Roads And Rivals The Political Uses Of Access In The Borderlands Of Asia:

Roads and Rivals Mahnaz Z. Ispahani, 1989 In *Roads and Rivals* Mahnaz Ispahani explores the crucial but unacknowledged role that land routes have played in the strategic political and economic evolution of those borderlands She shows that routes are a pivot around which a regional biography can be written and provides ample evidence for the link between security and development policies of Third World states

Roads and Rivals Mahnaz Z. Ispahani, 1989 *Roads and Rivals* Mahnaz Ispahani, 2019-05-15 Over the past two centuries the borderlands of Central South and West Asia have been transformed from the remote peripheries into areas of intense regional and international interest In *Roads and Rivals* Mahnaz Ispahani explores the crucial but unacknowledged role that land routes have played in the strategic political and economic evolution of those borderlands

Infrastructure and the Remaking of Asia Max Hirsh, Till Mostowlansky, 2022-10-31 In the twenty first century infrastructure has undergone a seismic shift from West to East Once concentrated in Europe and North America global infrastructure production today is focused squarely on Asia *Infrastructure and the Remaking of Asia* investigates the deeper implications of that pivot to the East Written by leading international infrastructure experts it demonstrates how new roads airports pipelines and cables are changing Asian economies societies and geopolitics from the Bosphorus to Beijing and from Indonesia to the Arctic Ten tightly interwoven case studies powerfully illustrate infrastructure s leading role in three global paradigm shifts climate change digitalization and China s emergence as a superpower Combining social science methods with mapping techniques from the design professions *Infrastructure and the Remaking of Asia* establishes a dialogue between academic research on infrastructure and the professional insights of those responsible for infrastructure s planning production and operation By applying that mixed method to transport energy telecommunication and resource extraction projects across Asia the book synthesizes research on infrastructure from six academic fields while making those insights accessible to a wider audience of students professionals and the general public For links to the open access PDF and EPUB editions chapter downloads and detailed information visit the project website <https://infrastructureasia.net>

Connectivity Geopolitics in Nepal Bipin Ghimire, 2025-11-20 This book is a critical articulation of Nepal s connectivity geopolitics offering a triangular analysis of the country s geopolitics connectivity and foreign policy By elucidating the interplay between these elements it contributes to a deeper understanding of how smaller states strategically balance aspirations and trade offs in navigating the contemporary reality of connectivity geopolitics amidst competing global interests Furthermore it helps us examine how insights generated from a country s history of strategic culture could be valuable in navigating the contemporary reality of connectivity geopolitics and why one should not take foreign support for connectivity at face value The narrative portrays the Cold War and post Cold War dynamics between superpowers and regional powers like China and India in South Asia elucidating how their relations shape the region s politics This study also examines how smaller states such as Nepal establish their agency by navigating external pressures

while asserting their strategic interests By introducing connectivity as an analytical lens the book transcends the conventional lens of security and small state as approaches to Nepal's foreign policy Central to the book's analysis is Nepal's foreign policy and its navigation of regional politics striving to balance the interests of India and China during the Cold War era and also the contemporary era Consequently regional politics emerges as a prominent theme within the book

Ethno-political Conflict in Pakistan Rizwan Zeb, 2019-12-12 This book critically examines the causes of the increase in insurgent violence in Balochistan and explores the relations between the national government of Pakistan and the province of Balochistan Based on historical analysis the book argues that the national government of Pakistan and the leaders of Balochistan both use a standard narrative when dealing with each other According to the Baloch narrative Islamabad exploits Balochistan's natural resources without giving Balochistan its due share and has never accepted and granted Balochistan equal rights The centre's narrative emphasizes the tribal character of the Baloch society and suggests that the Baloch elite hinder Balochistan's integration with the federation This book demonstrates that both narratives are inherently flawed and presents a precipitous picture of the problem of insurgent violence It also shows that the Baloch leadership is divided along tribal lines and lacks a unified voice and proposes that the Baloch elite use the narrative of enduring injustice only as a source of politicization of Baloch ethnicity when an actual or perceived injustice is taking place An important addition to the literature on ethno-political conflicts this unique analysis of the importance of narrative in the imagination of political movements will be of interest to scholars in the fields of South Asian studies ethnic conflicts separatist and political movements and Asian politics

