Night Trains:

Night Trains Andrew Martin, 2017-02-09 Night trains have long fascinated us with the possibilities of their private sleeping compartments gilded dining cars champagne bars and wealthy travellers Authors from Agatha Christie to Graham Greene have used night trains to tell tales of romance intrigue and decadence against a rolling background of dramatic landscapes The reality could often be as thrilling early British travellers on the Orient Express were advised to carry a revolver as well as a teapot In Night Trains Andrew Martin attempts to relive the golden age of the great European sleeper trains by using their modern day equivalents This is no simple matter The night trains have fallen on hard times and the services are disappearing one by one But if the Orient Express experience can only be recreated by taking three separate sleepers the intriguing characters and exotic atmospheres have survived Whether the backdrop is 3am at a Turkish customs post the sun rising over the Riviera or the constant twilight of a Norwegian summer night Martin rediscovers the pleasures of a continent connected by rail By tracing the history of the sleeper trains he reveals much of the recent history of Europe itself The original sleepers helped break down national barriers and unify the continent Martin uncovers modern instances of European unity and otherwise as he traverses the continent during interesting times with Brexit looming Against this tumultuous backdrop he experiences his own smaller dramas as he fails to find crucial connecting stations ponders the mystery of the compartment dog and becomes embroiled in his very own night train whodunit Night Trains Peter T. Maiken, 1992 Forty years ago it was the way to travel Back then one could climb between crisp linens and soft blankets adjust the oversized pillows and watch America speed by in the night With more than 300 photographs and 50 maps Night Trains is a lively account of the Pullman enterprise during the golden years of its operation from 1920 to 1955 when the remarkable sleeping car system routinely played host to more than 50 000 guests nightly A compelling tribute to a bygone time when getting there was half the fun An education for the young and a scrapbook for those who remember Herald Dispatch

Innovation with Manchester to Paris Night Trains Using Existing Rail Resources Tony Baldwinson, 2012 Stop the Train! I Want to Get On Graham Hutchins, 2014-08-01 Graham Hutchins fell in love with trains at an early age As a youngster growing up in the railway town of Te Kuiti he would gaze on the steaming monsters as they thundered through the King Country Before long train travel became more than a pastime more than a fascination he was hooked As he recounts in this book he was just ten years old when he undertook a journey alone on the night train to Auckland From then on he travelled as much as he could and later as a young man searched out the smaller forgotten lines to experience what they had to offer Stop the Train I want to get on describes his experiences travelling throughout New Zealand on regular passenger trains railcars goods trains and work trains The routes he traverses include the Central Otago line the Gisborne Railcar the Southerner to Invercargill a mixed train through rural Taranaki a workers train from Greymouth on the Rewanui Incline the Endeavour to Hawke s Bay the Silver Fern Railcar and more Many services have now been axed but he vividly recalls their

delights from the scenery outside to the often primitive conditions inside and the people he encounters along the way He also tells many engaging tales about the history of the lines and what makes each so distinctive Sometimes alone on other occasions with his wife Jenny or his mate Russell he conveys the unique experience and sheer pleasure of rail travel in every corner of New Zealand from the 1950s to the present day Some people take to the bottle others go shopping I jump on a train if I can find one and wait for the swish and sway to take me away Away from the down times For me the diversion comes as much from the rhythm as the passing landscapes from the train window Graham Hutchins remembers the incredibly varied journeys he has taken by train throughout New Zealand They have given him a lifetime of pleasure Night trains and The Northerner The Midland Line Christchurch to the West Coast The Gisborne Railcar The Central Otago Line Alexandra to Dunedin The Picton Christchurch Railcar The Silver Star Auckland to Wellington Greymouth to Rewanui and back By mixed train on the Stratford to Okahukura Line Hamilton to Mount Maunganui The Silver Fern Railcar on the Main Trunk Line The Endeavour Wellington to Napier The Southerner Christchurch to Invercargill The Northern Explorer **Rick Steves**

Low-tech Magazine 2012-2018 Kris De Decker,2019-03-18 Low tech Magazine underscores the potential of past and often forgotten technologies and how they can inform sustainable energy practices Sometimes past technologies can be copied without any changes More often interesting possibilities arise when older technology is combined with new knowledge and new materials or when past concepts and traditional knowledge are applied to modern technology Inspiration is also to be found in the so called developing world where resource constraints often lead to inventive low tech solutions

The Railroad in American Fiction Grant Burns,2015-01-28 Nothing better represented the early spirit of American expansion than the railroad Dominant in daily life as well as in the popular imagination the railroad appealed strongly to creative writers For many years fiction of railroad life and travel was plentiful and varied As the nineteenth century receded the railroad s allure faded as did railroad fiction Today it is hard to sense what the railroad once meant to Americans The fiction of the railroad often by railroaders themselves recaptures that sense and provides valuable insights on American cultural history This extensively annotated bibliography lists and discusses in 956 entries novels and short stories from the 1840s to the present in which the railroad is important Each entry includes plot and character description to help the reader make an informed decision on the source s merit A detailed introduction discusses the history of railroad fiction and highlights common themes such as strikes hoboos and the roles of women and African Americans Such writers of pure railroad fiction as Harry Bedwell Frank Packard and Cy Warman are well represented along with such literary artists as Mark Twain Thomas Wolfe Flannery O Connor and Ellen Glasgow Work by minority writers including Jean Toomer Richard Wright Frank Chin and Toni Morrison also receives close attention An appendix organizes entries by decade of publication and the work is indexed by subject and title
