The Rebirth and Restoration of Israel Murray Dixon, 1988

Restoring the Fortunes of Zion Rob Yule, 2017-09-20

Restoring the Fortunes of Zion tells the dramatic story of the reemergence of Israel onto the stage of modern history from the genocidal fury of the Holocaust to its extraordinary survival in face of regional hostility and global contempt. It shows how the return of the Jewish people from two millennia of exile realizes with uncanny accuracy the visions of the biblical prophets and explores what this signifies for the future. Rob Yule brings together accessible scholarship, biblical, historical, geographical, political and theological, with strong advocacy to create a book that I found riveting and moving. I commend Restoring the Fortunes of Zion to all those who wish for a clearer sense of Israel, its emergence from desolation to vitality, and those who helped and hindered its progress. It is an exceptionally valuable resource. Dame Lesley Max Auckland. The publication of Restoring the Fortunes of Zion is extraordinarily timely and vital for our understanding of current world events. It enables us to better understand from a biblical perspective what has happened in Israel's past, what is happening in Israel today, as well as what is going to happen to Israel in the future. Revd Murray Dixon, Palmerston North. Rob Yule's book weaves together a carefully researched, erudite, scholarly but eminently readable and fascinating account of Israel. He intertwines and interprets the history, politics, military strategy, theology and culture of the region in the past, present and future. The sweep of his vision is as breath-taking as the intriguing subject matter that he covers. Revd Owen Hoskin, Auckland.

Deconstruction and Reconstruction in Yhwh's Universal Project Louismary Ocha, 2022-01-27 Taking its bearing from the mission statement in prophet Jeremiah s vocation narrative Jer 1 10 the book examines YHWH s events of deconstruction and reconstruction in Israel of the Old Testament Through the analysis of the six verbs namely pluck up pull down demolish destroy build and plant the book gives a different dimension to the common impression that Jeremiah is a prophet of woes and laments thereby limiting his prophecies to only oracles of destruction hence total annihilation Rather it

investigates Jeremiah's prophecies as flying with two wings oracles of judgement and oracles of salvation In other words the oracles are not only against the nations but also for the nations With the exile of the Israelites and their restoration to the land in view according to the book of Jeremiah YHWH continues His creative and restorative acts and depicts the divine full involvement and control of Israel's history In like manner the book portrays the abiding divine presence in the history of humankind in general Therefore Israel is only used to form a bridge of YHWH's concern for the nations hence the entire humanity As YHWH sets the history of Israel in motion so He performs for the rest of humanity The goal of which has always been for the good and salvation of humankind of which the culmination is in the person and advent of Jesus Christ
