Road to Egdon Heath Richard Bevis, 1999-05-22 Bevis examines a wide range of English European and North American texts literary works as well as religious scientific and travel writing He surveys the literature on mountain climbing sea voyages desert travel and polar exploration and its metaphorical uses in poetry and fiction Relying on Addison's term the Great rather than the sublime he shows how works such as Darwin's journals Lyell's studies in geology and de Saussure's books on the Alps helped form an outlook on nature that also found frequent literary expression A wide ranging interdisciplinary work in the history of ideas The Road to Egdon Heath traces the growth of an aesthetic sensibility that is now ubiquitous but which would have been incomprehensible prior to the Renaissance This sensibility underlies not only much of modern literature but also our modern ideas about conservation ecology and environmentalism *Road to Egdon Heath* Richard W. Bevis, 1999 Concentrating on the eighteenth and nineteenth centuries he traces its development up to 1878 and one of its earliest conscious articulations Thomas Hardy's description of Egdon Heath in *The Return of the Native* BOOK JACKET The Cambridge Companion to the Romantic Sublime Cian Duffy, 2023-07-20 This is the only collection of its kind to focus on one of the most important aspects of the cultural history of the Romantic period its sources and its afterlives Multidisciplinary in approach the volume examines the variety of areas of enquiry and genres of cultural productivity in which the sublime played a substantial role during the late eighteenth and early nineteenth centuries With impressive international scope this Companion considers the Romantic sublime in both European and American contexts and features essays by leading scholars from a range of national backgrounds and subject specialisms including state of the art perspectives in digital and environmental humanities An accessible wide ranging and thorough introduction aimed at researchers students and general readers alike and including extensive suggestions for further reading The Cambridge Companion to the Romantic Sublime is the go to book on the subject *Hegel's Phenomenology* Ardis B. Collins, 2013 How Hegel proves the truth of logic by examining the dynamics of lived experience **Jacob Burckhardt and the Crisis of Modernity** John R. Hinde, 2000-06-28 As a historian of the Renaissance and the rise of Christianity Burckhardt was concerned with periods of social political and cultural transformation Writing in the aftermath of the 1848 Revolutions and in the long shadow cast by the French Revolution of 1789 he observed the rise of industrial capitalism and mass politics with trepidation He especially lamented the fate of the individual whose creativity had shaped the glories of the Renaissance and ancient Greece but who was increasingly domesticated and commodified in modern society Unlike conventional accounts which characterize him as an apolitical aesthete Hinde shows us that Burckhardt was as a thinker of profound importance whose conservative anti modernism ranks him with his colleague Friedrich Nietzsche Reason and Self-Enactment in History and Politics F.M. Barnard, 2006-03-03 Reason and Self Enactment in History and Politics also offers a reappraisal of basic political principles and constructs Barnard argues for bridging differences among a plurality of truths and forming

practical judgments through cultivation of a sense of situational appropriateness *Contemplation and Incarnation*

Christophe F. Potworowski, 2001-11-12 Relying on both Chenu's previously unpublished materials and his many publications Christophe Potworowski examines the role of faith and contemplation in the Dominican life and in theology as well as considering the historical and social dimensions of the human situation in terms of individual and ecclesial existence He discusses the prophetic role of the theologian and some of the problems this involves Potworowski raises the question of how incarnation as an overall structure is related to the particularities of Christology and provides insights into the development of Catholic theology in the crucial period leading to Vatican II The accompanying bibliography of Chenu's complete writings unavailable elsewhere is a valuable instrument of theological research Progress, Pluralism, and Politics David

Williams, 2021-01-13 Liberal thinkers of the eighteenth and nineteenth centuries were alert to the political costs and human cruelties involved in European colonialism but they also thought that European expansion held out progressive possibilities In *Progress Pluralism and Politics* David Williams examines the colonial and anti colonial arguments of Adam Smith Immanuel Kant Jeremy Bentham and L T Hobhouse Williams locates their ambivalent attitude towards European conquest and colonial rule in a set of tensions between the impact of colonialism on European states the possibilities of progress in distant and diverse places and the relationship between universalism and cultural pluralism In so doing he reveals some of the central ambiguities that characterize the ways that liberal thought has dealt with the reality of an illiberal world Of particular importance are appeals to various forms of universal history attempts to mediate between the claims of identity and the reality of difference and the different ways of thinking about the achievement of liberal goods in other places Pointing to key elements in still ongoing debates within liberal states about how they should relate to illiberal places *Progress Pluralism and Politics* enriches the discussion on political thought and the relationship between liberalism and colonialism **Canadian Founding** Janet Ajzenstat, 2007-05-28 Convinced that rights are inalienable and that legitimate
