Liderazgo neuroespiritual en acción José Bisai, La mitad de la bibliografía sobre liderazgo elige un punto de vista eminentemente técnico científico. La otra mitad un punto de vista humanista espiritual. En cambio el liderazgo neuroespiritual propone una visión en la que convergen ciencia y espiritualidad para permitir el desarrollo integral de la persona y promover una eficiente capacidad de liderazgo. Así el Liderazgo Neuroespiritual se presenta como un modelo transdisciplinario de influencia y persuasión. Este nuevo diseño de liderazgo es aplicable a los diversos contextos laborales artísticos educativos políticos religiosos entre otros. Fue desarrollado pensando en las personas que de una u otra manera ocupan posiciones de liderazgo independientemente de la organización que integren y sin que necesariamente ocupen un lugar de jerarquía social. Personas que quieren construir una cultura única e irrepetible para su organización. O que desean dirigir su vida con propósito cansados de que los días y los años se sucedan sin saber hacia dónde realmente quieren ir. El liderazgo neuroespiritual le proporcionará el conocimiento y las herramientas para que usted pueda determinar y aplicar los cambios que necesita su organización o usted mismo. Se trata de un entrenamiento que requiere de un compromiso consciente y decidido puesto que generará la transformación de su propia vida y de su organización.
