Hamilton Cravens

Recasting The Machine Age Henry Fords Village Industries:

Recasting the Machine Age Howard P. Segal, 2005 **Henry Ford's Plan for the American Suburb** Heather Barrow, 2018-10-29 Around Detroit suburbanization was led by Henry Ford who not only located a massive factory over the city's border in Dearborn but also was the first industrialist to make the automobile a mass consumer item. So suburbanization in the 1920s was spurred simultaneously by the migration of the automobile industry and the mobility of automobile users. A welfare capitalist Ford was a leader on many fronts: he raised wages, increased leisure time, and transformed workers into consumers, and he was the most effective at making suburbs an intrinsic part of American life. The decade was dominated by this new political economy, also known as Fordism, linking mass production and consumption. The rise of Dearborn demonstrated that Fordism was connected to mass suburbanization as well. Ultimately, Dearborn proved to be a model that was repeated throughout the nation as people of all classes relocated to suburbs, shifting away from central cities. Mass suburbanization was a national phenomenon. Yet the example of Detroit is an important baseline since the trend was more discernable there than elsewhere. Suburbanization, however, was never a simple matter of outlying communities growing in parallel with cities. Instead, resources were diverted from central cities as they were transferred to the suburbs. The example of the Detroit metropolis asks whether the mass suburbanization which originated there represented the American dream, and if so, by whom and at what cost. This book will appeal to those interested in cities and suburbs, American studies, technology, and society, political economy, working class culture, welfare state systems, transportation, race relations, and business management.

The Oxford Handbook of Midwestern History Jon Lauck, 2025 The Midwest region holds a pivotal place in the tapestry of American history. The Oxford Handbook of Midwestern History delves into this rich heritage with chapters on topics ranging from the early Native American and French Midwest to the impact of the Northwest Ordinance and the Great Lakes, the emergence of Midwest regional consciousness after the Civil War, and the role of the Midwest's natural resources in the region's economic success and later decline. It presents the newest research on race, ethnicity, culture, politics, and economic development. It also considers the role of religion, organized labor, the presence of a diverse population of Germans, Irish, Dutch, and Latinos, and the influence of sports, nostalgia, populism, and isolationism. This handbook moves beyond the examination of traditional topics in Midwestern history to provide significant attention to matters such as architecture, literary realism, visual culture, and constitutionalism. This treatment of Midwestern history marks a major turn towards the history of the American interior. In many ways, The Oxford Handbook of Midwestern History marks the coming of age of what scholars and commentators are calling the New Midwestern History.

List of Awards, 1990

Cinema and the Wealth of Nations Lee Grieveson, 2018-01-02 The silver screen and the gold standard. The Panama Caper. Empire of liberty. Liberty bonds. The State of extension. The work of film in the age of Fordist mechanization. The Pan American road to happiness and friendship. Highways of Empire. League of corporations. The silver chains of mimesis. The

golden harvest of the silver screen Welfare media The world of tomorrow today *National Endowment for the Humanities Annual Report* National Endowment for the Humanities,1990 **The Social Sciences Go to Washington** Hamilton Cravens,2004 What happens when the allegedly value free social sciences enter the national political arena In *The Social Sciences Go to Washington* scholars examine the effects of the massive influx of sociologists demographers economists educators and others to the federal advisory process in the postwar period Essays look at how these social scientists sought to change existing policies in welfare public health urban policy national defense environmental policy and science and technology policy and the ways they tried to influence future policies Policymakers have been troubled that followers of postmodernism have questioned the legitimacy of scientific and political authority to speak for the desires of social groups As the social sciences increasingly become expressions of individual preferences the contributors ask how can they continue to be used to set public policy for us all This collection is a useful resource for anyone studying the relationship between science and the government in the postwar years **France in the Age of Organization** Jackie Clarke,2011-06-01 In interwar France there was a growing sense that organization was the solution to the nation s perceived social economic and political ills This book examines the roots of this idea in the industrial rationalization movement and its manifestations in areas as diverse as domestic organization and economic planning In doing so it shows how experts in fields ranging from engineering to the biological sciences shaped visions of a rational socio economic order from the 1920s to Vichy and beyond Rhetoric, Inc. Timothy Johnson,2020-10-14 In 1914 the Ford Motor Company opened its Motion Picture Laboratory an in house operation that produced motion pictures to educate its workforce and promote its products Just six years later Ford films had found their way into schools and newsreels travelogues and even feature films in theaters across the country It is estimated that by 1961 the company s movies had captured an audience of sixty four million people This study of Ford s corporate film program traces its growth and rise in prominence in corporate America Drawing on nearly three hundred hours of material produced between 1914 and 1954 Timothy Johnson chronicles the history of Ford s filmmaking campaign and analyzes selected films visual and narrative techniques and genres He shows how what began as a narrow educational initiative grew into a global marketing strategy that presented a vision not just of Ford or corporate culture but of American life more broadly In these films Johnson uncovers a powerful rhetoric that Ford used to influence American labor corporate style production practices road building suburbanization and consumer culture The company s early and continued success led other corporations to adopt similar programs Persuasive and thoroughly researched *Rhetoric Inc* documents the role that imagery and messaging played in the formation of the modern American corporation and provides a glimpse into the cultural turn to the economy as a source of entertainment value and meaning Ages of American Capitalism Jonathan Levy,2022-04-05 A leading economic historian traces the evolution of American capitalism from the colonial era to the present and argues that we ve reached a turning point that will define the era ahead A monumental achievement sure to

become a classic Zachary D Carter author of *The Price of Peace* In this ambitious single volume history of the United States economic historian Jonathan Levy reveals how capitalism in America has evolved through four distinct ages and how the country's economic evolution is inseparable from the nature of American life itself The Age of Commerce spans the colonial era through the outbreak of the Civil War and the Age of Capital traces the lasting impact of the industrial revolution The volatility of the Age of Capital ultimately led to the Great Depression which sparked the Age of Control during which the government took on a more active role in the economy and finally in the Age of Chaos deregulation and the growth of the finance industry created a booming economy for some but also striking inequalities and a lack of oversight that led directly to the crash of 2008 In *Ages of American Capitalism* Levy proves that capitalism in the United States has never been just one thing Instead it has morphed through the country's history and it's likely changing again right now A stunning accomplishment an indispensable guide to understanding American history and what's happening in today's economy Christian Science Monitor The best one volume history of American capitalism Sven Beckert author of *Empire of Cotton*
