowley's Davideis and John Milton's Paradise Lost Clearly and elegantly written this new study presents fresh insight into how poets adapted an important epic convention the representation of the hero's confrontation with summaries of past and future to reflect contemporary trends in early modern history writing

Blood Libel Hannah Johnson, 2021-03-11 The first book investigating the recent historiography of the ritual murder accusation

Raymond Chandler, Romantic Ideology, and the Cultural Politics of Chivalry Anthony Dean Rizzuto, 2021-12-03 Raymond Chandler Romantic Ideology and the Cultural Politics of Chivalry responds to the general consensus that Philip Marlowe represents a chivalric knight out of romance The book argues that this commonplace

reading requires a stunningly rosy rewriting of Marlowe knighthood chivalry and romance The book offers a history of the cultural politics of chivalry from the Middle Ages through British Romanticism to the modern United States exposing the elitism violent masculinism racism and ethno national othering harbored within Rizzuto also considers the survival of the chivalric ideology after World War I and argues that the narrative of the Great War destroying chivalry rewrites the ghastly history of warfare Touching on Chandler throughout these cultural histories the book then directly confronts the question of knighthood and romance in the Marlowe novels Rizzuto identifies an explicit rejection of romance in the service of hardboiled gender class and genre norms including a seldom remarked pattern of violence against women and sexual assault The volume concludes by offering some ideas about Chandler s motivations and the reception of the Marlowe novels

England in Europe Elizabeth Muir Tyler, 2017-05-08 In *England in Europe* Elizabeth Tyler focuses on two histories the *Encomium Emmae Reginae* written for Emma the wife of the thelred II and Cnut and *The Life of King Edward* written for Edith the wife of Edward the Confessor Tyler offers a bold literary and historical analysis of both texts and reveals how the two queens actively engaged in the patronage of history writing and poetry to exercise their royal authority Tyler s innovative combination of attention to intertextuality and regard for social networks emphasizes the role of women at the centre of Anglo Saxon and Anglo Norman court literature In doing so she argues that both Emma and Edith s negotiation of conquests and factionalism created powerful models of queenly patronage that were subsequently adopted by individuals such as Queen Margaret of Scotland Countess Adela of Blois Queen Edith Matilda and Queen Adeliza *England in Europe* sheds new light on the connections between English French and Flemish history writing and poetry and illustrates the key role Anglo Saxon literary culture played in European literature long after 1066
