Robert Browning His Poetry And His Audiences:

Robert Browning Lee Erickson, 1984 *The Poetry of Robert Browning* Britta Martens, 2016-01-01 Robert Browning's pre eminent status amongst Victorian poets has endured despite the recent broadening of the literary canon He is the main practitioner of the period's most important poetic genre the dramatic monologue while his engagement with many aspects of nineteenth century culture makes him a key figure in the wider field of Victorian studies This stimulating introduction to Browning criticism provides an overview of the major responses to the poet's work over the last two hundred years It offers an insightful guide to criticism from various theoretical perspectives elucidating Browning's participation in Victorian debates about aesthetics history politics religion gender and psychology **Robert Browning: His Poetry and His Audiences** Lee Erickson, 1980 The Poet and His Audience Ian Jack, 1984-07-05 A systematic exploration of the influence of readers on the shaping of six major poets works **Elizabeth Barrett and Robert Browning** Mary Sanders Pollock, 2016-04-28 First published in 2003 this book examines the creative partnership of Elizabeth Barrett and Robert Browning and provides a critical analysis of the poems written by this famous couple during the 16 year period of their friendship courtship and marriage Even quite early in their relationship the Brownings shared a frame of reference similar themes narrative structures and details of phrasing resonate in their works and suggest dialogue rather than merely mutual influence Pollock traces parallels between the Brownings lives and works even before they met and then throughout their courtship and married life suggesting that their creative dialogue continued after Barrett Browning died in 1861 as her presence and themes continued to inform Browning's poetry for at least a decade afterward *Browning, Victorian Poetics and the Romantic Legacy* Dr Britta Martens, 2013-05-28 Taking an original approach to Robert Browning's poetics Britta Martens focuses on a corpus of relatively neglected poems in Browning's own voice in which he reflects on his poetry his self conceptualization and his place in the poetic tradition She analyzes his work in relation to Romanticism Victorian reactions to the Romantic legacy and wider nineteenth century changes in poetic taste to argue that in these poems as in his more frequently studied dramatic monologues Browning deploys varied dramatic methods of self representation often critically and ironically exposing the biases and limitations of the seemingly authoritative speaker Browning The poems thus become devices for Browning's detached evaluation of his own and of others poetics an evaluation never fully explicit but presented with elusive economy for the astute reader to interpret The confrontation between the personal authorial voice and the dramatic voice in these poems provides revealing insights into the poet's highly self conscious conflicted and sustained engagement with the Romantic tradition and the diversely challenging reader expectations that he faces in a post Romantic age As the Victorian most rigorous in his rejection of Romantic self expression Browning is a key transitional figure between the sharply antagonistic periods of Romanticism and Modernism He is also as Martens persuasively demonstrates a poet of complex contradictions and an illuminating case study for addressing the perennial issues of voice authorial authority and

self reference **Robert Browning's Romantic Irony in The Ring and the Book** Patricia Diane Rigg,1999-06 This study is a reading of Robert Browning as an ironist in the tradition of the German Romanticist Friedrich Schlegel who coined the term Romantic irony Specifically Patricia Diane Rigg considers historicity or historical truth in Browning's The Ring and the Book by distinguishing between the processes of representation and re presentation within the context of Romantic irony

Allegories of One's Own Mind David G. Riede,2005 Perhaps because major Victorians like Thomas Carlyle and Matthew Arnold proscribed Romantic melancholy as morbidly diseased and unsuitable for poetic expression critics have neglected or understated the central importance of melancholy in Victorian poetry Allegories of One's Own Mind re directs our attention to a mode that Arnold was rejecting as morbid but also acknowledging when he disparaged the widely current idea that the highest ambition of poetry should be to present an allegory of the poet's own mind This book shows how early Victorian poets suffered from and railed against what they perceived to be a disabling post Wordsworthian melancholy we might refer to it as depression and yet benefited from this self absorbed or love obsessed state which ironically made them more productive David G Riede argues that the dominant thematic and formal concerns of the age in fact are embodied in the ambivalence of Carlyle Arnold and others who pitted a Victorian ideology of duty rationality and high moral character against a still compelling Romantic cultivation of the deep self intuited as melancholy Such ambivalence in fact is in itself constitutive of melancholy long understood as the product of conscience raging against inchoate desire and it constitutes the mood of the age's most important poetry represented here in the major works of Alfred Tennyson Elizabeth Barrett Browning and even in the notoriously optimistic Robert Browning David G Riede is professor of English at The Ohio State University *An "Idle Singer" and his audience* Delbert R.
