Infidels and the Damn Churches Lynne Marks, 2017-06-09 British Columbia is at the forefront of a secularizing movement in the English speaking world Nearly half its residents claim no religious affiliation and the province has the highest rate of unbelief or religious indifference in Canada Infidels and the Damn Churches explores the historical roots of this phenomenon from the 1880s to the First World War Lynne Marks reveals that class and racial tensions fuelled irreligion in a world populated by embattled ministers militant atheists turn of the century New Agers rough living miners Asian immigrants and church going settler women White working class men often arrived in the province alone and identified the church with their exploitative employers At the same time BC's anti Asian and anti Indigenous racism meant that their whiteness alone could define them as respectable without the need for church affiliation Consequently although Christianity retained major social power elsewhere many people in BC found the freedom to forgo church attendance or espouse atheist views This nuanced study of mobility gender masculinity and family in settler BC offers new insights into BC's distinctive culture and into the beginnings of what has become an increasingly dominant secular worldview across Canada

A Long Way to Paradise Robert A.J. McDonald, 2021-10-15 The political landscape of British Columbia has been characterized by divisiveness since Confederation As outsized personalities from Amor De Cosmos to W A C Bennett dominated the halls of power militant radicals and reformers took to the streets and hustings A Long Way to Paradise traces the evolution of political ideas from 1871 to 1972 to explore British Columbia's journey to socio political maturity answering both why and how British Columbia became Canada's most fractious province Robert McDonald explains its classic left right divide as a product of common sense liberalism that also shaped how British Columbians met the challenges of a modernizing world McDonald tackles key questions Why were the Liberal and Conservative parties obliterated in the 1950s What can account for Bennett's decades long reign And why did parties as diametrically opposed as Social Credit and the NDP succeed This lively overview provides fresh insight into the fascinating story of provincial politics

in Canada's lotus land When Coal Was King John Hinde, 2011-11-01 The town of Ladysmith was one of the most important coal mining communities on Vancouver Island during the early twentieth century. The Ladysmith miners had a reputation for radicalism and militancy and engaged in bitter struggles for union recognition and economic justice, most notably the Great Strike of 1912-14. This strike, one of the longest and most violent labour disputes in Canadian history, marked a watershed in the history of the town and the coal industry. This book explains the origins of the 1912-14 strike by examining the development of the coal industry on Vancouver Island, the founding of Ladysmith, the experience of work and safety in the mines, the process of political and economic mobilization, and how these factors contributed to the development of identity and community. While the Vancouver Island coal industry and the strike have been the focus of a number of popular histories, this book goes beyond to emphasize the importance of class, ethnicity, gender, and community in creating the conditions for the emergence and mobilization of the working class population. Informed by current academic debates on the matter and within the discipline, this readable history takes into account extensive archival research and will appeal to historians and others interested in the history of Vancouver Island.

Riding to the Rescue Steve Hewitt, 2006-12-15 The Mountie may be one of Canada's best known national symbols, yet much of the post-nineteenth century history of the Royal Canadian Mounted Police remains unexamined, particularly the period between 1914 and 1939 when the RCMP underwent enormous transformation. The nature of this transformation, as it took place in Alberta and Saskatchewan where the Mounties have traditionally dominated policing, is the focus of Steve Hewitt's *Riding to the Rescue*. During the 1914 to 1939 period, the nineteenth century model of the RCMP was evolving into a twentieth century version, and the institution that emerged responded to a nation that was being transformed as well. Forces such as industrialization, mass immigration, urbanization, and political radicalism compelled the Mounties to look away from the frontier and toward a new era. Incorporating previously classified material, which explores the RCMP both in the context of its ordinary policing role and in its work as Canada's domestic spy agency, Hewitt demonstrates how much of the impetus behind the RCMP's transformation was ensuring its own survival and continued relevance. *Riding to the Rescue* is a provocative and incisive look behind one of Canada's most enduring icons at the cusp of the modern era.

Spying on Canadians Gregory S. Kealey, 2017-01-01 Award-winning author Gregory S. Kealey's study of Canada's security and intelligence community before the end of World War II depicts a nation caught up in the Red Scare in the aftermath of the Bolshevik Revolution and tangled up with the imperial interests of first the United Kingdom and then the United States. *Spying on Canadians* brings together over twenty-five years of research and writing about political policing in Canada. Through its use of the Dominion Police and later the RCMP, Canada repressed the labour movement and the political left in defense of capital. The collection focuses on three themes: the nineteenth century roots of political policing in Canada; the development of a national security system in the twentieth century; and the ongoing challenges associated with research in this area, owing to state secrecy and the inadequacies of access to information.

legislation This timely collection alerts all Canadians to the need for the vigilant defence of civil liberties and human rights in the face of the ever increasing intrusion of the state into our private lives in the name of countersubversion and counterterrorism

Hobohemia and the Crucifixion Machine Todd McCallum, 2014-12-28 In the early years of the Great Depression thousands of unemployed homeless transients settled into Vancouver's hobo jungle The jungle operated as a distinct community in which goods were exchanged and shared directly without benefit of currency The organization of life was immediate and consensual conducted in the absence of capital accumulation But as the transients moved from the jungles to the city they made innumerable demands on Vancouver's Relief Department consuming financial resources at a rate that threatened the city with bankruptcy In response the municipality instituted a card control system no longer offering relief recipients currency to do with as they chose It also implemented new investigative and assessment procedures including office spies to weed out organizational inefficiencies McCallum argues that threatened by this ungovernable society Vancouver's Relief Department employed Fordist management methods that ultimately stripped the transients of their individuality Vancouver's municipal government entered into contractual relationships with dozens of private businesses tendering bids for meals in much the same fashion as for printing jobs and construction projects As a result entrepreneurs clamoured to get their share of the state spending With the emergence of work relief camps the provincial government harnessed the only currency that homeless men possessed their muscle This new form of unfree labour aided the province in developing its tourist driven image economy as well as facilitating the transportation of natural resources and manufactured goods It also led eventually to the most significant protest movement of 1930s Canada the On to Ottawa Trek Hobohemia and the Crucifixion Machine explores the connections between the history of transiency and that of Fordism offering a new interpretation of the economic and political crises that wracked Canada in the early years of the Great Depression
