Recent Social Trends In Greece 1960 2000:

Recent Social Trends in Greece, 1960-2000 L. Maratou-Alimprantē, Andromachi Hadjiyanni, 2004 An overview of the socio economic profile of Greece during 1960 1995

Recent Social Trends in France, 1960-1990 Michel Forsé, International Research Group on the Comparative Charting of Social Change in Advanced Industrial Societies, 1993 Over the three decades from 1960 to 1990 French society underwent a spectacular transformation due to the baby boom which was particularly broad based and prolonged in France and caused the population to climb by a full one third At the same time the French economy expanded and the pace of modernization picked up with the result that the wealth of the French quadrupled in a single generation The turning point between the reconstruction and development period and the period of profound social change appears to have been 1965 The baby boom was over by then and the production system was shifting in orientation No longer dominated by the growth of basic industries production was now starting to focus on consumer goods and services

Multicultural Variations Lance W. Roberts, Barry Ferguson, Mathias Bös, 2013-02-01 Contrary to mid twentieth century predictions ethnic pluralism has increased dramatically in North America and significantly in Europe Neither the post 9 11 emphasis on international border security nor anti immigration and anti multiculturalism movements have affected the fifty year trend of increasing labour mobility and sustained levels of migration The ethnic pluralism accompanying this powerful trend has fueled academic research and public debate Contributors report on and develop a conceptualization of ethnic social incorporation and multiculturalism in Canada the United States Germany Greece Bulgaria and Italy This group of countries displays a remarkable variety of both ethnic diversity and public policy responses to ethnic social incorporation over the past four decades It includes two countries Canada and the United States built upon very large scale immigration over the course of more than a century two countries Greece and Italy which until recently were characterized by large scale emigration but now are grappling with immigration one country Bulgaria that was until the 1990s insulated from extensive migration and faces a demographic slump and one Germany that has experimented with isolating temporary populations but is now addressing the responsibilities of permanent immigration Multicultural Variations includes national reports describing each of the six countries under investigation and is book ended by introductory and concluding chapters that present a new understanding of and synthesis on multiculturalism that is distinct from either enthusiastic support or ideological critiques Contributors include Mathias B s Philipps Universit t Marburg Germany Antonio Chiesi Universit degli Studi di Milano Italy Jason Edgerton University of Manitoba Canada Barry Ferguson University of Manitoba Canada Nikolai Genov Freie Universit t Berlin Germany Louis Hicks St Mary s College of Maryland USA Paul Kingston University of Virginia USA Laura Maratou Alipranti National Centre for Social Research Athens Greece Lance W Roberts University of Manitoba Canada Sonia Stefanizzi Universit degli Studi di Milano Bicocca Italy and Susanne von Below Johann Wolfgang Goethe Universit t Frankfurt Germany

Masculinity and Gender in Greek Cinema Achilleas

Hadjikyriacou,2013-10-24 Between the end of the Civil War 1949 and the colonels military coup 1967 Greece underwent tremendous political economic and social transformations which influenced gender identities and relations During the same period Greece also witnessed an unparalleled bloom in cinema productions Based on the recently established paradigm that cinema and popular culture viewed as social institutions can inform a historical study Masculinity and Gender in Greek Cinema explores the relationship between Greek cinema and the society within which it was created and viewed The book s double analytical perspective on cinema and masculinity advances both the study of cinema and popular culture as historical sources and of masculinity and gender relations as valid categories of historical analysis Cinema as a medium of representation not only managed to reflect on these issues it also provided a whole new field for their interpretation This is the first study to explore the dramatic transformation of masculinity and gender roles as represented in Greek cinema during the turbulent 1950s and 1960s Sociology in Greece Spiros Gangas,Georgia Lagoumitzi,2022-11-21 This Palgrave Pivot provides a concise history of the development of sociology in Greece It provides a compelling narrative of the discipline s embryonic state its promising beginnings that aligned with its contact with the then robust French and German accomplishments in sociology It continues with sociology s entanglement with modern Greece s turbulent history during the Civil War and the junta years It charts Greece s gradual recovery during the mid 1970s which led to sociology s institutionalization Yet such institutional boom was not free of politicization processes many of which proved residual and resilient stemming from the dictatorship years as well as from Greece s dependency during its process of modernization This book completes this historical account by reconsidering sociology s gradual embrace of a multi paradigmatic orientation its opportunities in light of the burgeoning Greek EU membership and extroversion It concludes with charting sociology s position in the 21st century facing challenges like the Great Recession and its impact in Greece as well as the COVID 19 pandemic *Forced Migration and Human Security in the Eastern Orthodox World* Lucian N. Leustean,2019-11-04 The conflict in Eastern Ukraine and the European refugee crisis have led to a dramatic increase in forced displacement across Europe Fleeing war and violence millions of refugees and internally displaced people face the social and political cultures of the predominantly Christian Orthodox countries in the post Soviet space and Southeastern Europe This book examines the ambivalence of Orthodox churches and other religious communities some of which have provided support to migrants and displaced populations while others have condemned their arrival How have religious communities and state institutions engaged with forced migration How has forced migration impacted upon religious practices values and political structures in the region In which ways do Orthodox churches promote human security in relation to violence and the other The book explores these questions by bringing together an international team of scholars to examine extensive material in the former Soviet states Ukraine Russia Georgia and Belarus Southeastern Europe Turkey Greece Serbia Bulgaria and Romania Western Europe and the United States Orthodox Christianity in 21st Century Greece Vasilios N. Makrides,2016-05-13 One of the

