Robber Barons The Great American Capital:

The Robber Barons Matthew Josephson, 1962 Includes material on John D Rockefeller J Pierpoint Morgan Cornelius Vanderbilt William H Vanderbilt Andrew Carnegie E H Harriman Jay Gould Jim Fisk Jay Cooke Daniel Drew Henry C Frick James J Hill Charles M Schwab Henry Villard Standard Oil Company trusts *Eugene O'Neill National Historic Site, California* Sarah Olson, 1983

Core Values in American Life Arthur Neal, 2017-09-29 What values do Americans hold dear What happens when real world situations cause those values to conflict To better understand the intellectual map of how American society works Arthur G Neal and Helen Youngelson Neal analyze values prominent in American word and deed These values appear in our nation's formal documents rights and privileges prominently emphasized in the US Constitution and inscribed on the Statue of Liberty They have shaped the historical destiny and indeed include those values most extensively propagated by the general population Using these criteria the authors identify individualism the pursuit of happiness freedom consumerism materialism equality of opportunity technology mastery of the environment quality of marriage and national unity as the core American values Core values provide the raw materials for the construction of contemporary society as a moral community wherever that community is located Such values are clusters of ideas that are central to self identities they generate a sense of collective belonging and membership As such core values define the existing social order and advance a set of ideas for depicting a desirable future The analysis presented here helps us understand contemporary conflicts inherent in the American value system and the problems confronted by Americans as they try to live within the limitations and contradictions of value systems

Philadelphia Gentlemen E. Digby Baltzell, 2017-07-05 This proper Philadelphia story starts with the city's golden age at the close of the eighteenth century It is a classic study of an American business aristocracy of colonial stock with Protestant affiliations as well as an analysis of how fabulously wealthy nineteenth century family founders in Boston New York and Philadelphia supported various exclusive institutions that in the course of the twentieth century produced a national upper class way of life But as that way of life became an end of itself instead of an effort to consolidate power and control the upper class outlived its function this argues Baltzell is precisely what took place in the Philadelphia class system Philadelphia Gentlemen emphasizes that class is largely a matter of family whereas an elite is largely a matter of individual achievement The emphasis in Philadelphia on old classes in contrast to the emphasis in New York and Boston on individual achievement and elite striving helps to explain the dramatically different outcomes of ruling class domination in major centers of the Eastern Establishment In emphasizing class membership or family prestige the dynamics of industrial and urban life passed by rather than through Philadelphia As a result in the race for urban preeminence Philadelphia lost precious time and eventually lost the struggle for ruling preeminence as such When the book initially appeared it was hailed by The New York Times as a very very important book Writing in the pages of the American Sociological Review Seymour Martin Lipset noted that Philadelphia Gentlemen says

