Reason Over Passion Harriet Martineau And The Novel

Stuart Hobday

Reason Over Passion Harriet Martineau And The Novel:

Harriet Martineau and the Birth of Disciplines Valerie Sanders, Gaby Weiner, 2016-07-15 One of the foremost writers of her time Harriet Martineau established her reputation by writing a hugely successful series of fictional tales on political economy whose wide readership included the young Queen Victoria She went on to write fiction and nonfiction books articles and pamphlets popular travel books and more insightful analyses Martineau wrote in the middle decades of the nineteenth century at a time when new disciplines and areas of knowledge were being established Bringing together scholars of literature history economics and sociology this volume demonstrates the scope of Martineau's writing and its importance to nineteenth century politics and culture Reflecting Martineau's prodigious achievements the essays explore her influence on the emerging fields of sociology history education science economics childhood the status of women disability studies journalism travel writing life writing and letter writing As a woman contesting Victorian patriarchal relations Martineau was controversial in her own lifetime and has still not received the recognition that is due her This wide ranging collection confirms her place as one of the leading intellectuals cultural theorists and commentators of the nineteenth century

Encounters With Harriet Martineau Stuart Hobday, 2017-08-01 A champion of women's rights racial equality scientific progress economic fairness and cooperatives Harriet Martineau's popular and influential writing on political and economic issues led to fame across Europe and America in the 1830s The first female journalist and a founder of sociology she was a pioneer amongst pioneers Martineau influenced Charles Darwin George Eliot Charles Dickens Charlotte Bronte Florence Nightingale Josephine Butler and many others Her encounters with figures such as these reverberate even today She was truly a woman ahead of her time

Harriet Martineau Michael R. Hill, Susan Hoecker-Drysdale, 2014-05-01 The Essays in this volume explore the work of Harriet Martineau from a sociological perspective highlighting her theoretical contributions in the areas of the sociology of labor gender and political economy The contributors each offer a contextual theoretical and methodological assessment of her work beginning with the opportunities and challenges of utilizing Martineau pedagogically in the sociology classroom

Novel Approaches to Anthropology Marilyn Cohen, 2013-09-05 This volume of interdisciplinary essays reflects current contributions to literary anthropology Novel Approaches to Anthropology Contributions to Literary Anthropology showcases the myriad ways that anthropologists bring their disciplinary perspectives theories concepts and pedagogical strategies to interpreting fiction and travel writing written in the past and present The authors integrate insights from the reflexive deconstructive turn in anthropology and from critical Marxist and feminist approaches that ground interpretation in the political economic and social constraints and experiences of everyday life The contributors share the view that fiction like all artistic expression is rooted in specific historical and cultural contexts Literature like all artistic expression stimulates a critical imagination by allowing readers to take a fresh look at their own society and culture

Victorian Pain Rachel Ablow, 2020-06-09 The nineteenth century introduced developments in science

and medicine that made the eradication of pain conceivable for the first time This new understanding of pain brought with it a complex set of moral and philosophical dilemmas If pain serves no obvious purpose how do we reconcile its existence with a well ordered universe Examining how writers of the day engaged with such questions Victorian Pain offers a compelling new literary and philosophical history of modern pain Rachel Ablow provides close readings of novelists Charlotte Bront and Thomas Hardy and political and natural philosophers John Stuart Mill Harriet Martineau and Charles Darwin as well as a variety of medical scientific and popular writers of the Victorian age She explores how discussions of pain served as investigations into the status of persons and the nature and parameters of social life No longer conceivable as divine trial or punishment pain in the nineteenth century came to seem instead like a historical accident suggesting little or nothing about the individual who suffers A landmark study of Victorian literature and the history of pain Victorian Pain shows how these writers came to see pain as a social as well as a personal problem Rather than simply self evident to the sufferer and unknowable to anyone else pain was also understood to be produced between persons and even perhaps by the fictions they read

