Re-envisioning the Everyday John Fagg, 2023-10-03 Often seen as backward looking and convention bound genre painting representing scenes of everyday life was central to the work of twentieth century artists such as John Sloan Norman Rockwell Jacob Lawrence who adapted such subjects to an era of rapid urbanization mass media and modernist art Re envisioning the Everyday asks what their works do to the tradition of genre painting and whether it remains a meaningful category through which to understand them Working with and against the established narrative of American genre painting's late nineteenth century decline into obsolescence John Fagg explores how artists and illustrators used elements of the tradition to picture everyday life in a rapidly changing society whether by appealing to its nostalgic and historical connotations or by updating it to address new formal and thematic concerns Fagg argues that genre painting enabled twentieth century artists to look slowly and carefully at scenes of everyday life and on some occasions to understand those scenes as sites of political oppression and resistance But it also limited them to anachronistic ways of seeing and tied them to a freighted history of stereotyping and condescension By surveying genre painting when its status and relevance were uncertain and by looking at works that stretch and complicate its boundaries this book considers what the form is and probes the wider practice of generic categorization It will appeal to students and scholars of American art history art criticism and cultural studies

Oh, Play That Thing Roddy Doyle, 2011-12-14 It's 1924 and New York is the centre of the universe Henry Smart on the run from Dublin lands on his feet After the 1916 Rebellion Henry Smart is running from the Republicans for whom he committed murder and mayhem Lying to the immigration officer avoiding Irish eyes that might recognise him hiding the photograph of himself with his wife because it shows a gun across his lap he throws his passport into the river and forges a new identity He's a handsome man with a sandwich board behind which he stashes hooch for the speakeasies of the Lower East Side He catches the attention of the mobsters who run the district and soon there are eyes on his back and men in the shadows It is time to leave for another America The Depression is sending folks to ride the rails in search of a new life and new hope and all trains lead to Chicago As Henry's past tries to catch up with him he takes off on a journey to the great port where music is everywhere Chicago is wild and new and newest of all is the music Furious wild happy music played by a man with a trumpet and bleeding lips called Louis Armstrong His music is everywhere coming from every open door every phonograph But Armstrong is a prisoner of his colour there are places a black man cannot go things he cannot do Armstrong needs a man a white man and the man he chooses is Henry Smart

Holocaust Denial as an International Movement Stephen E. Atkins, 2009-04-30 The end of World War II saw an emergence of Holocaust dissent that began in Europe and has since developed into an international movement with adherents in almost every country in the world At first this denial was fueled by the desire to rehabilitate Adolf Hitler and the Nazi regime in an effort to reestablish a neo Nazi state In the following years coupled with the renewal of anti-Semitism this dissent has been used as a means of denying the legitimacy of the state of Israel Despite these motivations the ultimate cause for concern is in the way this denial attracts its members by both challenging the existence of the Holocaust and the testimony of its witnesses By tracing the history causes and spread of Holocaust denial Atkins reveals the dangers this mindset poses to rational thinkers who become vulnerable to fringe ideas This book traces the state of the international Holocaust denial movement in the early 21st century grounding contemporary thought in the history of the movement Since Holocaust deniers have distorted the facts about this mass genocide Atkins discusses just what is known about the Holocaust from historical research conducted since World War II The role of negative racial genetics is explored in both Hitler's intellectual makeup and among the leaders of the German right wing including historians assessments of Hitler's anti-Semitism motivations and decision making Also provided is a roll call of Holocaust dissenters in countries such as the United States Germany France Great Britain Russia and Italy among many others By analyzing the arguments of leaders within this expanding dissention movement this book demonstrates how extremists build informational links that have wide ranging effects
