Road To Xanadu:

The Road to Xanadu John Livingstone Lowes, 2023-01-01 It takes a great mind to study a great mind The literary critic John Livingston Lowes puts his reputation on the line by choosing to analyse the sources thoughts and imagination of the poet Samuel Taylor Coleridge The result The Road to Xanadu is a remarkable and insightful examination of the creative processes and reading material that inspired The Rime of the Ancient Mariner and Kubla Khan Lowes brilliantly uses his study of Coleridge as a springboard to a more wide ranging analysis of the imagination If you like Coleridge s work you will be fascinated by this look into the mind of a literary giant John Livingston Lowes 1867 1945 was an American scholar and critic of English literature His best known subjects were Samuel Taylor Coleridge and Geoffrey Chaucer author of The Canterbury Tales His most famous work is The Road to Xanadu A Study in the Ways of the Imagination which examines the sources of Coleridge s The Rime of the Ancient Mariner and Kubla Khan

The Road to Xanadu John Livingston Lowes, 1927 John Livingston Lowes s classic work shows how various images from Coleridge s extensive reading particularly in travel literature coalesced to form the imagistic texture of his two most famous poems The Rime of the Ancient Mariner and Kubla Khan Originally published in 1986 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These paperback editions preserve the original texts of these important books while presenting them in durable paperback editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Broadcast Hysteria A. Brad Schwartz, 2025-09-23 On the evening of October 30 1938 radio listeners across the United States heard a startling report of a meteor strike in the New Jersey countryside With sirens blaring in the background announcers in the field described mysterious creatures terrifying war machines and thick clouds of poison gas moving toward New York City As the invading force approached Manhattan some listeners sat transfixed while others ran to alert neighbors or to call the police Some even fled their homes But the hair raising broadcast was not a real news bulletin it was Orson Welles s adaptation of the H G Wells classic The War of the Worlds In Broadcast Hysteria A Brad Schwartz boldly retells the story of Welles s famed radio play and its impact Did it really spawn a wave of mass hysteria as The New York Times reported

Schwartz is the first to examine the hundreds of letters sent to Orson Welles himself in the days after the broadcast and his findings challenge the conventional wisdom Few listeners believed an actual attack was under way But even so Schwartz shows that Welles s broadcast became a major scandal prompting a different kind of mass panic as Americans debated the bewitching power of the radio and the country s vulnerability in a time of crisis When the debate was over American broadcasting had changed for good but not for the better As Schwartz tells this story we observe how an atmosphere of natural disaster and impending war permitted broadcasters to create shared live national experiences for the first time We follow Orson Welles s rise to fame and watch his manic energy and artistic genius at work in the play s hurried yet innovative production And we trace the present day popularity of fake news back to its source in Welles s show and its many imitators Schwartz s original research gifted storytelling and thoughtful analysis make Broadcast Hysteria a groundbreaking new look at a crucial but little understood episode in American history

The Road to Xanadu ... Second Revised Edition John Livingston LOWES,1951

Unveiling the Energy of Verbal Art: An Mental Sojourn through **Road To Xanadu**

In a world inundated with monitors and the cacophony of fast communication, the profound power and emotional resonance of verbal beauty usually fade in to obscurity, eclipsed by the regular onslaught of noise and distractions. However, set within the lyrical pages of **Road To Xanadu**, a interesting work of literary brilliance that impulses with organic emotions, lies an wonderful journey waiting to be embarked upon. Published by way of a virtuoso wordsmith, that interesting opus manuals visitors on an emotional odyssey, gently exposing the latent potential and profound influence embedded within the delicate internet of language. Within the heart-wrenching expanse of this evocative evaluation, we shall embark upon an introspective exploration of the book is central subjects, dissect its captivating publishing design, and immerse ourselves in the indelible impression it leaves upon the depths of readers souls.
