Road To Vichy 1918 1938:

The Road to Vichy, 1918-1938 Yves René Marie Simon, 1942 *The Road to Vichy 1918-1938* Yves René Marie Simon, 1982 **Catholicism and American Freedom: A History** John T. McGreevy, 2004-09-17 A brilliant book which brings historical analysis of religion in American culture to a new level of insight and importance New York Times Book Review Catholicism and American Freedom is a groundbreaking historical account of the tensions and occasional alliances between Catholic and American understandings of a healthy society and the individual person including dramatic conflicts over issues such as slavery public education economic reform the movies contraception and abortion Putting scandals in the Church and the media's response in a much larger context this stimulating history is a model of nuanced scholarship and provocative reading **France and the Italo-Ethiopian crisis 1935-1936** Franklin D. Laurens, 2019-03-18 No detailed description available for France and the Italo Ethiopian crisis 1935 1936 Maurice Blondel, Social Catholicism, and Action Française Peter J. Bernardi, 2009 This work casts light on contemporary arguments over social Catholicism and the believer's role in society by illuminating a similar dispute among French Catholics during the Modernist Crisis 1909 1914 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1972 **Shanghai on the Metro** Michael B. Miller, 2023-04-28 Secret agents gun runners White Russians and con men they all play a part in Michael B Miller's strikingly original study of interwar France Based on extensive research in security files and a mass of printed sources Shanghai on the Metro shows how a distinctive milieu of spies and spy literature emerged between the two world wars reflecting the atmosphere and concerns of these years Miller argues that French fascination with intrigue between the wars reveals a far more assured and playful national mood than historians have hitherto discerned in the final decades of the Third Republic But the larger history set in motion by World War I and the subsequent reading of French history into global history are the true subjects of this work Reconstituting through his own narratives the histories of interwar travel and adventure and the willful turning of contemporary affairs into a source of romance Miller recovers the ambience and special qualities of the age that produced its intrigues and its tales of spies This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1994 **France and the Second World War** Peter Davies, 2004-03-01 France and the Second World War is a concise introduction to a crucial and controversial period of French history world war and occupation During World War Two France had the dramatic experience of occupation by the Germans and the legacy of this traumatic time has lived on until today to the enduring fascination of historians and students France and the Second World War provides a fresh and balanced insight into the events of this era of conflict exploring the key themes of Occupation as a social economic and political phenomenon the Vichy regime and the politics of collaboration the

resistance resisters and its ideology the liberation the legacy of the wartime period Social Catholicism for the Twenty-First Century?--Volume 1 William F. Murphy, 2024-09-12 This first of two volumes introduces the tradition of social Catholicism not only in its earlier realizations but regarding how a contemporary renewal might address the crisis in which constitutional democracies and the postwar liberal order are under assault by populist and even neo fascist movements that could soon usher in a frighteningly dark future unless a broad movement in defense of constitutional democracy quickly arises In this context some of the most influential voices among American Catholics are focused on criticizing liberal democracy on advocating a postliberal order and the establishment of a Catholic integralist state or on insisting that abortion should be the primary sociopolitical concern for Catholics treating these threats to democracy as largely irrelevant This volume shows the rich tradition of social Catholicism and how the Social Doctrine of the Church came to appreciate the key tenets of constitutional democracy As Pope Benedict XVI wrote this social doctrine leads us to take a stand for the common good to take the institutional or political path of charity to be solicitous for the institutions that give structure to the life of society juridically civilly politically and culturally It engages some of the most influential contemporary Catholic thinkers and argues that they too should recognize the grave threats facing the human family and join in working to defend and renew our constitutional democracy **The Catholic Church and the French Nation 1589-1989** Norman Ravitch, 2025-05-01 Paris is worth a mass was the realistic response of Protestant Henry IV who changed his faith to secure the throne of France to the central importance of the French Catholic Church Principle and pragmatism have since been in alteration the two prime constituents of French Catholicism In his book The Catholic Church and the French Nation 1589 1989 originally published in 1990 Norman Ravitch interprets the interaction of the Roman Catholic Church with the national life of France over a period of 400 years This process Ravitch argues has left French Catholicism redundant more an historical monument than a living institution This book will be of interest to students and researchers of French history
