

Rituals Of Childhood

Kathy Merlock Jackson

Rituals Of Childhood:

Rituals of Childhood Ivan G. Marcus, 2015-05-01 In medieval times when a Jewish boy of five began religious schooling he was carried from home to a teacher and placed on the teacher's lap. He was then asked to recite the Hebrew alphabet and lick honey from the slate on which it was written to eat magically inscribed cooked peeled eggs and cakes to recite an incantation against a demon of forgetfulness and then to go down to the riverbank with the teacher where he was told that his future study of the Torah like the rushing river would never end. This book, Ivan Marcus's erudite and novel interpretation of this rite of passage, presents a new anthropological/historical approach to Jewish culture and acculturation in medieval Christian Europe. Marcus traces ancient Jewish and Greco-Roman elements in the rite and then analyzes it from different perspectives, making use of narrative, legal, poetic, ethnographic, and pictorial sources as well as firsthand accounts. He then describes contemporary medieval Christian images and initiation rites including the eucharist and the Madonna and Child as contexts within which to understand the ceremony. He is the first to investigate how medieval Jews were aware of, drew upon, and polemically transformed Christian religious symbols into Jewish counterimages in order to affirm the truth of Judaism and to make sense of living as Jews in an intensely Christian culture. Rituals and Patterns in Children's Lives Kathy Merlock Jackson, 2005 Trick or treating, Flower girls, Bedtime stories, Bar and bat mitvah. In a nation of increasing ethnic, familial, and technological complexity, the patterns of children's lives both persist and evolve. This book considers how such events shape identity and transmit cultural norms, asking such questions as: How do immigrant families negotiate between old traditions and new? What does it mean when children engage in ritual insults and sick jokes? How does playing with dolls reflect and construct feelings of racial identity? Whatever happened to the practice of going to the Saturday matinee to see a Western? What does it mean for a child to be in the words of one bride flower girl material? How does that role cement a girl's bond to her family and initiate her into society? What is the function of masks and costumes, and why do children yearn for these accoutrements of disguise? Rituals and Patterns in Children's Lives suggests the manifold ways in which America's children come to know their society and themselves. *The Child* Richard A. Shweder, Thomas R. Bidell, Anne C. Dailey, Suzanne D. Dixon, Peggy J. Miller, John Modell, 2009-09-15 *The Child*, an encyclopedic companion, offers both parents and professionals access to the best scholarship from all areas of child studies in a remarkable one-volume reference. Bringing together contemporary research on children and childhood from pediatrics, child psychology, childhood studies, education, sociology, history, law, anthropology, and other related areas, *The Child* contains more than 500 articles, all written by experts in their fields and overseen by a panel of distinguished editors led by anthropologist Richard A. Shweder. Each entry provides a concise and accessible synopsis of the topic at hand. For example, the entry "Adoption" begins with a general definition, followed by a detailed look at adoption in different cultures and at different times, a summary of the associated mental and developmental issues that can arise, and an overview of applicable legal and public policy. While presenting

certain universal facts about children's development from birth through adolescence the entries also address the many worlds of childhood both within the United States and around the globe They consider the ways that in which race ethnicity gender socioeconomic status and cultural traditions of child rearing can affect children's experiences of physical and mental health education and family Alongside the topical entries The Child includes more than forty Imagining Each Other essays which focus on the particular experiences of children in different cultures In Work before Play for Yucatec Maya Children for example readers learn of the work responsibilities of some modern day Mexican children while in A Hindu Brahman Boy Is Born Again they witness a coming of age ritual in contemporary India Compiled by some of the most distinguished child development researchers in the world The Child will broaden the current scope of knowledge on children and childhood It is an unparalleled resource for parents social workers researchers educators and others who work with children

Encyclopedia of Infant and Early Childhood Development, 2020-03-13 Encyclopedia of Infant and Early Childhood Development Second Edition provides a comprehensive entry point into the existing literature on child development in the fields of psychology genetics neuroscience and sociology Featuring 171 chapters across 3 volumes this work helps readers understand these developmental changes when they occur why they occur how they occur and the factors that influence development Although some medical information is included the emphasis lies mainly in normal growth primarily from a psychological perspective Comprehensive and in depth scholarly articles cover theoretical applied and basic science topics providing an interdisciplinary approach All articles have been completely updated making this resource ideal for a wide range of readers including advanced undergraduate and graduate students researchers and clinicians in developmental psychology medicine nursing social science and early childhood education Cutting edge content that cover the period of neonates to age three Organized alphabetically by topic for ease of reference Provides in depth scholarly articles covering theoretical applied and basic science Includes suggested readings at the end of each article