predominantly Orthodox countries that has never experienced communism is Greece a country uniquely situated to offer insights about contemporary trends and developments in Orthodox Christianity This volume offers a comprehensive treatment of the role Orthodox Christianity plays at the dawn of the twenty first century Greece from social scientific and cultural historical perspectives This book breaks new ground by examining in depth the multifaceted changes that took place in the relationship between Orthodox Christianity and politics ethnicity gender and popular culture Its intention is two fold on the one hand it aims at revisiting some earlier stereotypes widespread both in academic and others circles about the Greek Orthodox Church its cultural specificity and its social presence such as its alleged intrinsic non pluralistic attitude toward non Orthodox Others On the other hand it attempts to show how this fairly traditional religious system underwent significant changes in recent years affecting its public role and image particularly as it became more and more exposed to the challenges of globalization and multiculturalism

Families and Family Values in Society and Culture Isabelle Albert, Mirza Emirhafizovic, Carmit-Noa Shpigelman, Ursula Trummer, 2021-05-01 This book which has been created in the framework of the EU funded COST Action INTERFASOL brings together researchers from 22 INTERFASOL countries who frame intergenerational family solidarity in the specific historical cultural social and economic context of their own country Integrating different perspectives from social and political sciences economics communication health and psychology the book offers country specific knowledge and new insights into family relations family values and family policies across Europe Praise for Families and Family Values in Society and Culture This comprehensive study of families in Europe reveals the strength and variation in family solidarity and values By drawing together detailed descriptions of continuity and change Families and Family Values in Society and Culture provides a fascinating account of the social and cultural contexts that shape European family life The case studies of families in different European countries compare demographic and welfare regimes to consider the challenges facing generations in Europe and responses to these The book is an invaluable resource for researchers studying family life and inter generational solidarity Clare Holdsworth Professor of Social Geography Keele University This book is based on the testimony of experts each of them proposing analyses which are specific to their own society It provides an opportunity for the reader to take a new look at the evolution of intergenerational solidarity in 22 countries whose wealth welfare systems and demographic situations as well as recent events wars migratory movements offer specific challenges It adopts the perspective of the insider to shed light not only on culture and values in each country but also on conflicts between tradition and modernity and between subcultures in the same society The book thus allows better understanding of changes in intergenerational and gender relations and the variety of solutions implemented or suggested to promote more satisfactory expressions of intergenerational solidarity for the next decade Families and Family Values in Society and Culture provides an invaluable contribution for cross cultural and social sciences researchers interested in understanding how different forms of solidarity arise from family and social dynamics Anne Marie Fontaine

Greece from Junta to Crisis Dimitris Tziovas, 2021-06-17 Winner of the 2021 European Society of Modern Greek Studies Book Prize Shortlisted for the 2022 Runciman Award The recent economic crisis in Greece has triggered national self reflection and prompted a re examination of the political and cultural developments in the country since 1974 While many other books have investigated the politics and economics of this transition this study turns its attention to the cultural aspects of post dictatorship Greece By problematizing the notion of modernization it analyzes socio cultural trends in the years between the fall of the junta and the economic crisis highlighting the growing diversity and cultural ambivalence of Greek society With its focus on issues such as identity antiquity religion language literature media cinema youth gender and sexuality this study is one of the first to examine cultural trends in Greece over the last fifty years Aiming for a more nuanced understanding of recent history the study offers a fresh perspective on current problems *In Pursuit of Healthy*

