Rival Rigelians Agent X:

The Rival Rigelians Mack Reynolds, 2011-09-29 The team from Earth had the task of raising backward planets to the home world's high level The situation on Rigel was this The most advanced culture on Rigel's first planet is to be compared to the Italian cities during Europe's feudalistic years The most advanced of the second planet is comparable to the Aztecs at the time of the Spanish conquest These planets are in your control to the extent that no small group has ever dominated millions before No Caesar ever exerted the power that will be in your collective hands For half a century you will be as gods and goddesses But the Rigelians were themselves descended from the lost colonists of old Earth and they could learn their lessons as fast as they could be taught In fact they could even teach their teachers a thing or two And therein lay the peril the professors from space never dreamed of *Planetary Agent X* Mack Reynolds, 2011-09-29 Newly accepted as a Special Agent of the star spanning United Planets organization Ronny Bronston found that his first assignment was one which had taken the lives of dozens of agents before him he was to track down a man named Tommy Paine We've been trying to catch him for twenty years said Ronny's section chief How long before that he was active we have no way of knowing It was some time before we became aware that half the revolts coups d'états and assassinations that occur in the United Planets have his dirty finger stirring around in them But what motivates him Ronny asked What's he get out of all the war and killing he stirs up Nobody seems to know But the best guess is that he's insane a homicidal maniac on an intergalactic scale He's dangerous Ronny and you've got to get him **The Rival Rigelians and Planetary Agent X** Mack Reynolds, 1967 *Paradox Gained* Mack Reynolds, 2011-05-23 DON'T TRY TO FIGURE A FINAL ANSWER TO THIS ONE PHILOSOPHERS HAVE TRIED FOR AGES AND HAVE FAILED Excerpt The closet in Benjamin Farlan's two room bachelor apartment wasn't particularly large In fact it measured three feet wide by four feet deep And by no stretch of the imagination could it have held three full grown men Not as full grown as these were Besides that the closet was already chock full of clothes half a dozen pair of shoes and two suitcases It happened about seven thirty Ben Farlan had finished an unsatisfactory day at the laboratory had his dinner at the automat and picked up a fifth of brandy on the way home Little Ben Farlan liked brandy He liked to sit at night in his hundred and fifty dollar chair and read something not too technical but not too light and have a snifter glass of brandy on the coffee table next to him On nights when he had nothing on his mind he could sit for hours that way get through a whole book and possibly a third of his bottle before it was time for bed This wasn't one of the nights when he had nothing on his mind Things were getting on the chaotic side at the lab Already he had enough work on his shoulders for three men and now the Army was taking young Robertson Now it was Robertson They let a man take eight long years of schooling eight years of work to become a scientist preparatory to assuming a useful place in society and then what happens They slap him into the Infantry for what would probably be an indefinite period the world situation being what it was Ben had gone through three ounces of brandy and was pouring himself another glass That was when the closet door opened and a six footer who must

have weighed at least two hundred and twenty pounds stepped into the room He was wearing a uniform that wouldn't have been out of place on a Guatemalan Rear Admiral and he didn't look particularly friendly Not half an hour earlier Ben Farlan had hung his coat in that closet and since then he hadn't left the room He blinked reproachfully through his thick lenses at his brandy glass The newcomer took him in with one sweep of his eyes then strode quickly to the bedroom opened its door and gave a quick look around inside Hey Ben protested Another six footer cut in the same model as the first stepped from the closet This was really out of the question You couldn't have got the two of them in there with a shoehorn But that didn't prevent a third one from pressing after the second While the third brute was giving the room the onceover the second headed for the bathroom and gave it a quick glance They evidently wanted to be sure Ben Farlan was alone The first had meantime checked the tiny kitchenette Ben Farlan let loose with another weak Hey
