John Sutherland

Robert Elsmere Victorian Fiction Novels Of Faith And Doubt:

The Stanford Companion to Victorian Fiction John Sutherland,1989 An engaging guide to a rich literary heritage The Stanford Companion presents a fascinating parade of novels authors publishers editors reviewers illustrators and periodicals that created the culture of Victorian fiction Its more than 6 000 alphabetical entries provide an incomparable range of useful and little known source material its scholarship enlivened by the author s wit and candor *Victorian Faith in Crisis* Richard J. Helmstadter,1990 A Stanford University Press classic *Evolutionary Naturalism in Victorian Britain* Bernard Lightman,2023-05-31 Scholars have tended to portray T H Huxley John Tyndall and their allies as the dominant cultural authority in the second half of the 19th century Defenders of Darwin and his theory of evolution these men of science are often seen as a potent force for the secularization of British intellectual and social life In this collection of essays Bernard Lightman argues that historians have exaggerated the power of scientific naturalism to undermine the role of religion in middle and late Victorian Britain The essays deal with the evolutionary naturalists especially the biologist Thomas Henry Huxley the physicist John Tyndall and the philosopher of evolution Herbert Spencer But they look also at those who criticized this influential group of elite intellectuals including aristocratic spokesman A J Balfour the novelist Samuel Butler and the popularizer of science Frank Buckland Focusing on the theme of the limitations of the cultural power of evolutionary naturalism the volume points to the enduring strength of religion in Britain in the latter half of the 19th century

Theology and the Victorian Novel James Russell Perkin,2009 Religious issues played a prominent role in Victorian England and had a profound influence on the culture of that period In *Theology And The Victorian Novel* J Russell Perkin shows that even the apparently secular world of the realist novel is shaped by the theological debates of its time Beginning with a wide ranging introduction that explains why a theological reading of Victorian fiction is both rewarding and timely Perkin also addresses religion s return to prominence in the twenty first century confounding earlier predictions of its imminent demise Chapters on William Thackeray Charlotte Bront Charlotte Yonge Anthony Trollope George Eliot and Thomas Hardy are followed by a concluding discussion of Mary Ward and Walter Pater that relates Pater s *Marius* the Epicurean to postmodern theology and shows how it remains a religious classic for our own time Informed by extensive knowledge of the religion and culture of the period *Theology And The Victorian Novel* significantly alters the way that the Victorian novel should be read **The Oxford Handbook of the Victorian Novel** Lisa Rodensky,2013-07-11 The Oxford Handbook of the Victorian Novel contributes substantially to a thriving scholarly field by offering new approaches to familiar topics as well as essays on topics often overlooked *The Longman Companion to Victorian Fiction* John Sutherland,2014-10-13 With over 900 biographical entries more than 600 novels synopsized and a wealth of background material on the publishers reviewers and readers of the age the Longman Companion to Victorian Fiction is the fullest account of the period s fiction ever published Now in a second edition the book has been revised and a generous selection of

images have been chosen to illustrate various aspects of Victorian publishing writing and reading life Organised alphabetically the information provided will be a boon to students researchers and all lovers of reading The entries though concise meet the high standards demanded by modern scholarship The writing marked by Sutherland's characteristic combination of flair clarity and erudition is of such a high standard that the book is a joy to read as well as a definitive work of reference

A Victorian Dissenter David E. Seip, 2018-04-24 This book introduces the reader to Robert Govett 1813-1901 dissenting clergyman and author who wrote as a scholar of biblical prophecy primarily on the subject of the exclusion of believers in the Millennial Kingdom an idea of which he conceived The purpose of the book is threefold 1 to describe Govett his life and his printed work 2 to analyze Govett's eschatological beliefs especially those he originated and 3 to investigate why a respected theologian in England who had published over 180 books and tracts disappeared from dissenting print culture early in the twentieth century Govett's doctrine of exclusion was heavily intertwined with most of his writings It was a topic that he developed throughout his career Yet as the center of dispensationalism shifted to America Govett's views of the Rapture began to be seen as extreme The book explains why Govett was eclipsed as the center of the evangelical movement shifted and its theology ossified Since his death Govett has been occasionally remembered in scholarship but with increasing inaccuracies and skepticism This book seeks to remove the mystery

The Art of Allusion in Victorian Fiction Michael Wheeler, 1979-06-17

The Palgrave Encyclopedia of Victorian Women's Writing Lesa Scholl, Emily Morris, 2022-12-15 Since the late twentieth century there has been a strategic campaign to recover the impact of Victorian women writers in the field of English literature However with the increased understanding of the importance of interdisciplinarity in the twenty-first century there is a need to extend this campaign beyond literary studies in order to recognise the role of women writers across the nineteenth century a time that was intrinsically interdisciplinary in approach to scholarly writing and public intellectual engagement

Science and Religion in Neo-Victorian Novels John Glendening, 2013-04-17 Criticism about the neo-Victorian novel a genre of historical fiction that reimagines aspects of the Victorian world from present-day perspectives has expanded rapidly in the last fifteen years but given little attention to the engagement between science and religion Of great interest to Victorians this subject often appears in neo-Victorian novels including those by such well-known authors as John Fowles A.S. Byatt Graham Swift and Mathew Kneale This book discusses novels in which nineteenth-century science including geology paleontology and evolutionary theory interacts with religion through accommodations conflicts and crises of faith In general these texts abandon conventional religion but retain the ethical connectedness and celebration of life associated with spirituality at its best Registering the growth of nineteenth-century secularism and drawing on aspects of the romantic tradition and ecological thinking they honor the natural world without imagining that it exists for humans or functions in reference to human values In particular they enact a form of wonderment the capacity of the mind to make sense of creatively adapt and enjoy the world out of which it has evolved in

short to endow it with meaning Protagonists who come to experience reality in this expansive way release themselves from self anxiety and alienation In this book Glendening shows how by intermixing past and present fact and fiction neo Victorian narratives with a few instructive exceptions manifest this pattern
