Encyclopedia of American Urban History David Goldfield,2006-12-07 We are an urban nation and have been so officially at least since the early twentieth century But long before then our cities played crucial roles in the economic and political development of the nation as magnets for immigrants from here and abroad and as centers of culture and innovation They still do Yet the discipline that we call Urban History is really a phenomenon of post World War II scholarship Now after a generation of pathbreaking scholarship that has reoriented and enlightened our perception of the American city the two volumes of the Encyclopedia of American Urban History offer both a summary and an interpretation of the field With contributions from leading academics in their fields this authoritative resource offers an interdisciplinary approach by covering topics from economics geography anthropology politics and sociology Key Features Addresses the rise of urban America using a concise readable and historical format Focuses on the 20th century a century with the most dramatic urban growth and a time when the United States transformed from being a nation of shopkeepers and farmers to an urban industrial and then post industrial society Defines urban broadly including suburban environments and even something new and literally far out called penurbia Offers both a referential and a reverential approach to produce a work that functions as a research tool and as a commemoration of scholarship Includes contributions from leading academics and scholars as well as from those who work for non profits governments and corporations The Encyclopedia of American Urban History is a fundamental reference work intended to ground and inspire future research in the field It is an essential

resource for any academic library **Old West Swindlers** Laurence J. Yadon, Robert Barr Smith, 2011-06-23 True stories of nineteenth century crooks con artists and quacks including the man who sold the Brooklyn Bridge Gunslingers and outlaws weren't the only ones who made the West wild The nineteenth century was the golden era of riverboat gamblers crooked railroad contractors and filthy rich medical quacks These crooks made a living deceiving people who took a stranger at face value and left their doors unlocked Throw in some get rich quick schemes and a generous mixture of whiskey and there was never a shortage of suckers Conman George Parker was able to stay in business for forty years by selling public structures such as Madison Square Garden and the Statue of Liberty He even sold the Brooklyn Bridge as often as twice a week For most the Salted Gold Mine or the Magic Wallet cons were enough to satisfy their greed However the more ambitious grifters tried the Big Store an illegal underground betting parlor like the one seen in the movie The Sting With an honest looking face and a lack of morals these scammers played a big role in giving the frontier its lawless reputation and this book tells their stories **Sette** Dominic M. Martin, 2010-12-20 Bankers used to be stodgy types close and fretful and above all disinclined to act These Old Turks went out of their way to protect their clients monies sometimes erring on the side of too much caution Over time watched over by a somnolent if not collusive government bankers morphed to a new model The Young Turks They gamble with other people's money and constantly say that they know what will happen tomorrow How we went from the Old Turks to the New Turks is the story of this book And too how the avoidable debacle of 2008 seemed nearly to swamp the Martin Ship of Five until until they realized We are in a war for the hearts and minds of the American people one always asking What do we believe in What does this country stand for **A Story of Six Rivers** Peter Coates, 2013-06-01 Many of the world's major cities sprang up on the banks of rivers Used for water food irrigation transportation and power rivers sustain life and connect the world together but most of us think of them simply as waterways that must be crossed on the way to another place Using four European and two North American rivers as examples A Story of Six Rivers considers the place of rivers in our world and emphasizes the inextricable links between history culture and ecology Peter Coates explores six rivers chosen as examples of the types of rivers found on the planet the Danube the second longest river in Europe the Spree which flows through Berlin the Po which cuts eastward across northern Italy the Mersey in northwest England the Yukon which runs through Canada and Alaska and the Los Angeles in California Creating a series of river biographies Coates gives voice to each of these bodies of water exploring how rivers nurture us provide cultural and economic opportunities and pose threats to our everyday lives He challenges recent narratives that paint rivers as the victims of abuse pollution and damage at the hands of humans focusing on change rather than devastation Describing how humans and rivers form a symbiotic and sometimes mutually destructive relationship Coates argues that rivers illustrate the limits of human authority and that their capacity to inspire us is as strong as our ability to pollute them An intimate portrait of the way these bodies of water inform our lives A Story of Six Rivers will make us reconsider the streams and tributaries we traverse each day

From Chicago to L.A. Michael Dear, 2001-07-31 For most of the twentieth century the principles of the Chicago School have guided urban analysts throughout the world Los Angeles has been regarded as an exception to the rules governing the growth of American cities But just as the Chicago School emerged at a time when that city was reaching new national prominence Los Angeles is now making its impression on the minds of urbanists across the world From Chicago to L A begins the task of defining an alternative agenda for urban studies and examines the case for shifting the focus of urban studies from Chicago to Los Angeles The authors experienced scholars from a variety of disciplines examine The concepts that have blocked our understanding of Southern California cities The imaginative structures that people have been using to understand and explain Los Angeles The utility of the Los Angeles School of urbanism **Land of Smoke and Mirrors** Vincent Brook, 2013-01-22 Unlike the more forthrightly mythic origins of other urban centers think Rome via Romulus and Remus or Mexico City via the god Huitzilopochtli Los Angeles emerged from a smoke and mirrors process that is simultaneously literal and figurative real and imagined material and metaphorical physical and textual Through penetrating analysis and personal engagement Vincent Brook uncovers the many portraits of this ever enticing ever ambivalent and increasingly multicultural megalopolis Divided into sections that probe Los Angeles's checkered history and reflect on Hollywood's own self reflections the book shows how the city despite considerable remaining challenges is finally blowing away some of the smoke of its not always proud past and rhetorically adjusting its rear view mirrors Part I is a review of the city's history through the early 1900s focusing on the seminal 1884 novel *Ramona* and its immediate effect but also exploring its ongoing impact through interviews with present day Tongva Indians attendance at the 88th annual *Ramona* pageant and analysis of its feature film adaptations Brook deals with Hollywood as geographical site film production center and frame of mind in Part II He charts the events leading up to Hollywood's emergence as the world's movie capital and explores subsequent developments of the film industry from its golden age through the so called New Hollywood citing such self reflexive films as *Sunset Blvd* *Singin in the Rain* and *The Truman Show* Part III considers LA noir a subset of film noir that emerged alongside the classical noir cycle in the 1940s and 1950s and continues today The city's status as a privileged noir site is analyzed in relation to its history and through discussions of such key LA noir novels and films as *Double Indemnity* *Chinatown* and *Crash* In Part IV Brook examines multicultural Los Angeles Using media texts as signposts he maps the history and contemporary situation of the city's major ethno racial and other minority groups looking at such films as *Mi Familia* *Latinos Boyz* *N the Hood* *African Americans* *Charlotte* *Sometimes Asians* *Falling Down* *Whites* and *The Kids Are All Right* LGBT