Beyond the Innocence of Childhood David Adams, Eleanor Deveau, 2020-11-25 Death is not a mere possibility but a certainty for all of us Yet today's society unrealistically portrays childhood as a time of unremittant joy and freedom Unfortunately the reality of life may suddenly bring children face to face with tragic circumstances such as the death of their pet the terminal illness of their parent their own struggle with life threatening disease the accidental death of their sibling or the suicide of a friend The gravity of any of these situations takes children beyond the innocence of childhood and plunges them into a world that is frightening and full of uncertainty Unfortunately our perceptions and attitudes toward death do not equip children with the tools to help them cope adequately with such overwhelming experiences Beyond the Innocence of Childhood is a collection of forty chapters which are divided into three separate volumes The overall purpose of this series is to answer the question How do we as educators clinicians other professionals and parents help children and adolescents deal with threat to their lives dying death and bereavement In this three volume set the editors have brought together a number of well known educators

researchers and practitioners who share their knowledge and expertise concerning the care and well being of children and adolescents

SPECIFIC TO VOLUME 1 Children explore the world around them through spontaneous and later structured learning acquire knowledge learn to understand themselves establish their role in the family develop peer and adult relationships and find their place in the world However today s society does not include death as part of this developmental process Unfortunately such avoidance may negatively influence children s ability to acquire an understanding of the concepts of death and to develop positive attitudes toward death Highlights of this section include Answering children s questions Children and death past present and future Gender differences Teachable moments Perceptions of death cognitive development and children s artwork The second part of volume 1 examines influences in today s society that potentially impact on children and adolescents perceptions and attitudes toward life threatening illness and death This volume offers readers valuable insights into the various factors which ultimately affect children s ability to achieve a mature understanding of death Features include the following Violent death in a popular culture and the media Political conflict and war The epidemic of AIDS Cultural differences in the management of life threatening illness Death rituals and funeral ceremonies

Child and Adolescent Psychopathology for School Psychology Terry Diamanduros,P. Tysinger,Jeffrey

Tysinger,Pamela Fenning,2022-02-23 This is the only text to address child and adolescent psychopathology from the viewpoint of the school psychologist Integrating comparing and distinguishing DSM 5 diagnoses from IDEA disability classifications it provides a comprehensive overview of mental health conditions in this population This book addresses the impact of these conditions at school and at home along with a description of practical evidence based educational and mental health interventions that can be implemented in school environments It addresses the role of the school psychologist and details a variety of educational supports and school based mental health services as they apply to specific conditions This resource provides comprehensive coverage of school psychologists responsibilities including assessment educational and skill based interventions and supports consulting with key stakeholders and advocacy Case studies address classification issues and varied approaches psychologists can use to support students Chapters provide a variety of features to reinforce knowledge including quick facts discussion questions and sources for additional resources Instructor s ancillaries include instructor s manual test questions and mapping to NASP domains as well as PowerPoints and a test bank Purchase includes digital access for use on most mobile devices or computers Key Features Provides a school psychological approach to addressing a full gamut of child adolescent mental health problems at school and at home Integrates compares and distinguishes DSM 5 diagnoses IDEA disability classifications and other legal protections i e Section 504 for each disorder Covers the impact of various disorders on a child s ability to learn and function in the classroom Addresses practical evidence based educational supports and school based mental health services suited to specific disorders Includes case studies addressing classification issues and delineating practical student supports

The Impact of Ritual on Child Cognition

Veronika Rybanska,2020-01-09 In this book Veronika Rybanska explores how ritual participation affects the cognitive abilities of children Rybanska argues that far from being a simple matter of mindless copying ritual participation in childhood requires rigorous computation by cognitive mechanisms In turn this computation can improve a child s executive functioning a set of cognitive skills that are essential for successful cognitive social and psychological development After providing a critique of existing literature on religion and ritual Rybanska presents a new interdisciplinary approach that draws from anthropology psychology and cognitive neuroscience Using cross cultural examples including a comparison between Melanesian culture and Western culture Rybanska shows that some of the most socially important effects of rituals seem to be universal The implications of this research suggest that we should rethink multiple aspects of child rearing and educational policy and shows that the presence of some form of ritual during childhood could have positive evolutionary benefits

The Sociology of Childhood William A. Corsaro,SAGE Publications, Inc.,2017-06-10 The author is a proud sponsor of the 2020 SAGE Keith Roberts Teaching Innovations Award enabling graduate students and early career faculty to attend the annual ASA pre conference teaching and learning workshop William A Corsaro s groundbreaking text The Sociology of Childhood discusses children and childhood from a sociological perspective Corsaro provides in depth coverage of the social theories of childhood the peer cultures and social issues of children and youth children and childhood within the frameworks of culture and history and social problems and the future of childhood The Fifth Edition has been thoroughly updated to incorporate the latest research and the most pertinent information so readers can engage in powerful discussions on a wide array of topics
