Road Oft Traveled:

Global Geopolitical Power and African Political and Economic Institutions John James Quinn, 2015-12-30 Global Geopolitical Power and African Political and Economic Institutions When Elephants Fight describes the emergence and nature of the prevailing African political and economic institutions in two periods In the first most countries adopted political and economic institutions that funneled significant levels of political and economic power to the political elites usually through one or no party military political systems inward oriented development policies and or state led and often state owned industrialization In the second period most countries adopted institutions that diluted the overarching political and economic power of ruling elites through the adoption of de jure multiparty electoral systems more outward oriented trade policies and the privatization of many state owned or controlled sectors though significant political and economic power remains in their hands The choices made in each period were consistent with prevailing ideas on governance and development the self interests of political elites and the perceived availability of support or autonomy vis vis domestic regional and international sources of power at the time This book illustrates how these two region wide shifts in prevailing political and economic institutions and practices of Africa can be linked to two prior global geopolitical realignments the end of WWII with the ensuing American and Soviet led bipolar system and the end of the Cold War with American primacy Each period featured changed or newly empowered international and regional leaders with competing national priorities within new intellectual and geopolitical climates altering the opportunities and constraints for African leaders in instituting or maintaining particular political and economic institutions or practices The economic and political institutions of Africa that emerged did so as a result of a complex mix of contending domestic regional and international forces material and intellectual all which were themselves greatly transformed in the wake of these two global geopolitical realignments **The Engineer**, 2013 Presents professional information designed to keep Army engineers informed of current and emerging developments within their areas of expertise for the purpose of enhancing their professional development Articles cover engineer training doctrine operations strategy equipment history and other areas of interest to the engineering community

Digital Rights Management Catherine A. Lemmer, Carla P. Wale, 2016-09-02 In a world of users that routinely click I Agree buttons librarians may be the lone voice raising an alert to the privacy use and ownership issues arising in connection with the design and implementation of digital rights management DRM technologies DRM reflects the efforts of copyright owners to prevent the illegal distribution of copyrighted material an admirable goal on its face A common misunderstanding is that DRM is copyright law It is not Rather it is a method of preventing copyright infringement however if unchecked DRM has the potential to violate privacy limit ownership rights and undermine the delicate balance of rights and policies established by our current system of copyright All three of these arenas are critical for both librarians and their users Reflecting the shift from ownership to access libraries are increasingly providing access to rights protected digital content

Libraries strive to provide access to rights protected content in a manner that protects both the content creator and the privacy of the user DRM encompasses a variety of technologies and strategies utilized by content owners and managers to limit access to and the use of rights protected content Librarians need to understand DRM to effectively enable users to access and use rights protected digital content while at the same time protecting the privacy of the user Designed to address the practical operational and planning issues related to DRM this guide explores the critical issues and challenges faced by librarians After reading it librarians will better understand the digital content rights protection scheme the various DRM technologies and how they are used how to use authentication and authorization standards strategies and technologies and the privacy and security issues related to DRM Edited by two librarians who also hold law degrees this is a best practices guide for front line librarians on how to best respond to the impact of DRM schemes on collection development staffing budget service and other library concerns **Infected** , *Times and Seasons* Uboho Bassey,2022-06-01 In her fourth collection of poems Uboho turns her attention to the Times and Seasons of our existence the inescapable transitions between our experiences Sometimes people will step into a scene of your life and think they know the whole story but the scene is not the entire story The present scene is nothing but a phase you pass through Don t stop the story just because you don t like the scene It may be just a chapter of your book It is not your destination While grappling with the desire to find meaning in life s journey we find the truth in the book of Ecclesiastes To everything there is a season and a time for every purpose under heaven God has enacted certain eternal principles regarding time In congruence with nature we all experience the four seasons of Summer winter autumn and spring In this book however the times are represented as waiting wilderness waring and winning seasons Times and Seasons is written to remind you that your dreams praise hope faith and love can carry you through every phase every season of your life You hurt and you heal you build and release and it s all part of the same process it s life Whether you are in a season of stagnation or expansion each season is a signal that you re not stuck And even though you ll lose some things like the trees lose their leaves in fall you re strong enough to keep going long after you think you can t Our individual paths are unique and when you understand time and season you will envy no one If you want to know how your present season is evolving or why the last one had to end or when the next one is coming read these poems Let them ground you in the truth that every single shifting season brings with it new life another chance and an experience you are here in the world for **Sunset** ,1904 Scenic Routes & Byways Montana S. Warren,2005 The Inspiration for Professor Kingsfield Discusses His Career Teaching Methods Professional Issues and Other Subjects Originally published Boston Houghton Mifflin Company 1942 xi 164 pp Spartan Education offers a fascinating account of Harvard Law School from the turn of the century to the 1940s colorful sketches of his professors Mr Cadwallader and a summary of his Spartan approach to pedagogy Warren also includes the texts of various addresses and articles dealing with Harvard legal history the American Bar and political topics This is a reprint of the 1942 edition which was strictly limited to 1000 copies Despite requests for additional copies Warren refused to reissue the book He published an edition of extracts instead however in order to address these requests while keep his word I believe in discipline From boyhood days on I have sought to discipline my own mind pen and tongue And throughout my service on the Law Faculty I have sought to discipline the minds pens and tongues of the students I have never suffered fools gladly and regard such sufferance as mischievous Therefore Spartan Education seemed an appropriate title As I review my life I find the source of greatest satisfaction in my belief that there are today ten thousand men who are leading more useful and successful lives than they would be leading if my Spartan training had not played a substantial part in the molding of their minds and that most if not all of them now recognize that to be the fact and are grateful Preface ix Edward H Warren 1873 1945 was a legendary professor at Harvard Law School Known as Bull Warren for his aggressive and often vicious teaching methods he was the primary model for Professor Kingsfield in John Jay Osborn Jr s novel The Paper Chase Warren attended Harvard College from 1891 to 1895 and Harvard Law School from 1897 to 1900 where his principal instructors were Ames Gray Smith and Thayer After four years at Strong and Cadwalader he joined the Harvard Law faculty where he remained until his retirement
