Rebirth Of America People Power And The Constitution:

The Rebirth of America Loran E. Coppoc, 2000 This book covers the problems facing America today the concerns that are discussed daily on Main Street and in public forums Citizens should be made aware they are free to exercise their constitutional authority to amend the Constitution No doubt the central government will do everything to thwart constitutional action by the people but it will be powerless against us just as the Communist leaders in the Soviet Union were ultimately powerless against the Russian people The founders gave us a Constitution and a Declaration of Independence which together gives America the authority as Thomas Jefferson said to secure those rights Governments are instituted among men deriving their just Powers from the Consent of the Governed that whenever any Form of Government becomes destructive of these Ends it is the Right of the People to alter or to abolish it and to institute a new Government laying its Foundation on such Principles and organizing its Powers in such Form as to them shall seem most likely to effect their Safety and Happiness America has far more problems today than the Colonies had in 1787 when the founders wrote a Constitution that was unique in the history of world governments They knew all governments were evil that their power must be restricted to national defense and very little else This book addresses these issues in light of the power of the people implicit in the U S Constitution

Operation REBIRTH AMERICA Second Edition America Publications, 2007-09 **Nebraska**, 2004 **A True History of the United States** Daniel A. Sjursen, 2021-06-01 A US Army veteran and West Point history professor delivers a must read for anyone seeking a firm grasp of accurate American history Kirkus A US history study guide like no other offers profound insights and challenges the standard US history narrative Roxanne Dunbar Ortiz In this brilliant readable and raw revisionist history Major ret Danny Sjursen challenges us to think critically of our understanding of our nation s past and present so we can view American history as never before A True History of the United States was inspired by a course Sjursen taught to cadets at West Point his alma mater Sjursen s powerful storytelling and meticulous research reveals balanced portraits of key historical figures while bringing to light those who struggled in the shadows The perfect companion to Howard Zinn s A People s History of the United States A True History is essential reading for every American with a conscience

The American Revolution Reborn Patrick Spero, Michael Zuckerman, 2016-11-25 The American Revolution Reborn parts company with the American Revolution of our popular imagination and renders it as a time of intense ambiguity and frightening contingency With an introduction by Spero and a conclusion by Zuckerman this volume heralds a substantial and revelatory rebirth in the study of the American Revolution *The Great Turning* David C. Korten, 2007-10-22 David Korten s classic bestseller When Corporations Rule the World was one of the first books to articulate the destructive and oppressive nature of the global corporate economy In The Great Turning he argues that corporate consolidation of power is merely one manifestation of what he calls Empire the organization of society through hierarchy and violence that has largely held sway for the past 5 000 years The Great Turning traces the evolution of Empire

from ancient times to the present day but also tells the parallel story of the attempt to develop a democratic alternative to Empire beginning in Athens and continuing with the founding of the United States of America although elitists with an imperial agenda have consistently sought to undermine the bold and inspiring American experiment Finally Korten draws on evidence from sources as varied as evolutionary theory developmental psychology and religious teachings to make the case that Earth Community a life centered egalitarian sustainable alternative to Empire based on democratic principles of partnership is indeed possible And he outlines a grassroots strategy for beginning the momentous turning toward a future of as yet unrealized human potential

Pluralist Constitutions in Southeast Asia Jaclyn L Neo, Ngoc Son Bui, 2019-04-04 This book examines the presence of ethnic religious political and ideational pluralities in Southeast Asian societies and how their respective constitutions respond to these pluralities Countries covered in this book are Brunei Cambodia Indonesia Laos Malaysia Myanmar the Philippines Singapore Thailand and Vietnam The chapters examine first the range of pluralist constitutional values and ideas embodied in the constitutions secondly the pluralist sources of constitutional norms thirdly the design of constitutional structures responding to various pluralities and fourthly the construction and interpretation of bills of rights in response to existing pluralities The pluralist constitution is thus one that recognises internal pluralities within society and makes arrangements to accommodate rather than eliminate these pluralities

A Giant Reborn Johan Van Overtveldt, 2015-07-04 The world is in turmoil Whether one looks at Europe Asia North America the Middle East Africa or Latin America uncertainty and upheaval seem to be the order of the day Nevertheless there seems to be an odd certainty in the minds of many pundits writers and citizens in this highly volatile world of geopolitics the days of the United States as the world's sole superpower are over The consensus tells us that the United States will not be able to keep a status as a major power among China the European community and a resurgent Russia How realistic is this perspective though Is the air of inevitability concerning America's demise merely a passing breeze How solid is the unstoppable rise of the Chinese How likely is it for Europe to right its ship A Giant Reborn from critically acclaimed author and leading economic journalist Johan Van Overtveldt dispels many of these ingrained assumptions and argues that the 21st century will be defined by the country currently best set up to succeed the United States of America In the current chaotic political climate it seems risky to say any country will be able to maintain its current status But Van Overtveldt provides a measured insightful and thoroughly engaging examination of the evidence In his richly detailed style and straightforward explanations he masterfully lays out a case for why America against many pundits best predictions is set up to continue its 20th century success into this millennium A Giant Reborn shows readers that the reports of America's death to paraphrase the father of American literature have been greatly exaggerated

The Supreme Court Reborn William E. Leuchtenburg, 1996-10-10 For almost sixty years the results of the New Deal have been an accepted part of political life Social Security to take one example is now seen as every American's birthright But to validate this revolutionary legislation Franklin Roosevelt had to fight a ferocious battle

against the opposition of the Supreme Court which was entrenched in laissez faire orthodoxy After many lost battles Roosevelt won his war with the Court launching a Constitutional revolution that went far beyond anything he envisioned In The Supreme Court Reborn esteemed scholar William E Leuchtenburg explores the critical episodes of the legal revolution that created the Court we know today Leuchtenburg deftly portrays the events leading up to Roosevelt s showdown with the Supreme Court Committed to laissez faire doctrine the conservative Four Horsemen Justices Butler Van Devanter Sutherland and McReynolds aided by the swing vote of Justice Owen Roberts struck down one regulatory law after another outraging Roosevelt and much of the Depression stricken nation Leuchtenburg demonstrates that Roosevelt thought he had the backing of the country as he prepared a scheme to undermine the Four Horsemen Famous or infamous as the Court packing plan this proposal would have allowed the president to add one new justice for every sitting justice over the age of seventy The plan picked up considerable momentum in Congress it was only after a change in the voting of Justice Roberts called the switch in time that saved nine and the death of Senate Majority Leader Joseph T Robinson that it shuddered to a halt Roosevelt s persistence led to one of his biggest legislative defeats Despite the failure of the Court packing plan however the president won his battle with the Supreme Court one by one the Four Horsemen left the bench to be replaced by Roosevelt appointees Leuchtenburg explores the far reaching nature of FDR s victory As a consequence of the Constitutional Revolution that began in 1937 not only was the New Deal upheld as precedent after precedent was overturned but also the Court began a dramatic expansion of Civil liberties that would culminate in the Warren Court Among the surprises was Senator Hugo Black who faced widespread opposition for his lack of qualifications when he was appointed as associate justice shortly afterward a reporter revealed that he had been a member of the Ku Klux Klan Despite that background Black became an articulate spokesman for individual liberty William E Leuchtenburg is one of America s premier historians a scholar who combines depth of learning with a graceful style This superbly crafted book sheds new light on the great Constitutional crisis of our century illuminating the legal and political battles that created today s Supreme Court **The Great Turning ,**