important things about class and power in America and says them in ways that will interest and fascinate both sociologists and laymen And in the American Historical Review Baltzell's book was identified simply as a gold mine of information In short for sociologists historians and those concerned with issues of culture and *Party Ideologies in America, 1828-1996* John Gerring, 2001-02-05 This book first published in 1998 presents historical analysis of the ideologies of major American parties from the early nineteenth century onwards Capital's Utopia Anne E. Mosher, 2020-03-03 In the 1890s the Apollo Iron and Steel Company ended a bitterly contested labor dispute by hiring replacement workers from the surrounding countryside To avoid future unrest however the company sought to gain tighter control over its workers not only at the factory but also in their homes Drawing upon a philosophy of reform movements in Europe and the United States the firm decided that providing workers with good housing and a good urban environment would make them more loyal and productive In 1895 Apollo Iron and Steel built a new integrated non unionized steelworks and hired the nation's preeminent landscape architectural firm Olmsted Olmsted and Eliot to design the model industrial town Vandergrift In Capital's Utopia Vandergrift Pennsylvania 1855-1916 Anne E Mosher offers the first comprehensive geographical overview of the industrial restructuring of an American steelworks and its workforce in the late nineteenth century In addition by offering a thorough analysis of the Olmsted plan Mosher integrates historical geography and labor history with landscape architectural history and urban studies As a result this book is far more than a case study It is a window into an important period of industrial development and its consequences on communities and environments in the world famous steel country of southwestern Pennsylvania **Mark Twain and the American West** Joseph L. Coulombe, 2011 In Mark Twain and the American West Joseph Coulombe explores how Mark Twain deliberately manipulated contemporary conceptions of the American West to create and then modify a public image that eventually won worldwide fame He establishes the central role of the western region in the development of a persona that not only helped redefine American manhood and literary celebrity in the late nineteenth century but also produced some of the most complex and challenging writings in the American canon Coulombe sheds new light on previously underappreciated components of Twain's distinctly western persona Gathering evidence from contemporary newspapers letters literature and advice manuals Coulombe shows how Twain's persona in the early 1860s as a hard drinking low living straight talker was an implicit response to western conventions of manhood He then traces the author's movement toward a more sophisticated public image arguing that Twain characterized language and authorship in the same manner that he described western men direct bold physical even violent In this way Twain capitalized upon common images of the West to create himself as a new sort of western outlaw one who wrote Coulombe outlines Twain's struggle to find the proper balance between changing cultural attitudes toward male respectability and rebellion and his own shifting perceptions of the East and the West Focusing on the tension between these goals Coulombe explores Twain's emergence as the moneyed and masculine man of letters his treatment of American Indians in its relation to his depiction of

Jim in Adventures of Huckleberry Finn the enigmatic connection of Huck Finn to the natural world and Twain's profound influence on Willa Cather's western novels Mark Twain and the American West is sure to generate new interest and discussion about Mark Twain and his influence By understanding how conventions of the region conceptions of money and class and constructions of manhood intersect with the creation of Twain's persona Coulombe helps us better appreciate the writer's lasting effect on American thought and literature through the twentieth century and into the twenty first J.P. Morgan and the Transportation Kings Steven H. Gittelman,2012-03-23 The concept was simple to link American railroads and global dominance of the seas with a railroad line through China and Russia enter the back door of Europe and create new royalty the Transportation Kings Vanderbilt Hill Morgan and Harriman all pursued the grand dream They were America's industrial princes poised for their greatest accomplishments only to find that they had not considered the gauntlet awaiting them in the courts of kings and Kaisers parliaments and congress They awoke John Bull and helped precipitate revolution in China They brought about the building of Lusitania and in reaction they owned and built the Titanic We all know how the disaster story ends this is how the story came about **John Jacob Astor** Axel Madsen,2002-02-28 On The Deal Maker How William C Durant Made General Motors A well written biography New York Times On Stanwyck The Life and Times of Barbara Stanwyck Madsen's admirably researched insightful portrait of her aloof nature reveals she was always torn between her wish to give of herself and her need to be in control Christian Science Monitor On Chanel A Woman of Her Own Fascinating Takes the reader behind the coromandel veneers of Chanel's life New York Times Book Review Carefully knits together the complex pattern of Chanel's complicated existence It's not an easy task Toronto Globe and Mail On Gloria and Joe Axel Madsen finally gives the public a fascinating chronicle of the romance that could have ruined more than two careers Dallas Morning News On Cousteau Both critical and understanding And it is exceptionally readable Readers are well advised to take the plunge Chicago Tribune On Malraux Will stand as the best of more than a dozen books about Malraux in print Kansas City Star **The Restless City** Joanne Reitano,2010-07-01 The Restless City A Short History of New York from Colonial Times to the Present is a short lively history of the world's most exciting and diverse metropolis It shows how New York's perpetual struggles for power wealth and status exemplify the vigor creativity resilience and influence of the nation's premier urban center The updated second edition includes nineteen images and brings the story right up through the mayoral election of 2009 In these pages are the stories of a broad cross section of people and events that shaped the city including mayors and moguls women and workers and policemen and poets Joanne Reitano shows how New York has invigorated the American dream by confronting the fundamental economic political and social challenges that face every city Energized by change enriched by immigrants and enlivened by provocative leaders New York City's restlessness has always been its greatest asset
