

River Of Tears The Rise Of The Rio Tinto

David Hyndman, Scott Flower

River Of Tears The Rise Of The Rio Tinto:

River of Tears Richard West,1972 Labour and Globalisation Ronaldo Munck,2004-01-01 It is often assumed that social movements such as that of labour will simply be overwhelmed by the changes brought about by globalisation This volume points to this conclusion as at best premature and possibly also misguided *Ancestral Rainforests And The Mountain Of Gold* David Hyndman,2021-10-28 The ancestral rain forests for the Wopkaimin people have long been a sacred geography a place that has allowed them to act out the obligations of the male cult system and social relations of production based on kinship Today the people and their place are suffering disastrous consequences from the sudden imposition of one of the worlds largest mining projects which has brought about severe social and ecological disruptions Based on fieldwork spanning more than a decade David Hyndmans book traces the extraordinary socioecological transformation of a traditional society confronting modern technological risk Across the island of New Guinea the clash between the simple reproduction and subsistence production system of indigenous peoples and the expanded production and private accumulation system of mining has resulted in environmental degradation **The House of Rothschild in Spain, 1812-1941** Miguel A. Lopez-Morell,2016-03-09 Amongst the serried ranks of capitalists who drove European industrialisation in the nineteenth century the Rothschilds were amongst the most dynamic and the most successful Establishing businesses in Germany Britain France Austria and Italy the family soon became leading financiers bankrolling a host of private and government businesses ventures In so doing they played a major role in fuelling economic and industrial development across Europe providing capital for major projects particularly in the mining and railway sectors Nowhere was this more apparent than in Spain where for more than a century the House of Rothschild was one of the primary motors of Spanish economic development Yet despite the undoubted importance of the Rothschild s role questions still remain regarding the actual impact of these financial activities and the effect they had on financial sectors companies and Spanish markets It is to such questions that this book turns its attention utilising a host of archive sources in Britain France and Spain to fully analyse the investments and financial activities carried out by the Rothschild House in Spain during the nineteenth and early twentieth centuries In so doing the book tackles a variety of interrelated issues Firstly fixing the period when the main capital entries sprung from the initiatives taken by the Rothschild family how consequential they really were and the sectors they affected Secondly quantifying the importance of these investments and financial activities and the weight they had on financial sectors companies and Spanish markets as well as in foreign investment in each period Thirdly outlining the steps followed and means used by the Rothschild House in order to achieve the success in each of their businesses Finally analysing the consequences of this phenomenon in the actual growth of Spanish contemporary economy both in a general and in a partial scale By exploring these crucial questions not only do we learn much more about the working of one of the leading financial institutions and the development of the Spanish economy but a greater understanding of the broader impact of international

finance and the flow of capital in the nineteenth century is achieved

Hidden Out in the Open Phylis Cancilla Martinelli, Ana Varela-Lago, 2019-02-01 Hidden Out in the Open is the first English language volume on Spanish migration to the United States in the late nineteenth and early twentieth centuries This panoramic study covers a period defined by the crucial transformations of the Progressive Era in the United States and by similarly momentous changes in Spain following the Restoration of the Bourbon monarchy under Alfonso XII The chapters in this volume are geographically wide ranging reflecting the transnational nature of the Spanish diaspora in the Americas encompassing networks that connected Spain Cuba Latin American countries the United States and American controlled territories in Hawai i and Panama The geographic diversity reveals the different jobs immigrants engaged in from construction gangs in the Panama Canal to mining crews in Arizona and West Virginia Contributors analyze the Spanish experience in the United States from a variety of perspectives discussing rural and urban enclaves the role of the state and the political mobilization of migrants using a range of methodological approaches that examine ethnicity race gender and cultural practices through the lenses of sociology history and cultural studies The mention of the Spanish influence in the United States often conjures up images of conquistadores and padres of old Forgotten in this account are the Spanish immigrants who reached American shores in the late nineteenth and early twentieth centuries Hidden Out in the Open reveals the role of the modern migration of Spaniards in this land of immigrants and rectifies the erasure of Spain in the American narrative The book will be of interest to scholars and students of US history and the history of modern Spain and Europe as well as those interested ethnic and migration diaspora studies Hispanic Latino studies and the study of working class and radicalism Contributors Brian D Bunk Christopher J Castañeda Thomas Hidalgo Beverly Lozano Phylis Cancilla Martinelli Gary R Mormino George E Pozzetta Ana Varela Lago *Foreign Investment in Copper Mining in Papua New Guinea* Raymond Frech Mikesell, United States. Department of State. Office of External Research, 1973

Anthropology in the Mining Industry Glynn Cochrane, 2017-01-14 This book outlines how Rio Tinto one of the world's largest miners redesigned and rebuilt relationships with communities after the rejection of the company during Bougainville's Civil War Glynn Cochrane recalls how he and colleagues utilized their training as social anthropologists to help the company to earn an industry leadership reputation and competitive business advantage by establishing the case for long term on the ground smoke in the eyes interaction with people in local communities around the world despite the appeal of maximal efficiency techniques and quicker easier answers Instead of using ready made formulaic toolkits Rio Tinto relied on community practitioners to try to accommodate local preferences and cultural differences This volume provides a step by step account of how mining companies can use social anthropological and ethnographic insights to design ways of working with local communities especially in times of upheaval

Between Empire and Revolution Allison Drew, 2015-09-30 Sidney Bunting's life offers a unique perspective on the British Empire illustrating the complex social networks and values that were carried across the world in the name of empire Drawing on archival material including the

Bunting family papers and records of Bunting's Oxford years this work presents his biography **Mining, Politics, And Development In The South Pacific** Michael C. Howard, 2019-03-07 This book explores some of the issues surrounding the mining industry in Fiji Papua New Guinea the Solomon Islands New Caledonia and the Phosphate islands looking at the political dimension of mining and at the relationship of mining to national development Crisis Of Cultural Intelligence, The: The Anthropology Of Civil-military Operations David Hyndman, Scott Flower, 2019-01-15 Military and civilian organizations in the past have attempted to understand culture and the cultural environment of conflict zones through anthropology While there is a small and growing number of studies examining the use of anthropology for counterinsurgency no studies have compared the Anglo Saxon ABCA Armies approaches to understanding cultural factors for counterinsurgency and civil military operations Crisis of Cultural Intelligence The Anthropology of civil military Operations thus represents a timely investigation into a number of issues regarding the past and present relationship between militarized anthropology settler colonialism and Indigenous militancy and the Declaration of the Rights of Indigenous Peoples which has internationalized the claim of encapsulated nations for equal rights Covering issues such as the use of militarized anthropology in the Vietnam War and the controversial Human Terrain System HTS program used in Afghanistan this book addresses the need for constructive and informed discussions about the nature and function of cultural data collection and analysis for counterinsurgency peace building and conflict prevention operations Crisis of Cultural Intelligence The Anthropology of civil military Operations is particularly important today as cultural values and heritage continue to inform civil military interventions of intrastate armed conflict amongst the people Following the wars in Iraq and Afghanistan this book will provide some insights into how militaries will now need to look ahead and consider the types of conflicts they may become involved in

The Top Books of the Year River Of Tears The Rise Of The Rio Tinto The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the fascinating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