Environments Esa Ruuskanen, Heini Hakosalo, 2020-11-12 In Pursuit of Healthy Environments brings temporal depth to a highly topical issue the interaction between health and the environment By means of a rich set of historical case studies from Americas to Europe and from the tropics to the Arctic the volume demonstrates that the concern for creating and finding healthy environments is not a new one shows how the link between the environment and health has been perceived at different times and in different cultures and discusses the practical implications of these conceptualizations The book written by scholars from architecture cultural anthropology history Indigenous Studies media studies and sociology will be of interest to a reader interested in the historical roots of present health related environmental issues It discusses the spatiality and materiality of the conceptions of health and the practices of nurture in colonial and post colonial environments and shows how greatly indigenous and colonial mindsets have differed during the last 300 years It also investigates how certain environments have become labelled as healthy and life preserving while others stigmatized by death and disease and how fluctuating these notions can be Finally it analyses the materialities and immaterialities as well as the transgenerational and transboundary characters of environmental and medical knowledge Militant Around the Clock? Nikolaos

Papadogiannis, 2015-05-01 During the 1970s left wing youth militancy in Greece intensified especially after the collapse of the military dictatorship in 1974 This is the first study of the impact of that political activism on the leisure pursuits and sexual behavior of Greek youth analyzing the cultural politics of left wing organizations alongside the actual practices of their members Through an examination of Maoists Socialists Euro Communists and pro Soviet groups it demonstrates that left wing youth in Greece collaborated closely with comrades from both Western and Eastern European countries in developing their political stances Moreover young left wingers in Greece appropriated American cultural products while simultaneously modeling some of their leisure and sexual practices on Soviet society Still despite being heavily influenced by cultures

outside Greece left wing youth played a major role in the reinvention of a Greek popular tradition This book critically interrogates the notion of sexual revolution by shedding light on the contradictory sexual transformations in Greece to which young left wingers contributed

Austerity and the Third Sector in Greece Jennifer Clarke,Asteris Huliaras,Dimitri A. Sotiropoulos,2016-03-09 Organised civil society in Greece is generally regarded as weak with rankings for associational density volunteerism and levels of social capital traditionally among the lowest in Europe Austerity and the Third Sector in Greece explores the context behind the statistics and general perceptions of a society of takers not givers Stereotypes of a country living beyond its means have been exacerbated by the Eurozone crisis but since 2008 there has in fact been a great proliferation of organised civil society initiatives in the country Has the financial crisis seen a belated awakening of Greek civil society Offering a broad overview of contemporary civil society in Greece this book explores how various characteristics of the country s socio political context have affected the development of the third sector and examines the effect of the economic crisis on it Expert contributors combine macro level analyses with local case studies to form a fascinating new study on the influences of national and regional context on civil society development Their findings provide not only for a better understanding of similar movements but also contribute to wider academic debates on societal responses to economic crises

Austerity and the Third Sector in Greece Professor Asteris Huliaras,Dr Dimitri A. Sotiropoulos,Dr Jennifer Clarke,2015-09-28 Offering a broad overview of contemporary civil society in Greece this book explores how various characteristics of the country s socio political context have affected the development of the third sector and examines the effect of the economic crisis on it Expert contributors combine macro level analyses with local case studies to form a fascinating new study on the influences of national and regional context on civil society development Their findings provide not only for a better understanding of similar movements but also contribute to wider academic debates on societal responses to economic crises

The Handbook of European Welfare Systems Sonja Blum,Johanna Kuhlmann,Klaus Schubert,2009-12-16 This book provides the first comprehensive information and detailed data on the welfare systems of all twenty seven EU member states and offers the reader an invaluable introduction and basis for comparative welfare research The introductory chapter summarizes the actual debate about welfare states and welfare state regimes gives an overview on current welfare state research and analyses the main recent developments necessitating a new focus on European Welfare Systems The twenty seven chapters on the welfare systems of the member states are written on the basis of a common structure by experts from the individual states An additional chapter analyses the current social and welfare policies of the EU and focuses on the interplay and limits between European and national social policies Two concluding chapters provide a a first comparative analysis on the basis of all twenty seven European Welfare Systems and b a theoretical reflection both arguing for and venturing the idea of politically limited pluralism in European welfare politics

