Aesthetics and the Revolutionary City James Clifford Kent, 2018-09-22 Aesthetics and the Revolutionary City engages in alternative ways of reading foreign visual representations of Havana through analysis of advertising images documentary films and photographic texts It explores key narratives relating to the projection of different Havana imaginaries and focuses on a range of themes including pre revolutionary Cuba the dream of revolution and the metaphor of the city frozen in time The book also synthesizes contemporary debates regarding the notion of Havana as a real and imagined city space and fleshes out its theoretical insights with a series of stand alone important case studies linked to the representation of the Cuban capital in the Western imaginary The interpretations in the book bring into focus a range of critical historical moments in Cuban history including the Cuban Revolution and the Special Period and consider the ways in which they have been projected in advertising documentary film and photography outside the island **Havana** Robert Polidori, Elizabeth Culbert, Eduardo Luis Rodríguez, 2001-01-01 Havana is a particularly rich setting for Polidori s inquiries The curves and columns that line the streets refer to past eras and speak of the political social and economic forces that have driven the city to its present condition **Robert Polidori** Robert Polidori, 2005 A wide ranging collection of images by renowned photographer Robert Polidori is showcased to great effect in this Stern Portfolio Haunting cityscapes of Shanghai and Brasilia are included along with photographs that reveal the social life beneath the patina of Havana s old quarter and imbue the city with its distinctive identity Also included are Polidori s disturbing yet stunning pictures from the abandoned region around Chernobyl 15 years after the nuclear plant was destroyed there By contrast the chapter on Versailles highlights the restoration of faded aristocratic elegance On the surface this Canadian born New York based photographer s subjects are buildings but his real interest is habitat He focuses his camera on the remnants and traces of the living he finds left in backrooms in solitary corridors and worn on naked facades to set up surprising contrasts and unique perspectives In doing so he succeeds in capturing the true essence of a place and in his masterful compositions the inner lives of people and their memories spring to life and unfold before our eyes ILLUSTRATIONS 46 photos [Inside Havana](#), 2002-07 Having enjoyed four years of unprecedented access to the private interiors of Cuba s capital Moore has created an unrivaled portrait of both its legendary historic architecture and the city s inner life 80 color photos *Caviar with Rum* Jacqueline Loss, José Manuel Prieto González, 2012-09-06 No country in Latin America has escaped the symbolic influence of the United States to the

extent that Revolutionary Cuba has This resistance meant that for approximately three decades the Soviet Union had an invitation to intervene in practically all Cuban spheres With sixteen essays by renowned writers and artists Caviar with Rum Cuba USSR and the Post Soviet Experience is the first book of its kind to bring to life how and why the Soviet period is revisited these days and what this means for creative production and the future of geopolitics **Chronophagia** Robert Polidori, 2014 From his images of the Chateau of Versailles under restoration to the faded grandeur of Havana to scenes of devastation from Chernobyl after the nuclear explosion and a New Orleans ravaged by Hurricane Katrina Robert Polidori is drawn to detritus shattered worlds and elegant ruin Often considered an architectural photographer Polidori captures more than buildings his highly detailed views of interiors evoke both the intimate and the mysterious wherein the humanity of these photos is felt in its very absence in the traces left behind in vacant spaces once inhabited This book is a sampling of Polidori's many famous projects created from the artist's own selection of more than one hundred photographs The result is a compendium of Polidori's twenty eight year career and a visual exploration of the liminal space between past and present of worlds on the brink of disappearance Havana Before Castro Peter Moruzzi, 2008-07-01 Take a trip to the golden age of Havana in this gorgeously illustrated volume of vintage photographs postcards brochures and other ephemera Featuring hundreds of historic images and cultural artifacts Havana Before Castro documents how the Cuban capital evolved from a Prohibition Era getaway destination to a heady blend of glittering nightclubs outrageous cabarets all night bars and backstreet brothels Here captured in one amazing book is the drama passion intrigue and opulence of a legendary city during its heyday before the Castro regime took over and Americans were banned from travel to this tropical paradise In chapters covering such topics as Cuban rum and cigars the world famous Tropicana Club and Havana's association with the mob author Peter Moruzzi provides essential historical context for the many fascinating and evocative images **Beyond the Supersquare** Antonio Sergio Bessa, 2014-07-01 Beyond the Supersquare Art and Architecture in Latin America after Modernism which developed from a symposium presented by the Bronx Museum of the Arts in 2011 showcases original essays by distinguished Latin American architects historians and curators whose research examines architecture and urban design practices in the region during a significant period of the twentieth century Drawing from the exuberant architectural projects of the 1940s to the 1960s as well as from critically engaged artistic practices of the present day the essays in this collection reveal how the heroic visions and utopian ideals popular in architectural discourse during the modernist era bore complicated legacies for Latin America the consequences of which are evident in the vastly uneven economic conditions and socially disparate societies found throughout the region today The innovative contributions in this volume address how the modernist movement came into being in Latin America and compellingly explore how it continues to resonate in today's cultural discourse Beyond the Supersquare takes themes traditionally examined within the strict field of urbanism and architecture and explores them against a broader range of disciplines including the global economy political science gender

visual arts philosophy and urban planning Containing a breadth of scholarship this book offers a compelling and distinctive view of contemporary life in Latin America Among the topics explored are the circulation of national cultural identities through architectural media the intersection of contemporary art and urban social politics and the recovery of canonically overlooked figures in art and architectural histories such as Lina Bo Bardi and Joao Filgueiras Lima Lele from Brazil Juan Legarreta of Mexico and Henry Klumb in Puerto Rico
