Roads To Center Place A Cultural Atlas Of Chaco Canyon And The Anasazi:

Roads to Center Place Kathryn Gabriel,1991 Within the canyon country of New Mexico Arizona Utah and Colorado the Anasazi built an elaborate system of carefully engineered roadways Many of the roads connect to sites in Chaco Canyon New Mexico and required an enormous amount of human labor to create but the function and significance of these roads remain a mystery The Architecture of Chaco Canyon, New Mexico Stephen H Lekson,2007-06-13 A fresh volume on the ancient

structures of Chaco Canyon built by native peoples between AD 850 and 1130 that unifies older information on the area with new advanced research techniques focusing on studies of technology and building types analyses of architectural change and readings of the built environment aided by over 150 maps floor plans elevations and photos *Reading and Mapping*

Hardy's Roads Scott Rode,2006-06-23 This book examines Thomas Hardy s representations of the road and the ways the archaeological and historical record of roads inform his work Through an analysis of the uneven and often competing road signs found within three of his major novels *The Return of the Native* *Tess of the D Urbervilles* and *Jude the Obscure* and by mapping the road travels of his protagonists this book argues that the road as represented by Hardy provides a palimpsest that critiques the Victorian construction of social and sexual identities Balancing modern exigencies with mythic possibilities Hardy s fictive roads exist as contested spaces that channel desire for middle class assimilation even as they provide the means both to reinforce and to resist conformity to hegemonic authority *In the Sun's House* Kurt Caswell,2011-04-14 In the year he spent teaching at Borrego Pass a remote Navajo community in northwest New Mexico Kurt Caswell found himself shunned as persona non grata His cultural missteps status as an interloper and white skin earned him no respect in the classroom or the community those on the reservation assumed he would come and go like so many teachers had before But as Caswell attempts to bridge the gap between himself and those who surround him he finds his calling as a teacher and develops a love for the rich landscape of New Mexico and manages a hard won truce between his failings and successes
