River Through Rivertown:

River Through Rivertown Merrill Gilfillan, 1982 Life in a Mississippi River Town Laura Fischer, 2003 An overview of everyday life in the cities of the central Mississippi River Valley between 1820 and 1870 when the river was the primary means of transportation A River Town Thomas Keneally, 2011-11-16 Fleeing to Australia to escape the repressive life of British controlled Ireland Tim Shea is alarmed by his new home's equally stifling social order and its inclination towards prejudice By the author of Schindler's List **Base Ball in a River Town** Justin Endres, 2016-09-05 Base Ball in a River Town seeks to answer how our national pastime started in New Albany Who were its founders Who got the ball rolling across the New Albany fields The answers to these questions open a window into the past the lively and booming post Civil War New Albany From steamships to railroads the first team experienced the end of one era and the start of another The growth of baseball in New Albany also mirrors the rise of baseball across the country From its infancy to national past time in no time Learn about the first pitch thrown at the first official game on September 29 1866 and join that unbroken line of young Southern Indiana men and women who have embraced our national past time **A River in the City of Fountains** Amahia K. Mallea, 2018-10-15 Founded as a port at the confluence of two great rivers Kansas City has the waters of the Missouri running through its bloodstream threading expressways delivering drinking water carrying traffic and sewage and emerging most visibly in the city's celebrated fountains Despite or perhaps because of the river's ubiquity the complex and critical nature of its presence can be hard to understand which is precisely why Amahia Mallea's enlightening book is so essential Moving from the city's center to the outer limits of the metropolitan area A River in the City of Fountains offers a clear view of the reach and intricacies of the Missouri River's connection to life in Kansas City The history of this connection is one of science and industry working sometimes at cross purposes to bend the river to the needs of commerce and public health It is a story populated with heroes and villains visionaries and robber barons scientists and civil engineers politicians and activists all with schemes and plans and far reaching ideas about what and whose demands the power of the Missouri should serve And so inevitably it is a story of disparities a story of from one flood to the next the haves staking out higher ground leaving the have nots to the perils of low lying land But what the book also shows us is a slow awakening to the ways in which all those vying for the river's favor are inextricably connected by its course here we see finally a growing awareness of the river's essential role in the health and welfare of the whole urban environment In the end all citizens of Kansas City are both upstream and downstream all are equally dependent on the health of the river What this book helps us see is at last as much the city in the river as the river in the city **River Town** Bonnie Geisert, 1999-03-29 During the eighteenth and nineteenth centuries small towns sprouted up along the banks of America's rivers Through a year of changing seasons the reader is transported to the days when people's livelihoods were directly connected to the river The life of the townsfolk is shown to be an accumulation of events both large and small from a joyous Halloween parade to the frozen river in winter to the threat of

damaging springtime floods Children and adults alike will pour over these pages of intricate etchings noticing the changes and happenings of day to day season to season life lived along a river As they did in Prairie Town the Geiserts have once again created a stunning tribute to small town America as it once was and to an extent still remains today **An Old River Town** Ada Douglas Littlefield,1908 *Interstate 94/Trunk Highway 10, Sherburne, Stearns, and Wright Counties* ,2004

Episodes from a Hudson River Town Clesson S. Bush,2011-08-01 Winner of the 2012 Award for Excellence presented by the Greater Hudson Heritage Network The seemingly unremarkable Hudson River town of New Baltimore has had its ups and downs you could certainly say that Here generations of families have worked the fields until the yield tapped out built and repaired ships and barges until the steam age died and harvested ice until refrigeration made icebox a quaint colloquialism Yet despite the various economic social and military forces that have transformed the town New Baltimore and its residents have endured celebrating their triumphs and enduring their tragedies Drawing on original town board minutes Greene County surrogate and land records federal and state military records land patents colonial documents conversations with local residents censuses and period newspapers town historian Clesson S Bush provides an authentic portrait of a small town community making the routine and drama of small town life on the Hudson River come alive **Rivertown** Paul Stanton Kibel,2007 Each case study in Rivertown considers the critical questions of who makes decisions about our urban rivers who pays to implement these decisions and who ultimately benefits or suffers from these decisions book cover
