Reason Romanticism And Revolution Volume Two:

Cosmopolitan Elites and the Making of Globality Leonie Wolters, 2024-01-11 As ideologies such as communism fascism and various nationalisms vied for global domination during the first half of the 20th century this book shows how a specific group of individuals a cosmopolitan elite became representatives of those ideologies the world over Centering on the Indian intellectual M N Roy *Cosmopolitan Elites and the Making of Globality* situates his life within various social circles that covered several ideological realms and continents An example of an individual who represented ideologies such as anticolonial nationalism communism and humanism Roy is identified as unusual but by no means singular in this capacity and shows how other elites were similarly able to represent ideologies that sought to make the world anew This book explores how Roy and his peers and competitors became a political elite as they cultivated a cosmopolitan reputation that meant they were taken seriously even when speaking of regions outside of their own By considering the social and performative practices that turned them into credible global cosmopolitans Wolters uncovers the exclusive basis on which the universal claims of world changing ideologies were made **Encyclopaedia of Eminent Thinkers** Kuduva Swamy Bharathi, 1998

M.N. Roy M. N. Roy, 2010-10-04 When humanism was first receiving widespread public attention in the West through such publications as *The Humanist Manifesto* in 1933 unbeknownst to most Westerners humanism was proceeding on a parallel track in India largely due to the efforts of philosopher and political activist M N Roy 1887 1954 Sadly it wasn't until the early fifties at the end of Roy's life that European humanists began to notice his work To rectify the unfortunate neglect in the West of one of India's premier intellectuals philosopher Innaiah Narisetti has compiled this new collection of Roy's most significant works Roy conceived of humanism as a scientific integral and radically new worldview Among many interesting selections in this volume Roy's *Principles of Radical Democracy* 22 Theses is especially representative of his thinking Here he emphasized ethics and eschewed supernatural interpretations as antithetical to his scientifically oriented conception of new humanism He also underscored the importance of universal education to make average people scientifically literate and to teach them critical thinking Roy was not only a thinker but a doer as well He spent six years in an Indian prison during the 1930s for opposing the British rule of India For humanists philosophers political scientists and others M N Roy's unique and still very relevant view of humanism will have great appeal and broad application beyond its original Indian context *Political Philosophy Of M.N. Roy*, Nta Ugc Net/Jrf/Set Paper 2 Political Science 27 Solved Papers (2012-2021) and 10 Practice Sets Team Prabhat, 2022-04-05 NTA UGC NET JRF SET Paper 2 Political Science 27 Solved Papers 2012 2021 And 10 Practice Sets by Team Prabhat Prepare for the National Eligibility Test NET Junior Research Fellowship JRF and State Eligibility Test SET in Political Science with this comprehensive guide by Team Prabhat The book features solved papers from 2012 to 2021 offering insight into the exam pattern and types of questions Additionally the 10 practice sets provide ample opportunities for candidates to assess their knowledge and enhance their exam readiness

The Journal of the Indian Academy of Philosophy Indian Academy of Philosophy,1995 Modern Indian Political Thought Bidyut Chakrabarty,Rajendra K. Pandey,2023-09-29 This book is an unconventional articulation of the political thinking in India in a refreshingly creative manner in more than one way Empirically the book becomes innovative by providing an analytically more grasping contextual interpretation of Indian political thought that evolved during the nationalist struggle against colonialism Insightfully it attempts to unearth the hitherto unexplored yet vital subaltern strands of political thinking in India as manifested through the mode of numerous significant socio economic movements operating side by side and sometimes as part of the mainstream nationalist movement This book articulates the main currents of Indian political thought by locating the text and themes of the thinkers within the socio economic and politico cultural contexts in which such ideas were conceptualised and articulated The book also tries to analytically grasp the influences of the various British constitutional devices that appeared as the responses of the colonial government to redress the genuine socio economic grievances of the various sections of Indian society The book breaks new ground in not only articulating the main currents of Indian political thought in an analytically more sound approach of context driven discussion but also provokes new research in the field by charting a new course in grasping and articulating the political thought in India This volume will be useful to the students researchers and faculty working in the fields of political science political sociology political economy and post colonial contemporary Indian politics in particular It will also be an invaluable and interesting reading for those interested in South Asian studies

Church History, Volume Two: From Pre-Reformation to the Present Day John D. Woodbridge, Frank A. James III, 2013-08-08 Church History Volume Two chronicles the events the triumphs and the struggles of the Christian movement from the years leading up to the Reformation through the next five centuries to the present day Looking closely at the integral link between the history of the world and that of the church Church History paints a portrait of God s people within the context of the times cultures and developments that both influenced and were influenced by the church FEATURES Maps charts and illustrations spanning the time from the thirteenth century to today Explanations of all the major denominational movements traditions and schisms

during and after the Reformation Overviews of the Christian movement in Africa eastern Europe Asia and Latin America to cover the scope of the ecumenical environment of the twenty first century Insights into the role and influence of politics culture and societal norms and technology on the Western church Unbiased details on the major theological controversies and issues of each period AUTHORS PERSPECTIVE Authors John D Woodbridge and Frank A James III wrote this history of the church from the perspective that such a history is the story of the greatest movement and community the world has known as imperfect as it still is It s a human story of a divinely called people who want to live by a divine revelation It s a story of how they succeeded and how they failed and of how they are still trying to live out their calling From the Reformation theologians in Europe to the revivalists apologists and Christian thinkers all over the world the historical figures detailed are people who have struggled with the meaning of the greatest event in history the coming of the Son of God and with their role in that event and in the lives of God s people M. N. Roy Kris Manjapra,2020-11-29 This is a work of South Asian intellectual history written from a transnational perspective and based on the life and work of M N Roy one of India s most formidable Marxist intellectuals Swadeshi revolutionary co founder of the Mexican Communist Party member of the Communist International Presidium and a major force in the rise of Indian communism M N Roy was a colonial cosmopolitan icon of the interwar years Exploring the intellectual production of this important thinker this book traces the historical context of his ideas from 19th century Bengal to Weimar Germany through the tumultuous period of world politics in the 1930s and 1940s and on to post Independence India In this book the author makes a number of valuable theoretical contributions He argues for the importance of conceiving the deterritorial zones of thought and action through which Indian anti colonial political thought operated and advances a new periodisation for Swadeshi on this basis He also argues against viewing international communism of the 1920s as a single monolith by highlighting the fractures and contestations that influenced colonial politics worldwide A fresh and insightful perspective on the history of India in the interwar years this book will be of great interest to scholars and students of the modern history of South and East Asia America and Europe and to those interested in anti colonial struggles Communist politics and trajectories of Marxist thought in the 20th century

Political Legacy of Plato and Aristotle R.K. Mishra, M.A,2024-07-07 The political legacy of Plato and Aristotle is one of the greatest intellectual legacies left by an ancient civilisation for posterity The problems of politics and political science are incomprehensible without some Platonic and Aristotelian background Modern political philosophy is nothing but a commentary on the political ideas of Plato and Aristotle Without a Platonic and Aristotelian background even the first letter of politics cannot be understood For very little if at all has been said that is new after Plato and Aristotle in the history of political thought This book deals with the political ideas of Plato and Aristotle from a near and most modern angle The chapters have been selected methodically so that a comparative study of the two philosophers becomes easy for students The occasional comparison of the philosophers ideas with that of Marx Laski Nehru and with ancient Indian concepts is certainly
