Grimes, Ute Husken, Udo Simon, Eric Venbrux, 2011-03-23 Rituals can provoke or escalate conflict but they can also mediate it and although conflict is a normal aspect of human life mass media technologies are changing the dynamics of conflict and shaping strategies for deploying rituals This collection of essays emerged from a two year project based on collaboration between the Faculty of Religious Studies at Radboud University Nijmegen in the Netherlands and the Ritual Dynamics Collaborative Research Center at the University of Heidelberg in Germany An interdisciplinary team of twenty four scholars locates describes and explores cases in which media driven rituals or ritually saturated media instigate disseminate or escalate conflict Each multi authored chapter is built around global and local examples of ritualized mediatized conflict The book s central question is When ritual and media interact either by the mediatizing of ritual or by the ritualizing of media how do the patterns of conflict change *Rituals of Conflict* Ira Sharkansky, 1996 Kosher food secular marriage divorce burial abortion and other medical procedures **The Role of Traditional Rituals in Conflict Management** Job Akuni, 2011-07 For over two decades northern Uganda has been at the epicentre of the most violent conflict waged by the Lord s Resistance Army LRA rebels against the Government of Uganda The LRA has been using some traditional and Christian rituals in its war The LRA conflict has evolved and has had regional security implications to the Great Lakes of Africa In this book the author examines whether integrating context specific indigenous ritual elements into contemporary conflict management approaches would address the characteristically ritualistic LRA conflict Using the case of the Acholi of northern Uganda the author critically examines the efficacy of indigenous rituals in conflict transformation The major findings revealed that some Acholi indigenous rituals have been used for generations in the management of small scale conflicts and are perceived to be effective Whether the indigenous rituals that are perceived as effective in the management

of small scale conflicts have the potentials of being adapted in the management of the LRA conflict remains controversial It is through this unique lens that the book contributes to the contemporary debate on ending the LRA conflict **Religious**

Interaction Ritual Scott Draper, 2019-02-12 This book is a microsociological study of religious practice based on fieldwork with Conservative Jews Bible Belt Muslims white Baptists black Baptists Buddhist meditators and Latino Catholics In each case the author scrutinizes how a congregation's ritual strategies help or hinder their efforts to achieve a transformative spiritual encounter an intense feeling that becomes the basis of their most fundamental understandings of reality The book shows how these transformative spiritual encounters routinely depend on issues that can seem rather mundane by comparison such as where the sanctuary's entrance is located how many misprints end up in the church bulletin or how long the preacher continues to preach beyond lunchtime The spirit responds to other dynamics as well such as how congregations collectively imagine outsiders or how they talk about ideas like individualism and patriarchy Building on provocative theories from sociologists such as mile Durkheim Erving Goffman Randall Collins and Anne Warfield Rawls this book shows how interaction ritual theory opens compelling new pathways for sociological scholarship on religion Micro level specifics from fieldwork in Texas are supplemented with large scale survey analysis of a wide array of religious organizations from across the United States

The Halo of Golden Light Asuka Sango, 2015-03-31 In this pioneering study of the shifting status of the emperor within court society and the relationship between the state and the Buddhist community during the Heian period 794-1185 Asuka Sango details the complex ways in which the emperor and other elite ruling groups employed Buddhist ritual to legitimate their authority Although considered a descendant of the sun goddess Amaterasu the emperor used Buddhist idiom particularly the ideal king as depicted in the Golden Light Sutra to express his right to rule Sango's book is the first to focus on the ideals presented in the Sutra to demonstrate how the ritual enactment of imperial authority was essential to justifying political power These ideals became the basis of a number of court sponsored rituals the most important of which was the emperor's Misai e Assembly Sango deftly traces the changes in the assembly's format and status throughout the era and the significant shifts in the Japanese polity that mirrored them In illuminating the details of these changes she challenges dominant scholarly models that presume the gradual decline of the political and liturgical influence of the emperor over the course of the era She also compels a reconsideration of Buddhism during the Heian as state Buddhism by showing that monks intervened in creating the state's policy toward the religion to their own advantage Her analysis further challenges the common view that Buddhism of the time was characterized by the growth of private esoteric rites at the expense of exoteric doctrinal learning The Halo of Golden Light draws on a wide range of primary sources from official annals and diaries written by courtiers and monks to ecclesiastical records and Buddhist texts many of them translated or analyzed for the first time in English In so doing the work brings to the surface surprising facets in the negotiations between religious ideas and practices and the Buddhist community and the state

When Rituals Go Wrong Ute Hüsken, 2007 This volume

investigates the implications of breaking ritual rules of failed performances and of the extinction of ritual systems The essays thus break new ground in the comparative analysis of rituals and introduce new perspectives to ritual studies **Relational Rituals and Communication** D. Kádár,2013-06-27 This book provides a ground breaking interaction based framework of rituals drawing on multiple research disciplines It examines ritual as a relational action constructed in interaction through pre existing patterns and captures the features of ritual phenomena by analysing interactants behaviour in culturally and socially diverse contexts Taking Wrongs Seriously Elazar Barkan,Alexander Karn,2006 This multi disciplinary collection examines the recent wave of political apologies for acts of past injustice