Mediating Policy Kate Nicholls,2015-03-24 Amongst the most serious consequences of the 2008 global financial collapse and sovereign debt crisis

were a series of unprecedented international bailouts for Greece Ireland and Portugal between 2010 and 2011 This book analyses the development policies of Greece Ireland and Portugal between 1990 and 2008 before the Eurozone crisis It identifies national level differences between the policy strategies and outcomes that have characterized recent developments in the Greek Irish and Portuguese political economies In addition it provides an explanation for these differences that takes into account variations in political institutions and state society relations In doing so it locates an explanation for policy divergence in the presence or absence of the policy making institutions and processes that make up a zone of mediation Overall it argues there is significant variation in the extent to which Ireland Portugal and Greece have adapted their developmental goals and strategies in order to address the labour market challenges posed by the post industrial era This book will be of key interest to students and scholars of European politics and studies comparative political economy public policy policy studies and democracy studies

Consumption and Gender in Southern Europe since the Long 1960s Kostis Kornetis, Eirini Kotsoyili, Nikolaos Papadogiannis, 2016-02-11 Consumption and Gender in Southern Europe since the Long 1960s offers an in depth analysis of the relationship between gender and contemporary consumer cultures in post authoritarian Southern European societies The book sees a diverse group of international scholars from across the social sciences draw on 14 original case studies to explore the social and cultural changes that have taken place in Spain Portugal and Greece since the 1960s This is the first scholarly attempt to look at the countries similar political and socioeconomic experiences in the shift from authoritarianism to democracy through the intersecting topics of gender and consumer culture This comparative analysis is a timely contribution to the field providing much needed reflection on the social origins of the contemporary economic crisis that Spain Portugal and Greece have simultaneously experienced Bringing together past and present the volume elaborates on the interplay between the current crisis and the memory of everyday life activities with a focus on gender and consumer practices Consumption and Gender in Southern Europe since the Long 1960s firmly places the Southern European region in a wider European and transatlantic context Among the key issues that are critically discussed are Americanization the cultural revolution of the Long 1960s and representations of the Model Mrs Consumer in the three societies This is an important text for anyone interested in the modern history of Southern Europe or the history of gender and consumer culture in modern Europe more generally

Dangerous Others, Insecure Societies Michalis Lianos, 2016-05-13 Dangerous Others Insecure Societies examines the turn in post industrial societies towards a fear of cultural racial or religious externality adopting a ground breaking analysis which considers insecurity a constituent part of otherness rather than something separate or following from it By addressing the link between insecurity and otherness this book sheds light on the contemporary cultures of fear and risk that have made possible the aggressive measures that followed the 2001 terrorist attacks in the US and which continue to dominate contemporary geopolitics The result of particular socio economic and political circumstances a sense of fear in relation to the Other has emerged as a replacement

for the social bond as otherness and danger are increasingly associated with one another a development that appears paradoxical in the modern globalized world Bringing together the latest research from scholars in the UK Europe and Australia *Dangerous Others Insecure Societies* engages with diverse issues surrounding migration authoritarianism and social exclusion to consider the implications of a culture of fear and exclusion for multicultural globalized networked societies As such it will appeal to sociologists geographers social anthropologists and political scientists concerned with questions of identity citizenship exclusion and belonging

Positive Youth Development in Global Contexts of Social and Economic Change Anne C. Petersen, Silvia H. Koller, Frosio Motti-Stefanidi, Suman Verma, 2016-12-19 Pt 1 Positive youth development in diverse contexts during economic change pt 2 Interventions to support and promote positive adaptation and development pt 3 Research interventions and policy needs Routledge Handbook of European Welfare Systems Sonja Blum, Johanna Kuhlmann, Klaus Schubert, 2019-11-21 Published ten years after the first edition this new Handbook offers topical and comprehensive information on the welfare systems of all 28 EU member states and their recent reforms giving the reader an invaluable introduction and basis for comparative welfare research Additional chapters provide detailed information on EU social policy as well as comparative analyses of European welfare systems and their reform pathways For this second edition all chapters have been updated and substantially revised and Croatia additionally included The second edition of this Handbook is most timely given the often fundamental welfare state transformations against the background of the financial and economic crises transforming social policy ideas as well as political shifts in a number of European countries The book sets out to analyse these new developments when it comes to social policy In the first part all country chapters provide systematic and comparable information on the foundations of the different national welfare systems and their characteristics In the second part using a joint conceptual foundation they focus on policy changes especially of the last two decades in different social policy areas including old age labour market family healthcare and social assistance policies As the comparative chapters conclude European welfare system landscapes have been in constant motion in the last two decades While austerity is not to be seen on the aggregate level the in depth country studies show that all policy sectors have been characterised by different reform directions and ideas The findings not only reveal both change and continuity but also policy reversal as a distinct type that characterises social policy reform The book provides a rich resource to the international welfare state research community and is also useful for social policy teaching