Sociological Theory Beyond the Canon Syed Farid Alatas,Vineeta Sinha,2017-05-27 This book expands the sociological canon by introducing non Western and female voices and subjects the existing canon itself to critique Including chapters on both the founding fathers of sociology and neglected thinkers it highlights the biases of Eurocentrism and androcentrism while also offering much needed correctives to them The authors challenge a dominant account of the development of sociological theory which would have us believe that it was only Western European and later North American white males in the nineteenth and early twentieth century who thought in a creative and systematic manner about the origins and nature of the emerging modernity of their time This integrated and contextualised account seeks to restructure the ways in which we theorise the emergence of the classical sociological canon This book s global scope fills a significant lacuna and provides a unique teaching resource to students of classical sociological theory

Family Likeness Mary Jean Corbett,2011-03-15 In nineteenth century England marriage between first cousins was both legally permitted and perfectly acceptable After mid century laws did not explicitly penalize sexual relationships between parents and children between siblings or between grandparents and grandchildren But for a widower to marry his deceased wife s sister was illegal on the grounds that it constituted incest That these laws and the mores they reflect strike us today as wrongheaded indicates how much ideas about kinship marriage and incest have changed In *Family Likeness* Mary Jean Corbett shows how the domestic fiction of novelists including Jane Austen Charlotte Bront George Eliot Elizabeth Gaskell and Virginia Woolf reflected the shifting boundaries of family and even helped refine those borders Corbett takes up historically contingent and culturally variable notions of who is and is not a relative and whom one can and cannot marry Her argument is informed by legal and political debates texts in sociology and anthropology and discussions on the biology of heredity breeding and eugenics In Corbett s view marriage within families between cousins in laws or adoptees offered Victorian women both real and fictional

an attractive alternative to romance with a stranger not least because it allowed them to maintain and strengthen relations with other women within the family

Reading Victorian Illustration, 1855-1875 Paul Goldman, 2016-04-01 In a reevaluation of that period in Victorian illustration known as The Sixties a distinguished group of international scholars consider the impact of illustration on the act of reading its capacity to reflect construct critique and challenge its audience s values its response to older graphic traditions and its assimilation of foreign influences While focused on the years 1855 to 1875 the essays take up issues related to the earlier part of the nineteenth century and look forward to subsequent developments in illustration The contributors examine significant figures such as Ford Madox Brown Frederick Sandys John Everett Millais George John Pinwell and Hablot Knight Browne in connection with the illustrated magazine the mid Victorian gift book and changing visual responses to the novels of Dickens Engaging with a number of theories and critical debates the collection offers a detailed and provocative analysis of the nature of illustration its production consumption and place within the broader contexts of mid Victorian culture

Thinking Through Style Michael D. Hurley, Marcus Waithe, 2018-01-05 What is style and how does it relate to thought in language It has often been treated as something merely linguistic independent of thought ornamental stylishness for its own sake Or else it has been said to subserve thought by mimicking delineating or heightening ideas that are already expressed in the words This ambitious and timely book explores a third more radical possibility in which style operates as a verbal mode of thinking through Rather than figure thought as primary and pre verbal and language as a secondary delivery system style is conceived here as having the capacity to clarify or generate thinking The book s generic focus is on non fiction prose and it looks across the long nineteenth century Leading scholars survey twenty authors to show where writers who have gained reputations as either stylists or as thinkers exploit the interplay between the what and the how of their prose The study demonstrates how celebrated stylists might after all have thoughts worth attending to and that distinguished thinkers might be enriched for us if we paid more due to their style More than reversing the conventional categories this innovative volume shows how style and thinking can be approached as a shared concern At a moment when especially in nineteenth century studies interest in style is re emerging this book reevaluates some of the most influential figures of that age re imagining the possible alliances interplays and generative tensions between thinking thinkers style and stylists

Reader's Guide to Literature in English Mark Hawkins-Dady, 2012-12-06 Reader s Guide Literature in English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study
