Recasting The European Order:

Recasting the European Order James Sperling, Emil Joseph Kirchner, 1997 The dramatic events since the late 1980s which witnessed the end of the Cold War the dissolution of the Warsaw Pact the fragmentation of the Soviet Union and the emergence of a united Germany have set in motion a recasting of the European security order *The European Security Order Recast* Barry Buzan, 1990 SCOTT copy 1 From the Joohn Holmes Library Collection Regionalism, Multilateralism, and the Politics of Global Trade Donald Barry, Ronald C. Keith, 1999 The essays in this volume reflect the current debate about whether the new regionalism and interregional politics of the last decade support or undermine the global trading system Political scientists and international relations scholars from North America examine the changing relationship between regionalism and multilateralism and discuss the implications for national policy in the globalized economy The essays are arranged into four categories covering regionalism globalism and the state the dynamics of regional integration interregional relations and the policy implications particularly for Canada Annotation copyrighted by Book News Inc Portland OR A Recast Partnership? Simon Serfaty, 2008-03-03 With new leaders in place in Germany France and Britain and with elections in Russia Spain Italy and the United States in 2008 the stage is set for change and a new transatlantic beginning in 2009 The contributors to this volume offer an agenda for action not to reinvent either NATO or the European Union but rather to recast these two main institutional dimensions of the transatlantic partnership in ways that can make each better suited to the other and make both more effectively prepared to help their 32 members address the issues security economic political and societal they face in common BOOK JACKET **Recasting the European Order** James Sperling, Emil Joseph Kirchner, 1997 The dramatic events since the late 1980s which witnessed the end of the Cold War the dissolution of the Warsaw Pact the fragmentation of the Soviet Union and the emergence of a united Germany have set in motion a recasting of the European security order , *A Review of "Europe Recast: A History of the European Union" by Desmond Dinan* Joe Majerus, 2012-11-21 Literature Review from the year 2010 in the subject History of Europe European Postwar Period grade 2 0 University of Luxembourg language English abstract A critical and comprehensive review of Desmond Dinan's book on the history of the European integration process **Divergent Pathways: Turkey and the European Union** Meltem Müftüler-Baç, 2016-01-18 Should Turkey become a part of the European Union This heated debate has been going on for many years now always under the assumption that it is the membership candidate alone who needs to adjust to the EU's influence The book's main argument is precisely that the Turkish accession needs to be analyzed not only by looking at the EU's impact on Turkish transformation but also from an angle that captures the Turkish role in recasting Europe *The Interconnection of the EU Regulations Brussels I Recast and Rome I* Christoph Schmon, 2020-03-17 This book deals with the interconnection between the Brussels I Recast and Rome I Regulations and addresses the question of uniform interpretation A consistent understanding of scope and provisions is suggested by the preamble of the Rome I Regulation Without doubt it

is fair to presume that the same terms bear the same meaning throughout the Regulations The author takes a closer look at the Regulations systems guiding principles and their balance of flexibility and legal certainty He starts from the premise that such analysis should prove particularly rewarding as both legal acts have their specific DNA The Brussels I Recast Regulation has a procedural focus when it governs the allocation of jurisdiction and the free circulation of judgments The multilateral rules under the Rome I Regulation by contrast are animated by conflict of laws methods and focus on the delimitation of legal systems This fourth volume in the Short Studies in Private International Law Series is primarily aimed at legal academics in private international law and advanced students But it should also prove an intriguing read for legal practitioners in international litigation Christoph Schmon is a legal expert in the fields of Private International Law Consumer Law and Digital Rights After serving in research positions at academic institutes in Vienna and London he focused on EU policy and law making He is appointed expert of advisory groups to the EU Commission