The Legend of the Golden Boat Andrew Walker, 1999-09-01 The Legend of the Golden Boat provides a new approach to the study of Southeast Asia's northern borderlands Based on extensive travel in the upper Mekong hinterland it is a fascinating account of the lives of the transport operators traders entrepreneurs and government officials This ethnographic study is set against an intriguing background of war revolution and reform providing one of the most detailed histories of the upper Mekong borderlands ever written Contemporary developments in the upper Mekong region are often interpreted in terms of the emergence of a trans-border Economic Quadrangle characterized by liberalization integration and cooperation This book seeks to go beyond this promotional rhetoric and explore the ambiguities and contradictions in the Quadrangle's development

Kashmir's Untold Story Iqbal Chand Malhotra, Maroof Raza, 2019-09-18 Why has this state of siege in the Kashmir valley continued for 72 years since the Partition of India What role has Pakistan played in it all of these years And will there ever be a resolution to the militancy in the state How will Islamabad get the forces of Islamic jihad nurtured and based in Pakistan to ever reconcile to the existing boundaries of J K How important is the ownership of the waters of the rivers of the Indus system for Pakistan despite generous supplies under the Indus Waters Treaty in determining an end to the siege within Kashmir What are China's interests in J K and how does the success of the China Pakistan Economic Corridor CPEC for oil and gas supplies hinge on Pakistan's occupation of

northern areas of Kashmir Why does the future survival and growth of the Chinese microchip industry depend upon the continuance of China's control of the waters and dams in the Indus river system Kashmir's Untold Story Declassified provides answers to these gripping questions and joins the dots in presenting the matrix of a consistent and compelling argument regarding the future of the state of Jammu and Kashmir Today the state's water resources are coveted by the beleaguered Chinese microchip industry and it appears that this is going to determine the continuing militancy in the state Malhotra and Raza argue that China and its client Pakistan will actively back the militancy come what may Delving deeper the book also reveals amazing insights into the Government of India's policy towards the state right from 1889 when it first imposed central rule and dispossessed the rule of the then Maharaja till date Owing to its strategic location the intrigues within the state and the machinations of its neighbours have resulted in the government directly administering its affairs one way or the other for the last 130 years It is a riveting account of the history of Jammu and Kashmir from the time of its political and geographic consolidation under Maharaja Gulab Singh to present day India The Sino-Indian Rivalry Sumit Ganguly, Manjeet S. Pardesi, William R. Thompson, 2023-06-29 Drawing on a wide body of literature on international rivalries this comprehensive and theoretically grounded work explains the origins and evolution of the Sino Indian rivalry Contrary to popular belief the authors argue that the Sino Indian rivalry started almost immediately after the emergence of the two countries in the global arena They demonstrate how the rivalry has systemic implications for both Asia and the global order intertwining the positional and spatial dimensions that lie at the heart of the Sino Indian relationship Showing how this rivalry has evolved from the late 1940s to the present day the essays in this collection underscore its significance for global politics and highlight how the asymmetries between India and China have the potential to escalate conflict in the future

Globalizing Geographies: Perspectives from Eurasia Ms A Sengupta, Ms S Chatterjee, 2014-12-15 This volume examines the Eurasian engagement with geographies of globalisation through an understanding of the intersection of space and place in Eurasia Eurasian encounters with globalisation in terms of shifting spheres in politics economics and culture levels of integration and the intricate patterns of roads and routes It also takes note of challenges encountered by social groups and communities in the face of globalising tendencies The role of emerging alternatives within the region and community partnerships in Eurasia has also been addressed Written by Eurasian scholars and others working on the region it takes note of the formal and informal linkages between local communities and the larger global arena of which they are a part The Eurasian context and the changing contours of Eurasia's globalised space have been addressed in this book The book would be of value to scholars and practitioners engaged in policy debates and area studies
