This book is for university students with at least a mid-intermediate level of English. It is designed both for self-study and also as a support for a course on academic communication. It can thus be used alongside the companion volumes *Writing an Academic Paper in English* and *Giving an Academic Presentation in English*. The book focuses only on those areas that are either the most commonly found in academic communication and/or cause the most problems. It is thus considerably more accessible than a traditional grammar or style guide. Grammar coverage includes articles, the countable vs. uncountable nouns, modal verbs, can, may, could, might, comparisons, present and past tenses, link words, prepositions, and verbs that cause grammatical difficulties. There is a strong focus on those elements that make a paper more readable and a presentation more accessible and memorable: clarity and empathy, sentence length, word order, and punctuation. There are chapters on two key areas of communication in academia: writing emails to editors, drafting a CV/resume. The book is laid out simply with short explanations and lots of example sentences plus typical mistakes. Other books in the series: *Writing an Academic Paper in English*, *Giving an Academic Presentation in English*. Adrian Wallwork is the author of more than 40 ELT and EAP textbooks. He has trained several thousand PhD students and researchers from around 50 countries to write research papers and give presentations. He is also the co-founder of e4ac.com, an editing agency for non-native English speaking researchers. *Essential Japanese Grammar* E. F. Bleiler, 2012-06-07. Although not a member of the Indo-European language family, Japanese is not too difficult grammatically for an English speaker. It is astonishingly regular in its formations; exceptions and irregularities can usually be numbered on one's fingers, and once the student masters a few conventions of linguistic classifications of experience, he will find that he can express most of his wants. This is the first Japanese grammar written for the adult with a limited objective in studying Japanese: to express oneself orally with reasonable accuracy, to understand simple material addressed to oneself, and to be able to analyze, understand, and enlarge material in a phrase approach. The author has limited this book to modern colloquial Japanese and does not overburden the student with literary language, rarely used alternate forms, unnecessary abrupt forms, causatives, and direct conditionals, and similar forms that might be required for a full knowledge of the written

language On the other hand this book is not simplified Japanese nor baby Japanese nor kitchen Japanese It is the full idiomatic language with thorough treatments of the material you really need the noun pronoun adjective demonstrative words adverb verb negative forms Chinese forms courtesy and honorific forms idiomatic constructions word order relationship of ideas syntax etc Emphasis has been placed upon clarity of exposition so that the English speaking reader can understand what is really happening in Japanese even if he has never studied any foreign language before For this reason explanation rather than brute memory work is stressed examples are given for all constructions and both word for word and free translations are given to acquaint the reader with thought processes Hints are given on avoiding difficult constructions Japanese is presented in the Romaji transliteration which can be read at sight Characters are not used Essential English Grammar: Teach Yourself Brigitte Edelston,Ron Simpson,2010-08-27 Essential English Grammar is packed with easy to follow explanations and summaries practical tips on how to avoid common grammar mistakes interesting facts about the historical and regional use of English and a special section on punctuation This clear straightforward guide to modern English grammar will help you to improve your knowledge of the language and perfect your grammar NOT GOT MUCH TIME One five and ten minute introductions to key principles to get you started AUTHOR INSIGHTS Lots of instant help with common problems and quick tips for success based on the author s many years of experience TEST YOURSELF Tests in the book and online to keep track of your progress EXTEND YOUR KNOWLEDGE Extra online articles at www.teachyourself.com to give you a richer understanding of English grammar FIVE THINGS TO REMEMBER Quick refreshers to help you remember the key facts TRY THIS Innovative exercises illustrate what you ve learnt and how to use it **Essential Basic, Intermediate and Advanced Grammar and Composition In English-Dutch** Nam H Nguyen,2018-03-01 Essential Basic Intermediate and Advanced Engels Nederlands Grammatica en Compositie voor het uitleggen van alles van de basiszinstructuur tot de fijne punten van de grammatica met oefeningen Dit eBook helpt je om effectiever te communiceren en de juiste indruk te maken en het zal zeer nuttig zijn voor iedereen thuis op school studenten reizen docenten tolken en Engels leren Essential Basic Intermediate and Advanced English Dutch Grammar and Composition for explaining everything from basic sentence structure to the finer points of grammar with exercises This eBook will help you to communicate more effectively and make the right impression every time and it will be very useful for everyone home school students travel teachers interpreting and learning English **Essential Basic, Intermediate and Advanced Grammar and Composition In English-Filipino** Nam H Nguyen,2018-03-01 Essential Basic Intermediate and Advanced English Filipino Grammar and Composition for explaining everything from basic sentence structure to the finer points of grammar with exercises This eBook will help you to communicate more effectively and make the right impression every time and it will be very useful for everyone home school students travel teachers interpreting and learning English Essential Basic Intermediate and Advanced ingles Filipino Grammar and Composition para sa pagpapaliwanag ng lahat ng bagay mula sa pangunahing
