Cohen,Julian Yates,2023-06-13 A timely rethinking of the archetypal story of Noah the great flood and who was left behind as the waters rose Most people know the story of Noah from a children s bible or a play set with a colorful ship bearded Noah pairs of animals and an uncomplicated vision of survival Noah s ark however will forever be haunted by what it leaves to the rising waters so that the world can begin again In Noah s Arkive Jeffrey J Cohen and Julian Yates examine the long history of imagining endurance against climate catastrophe as well as alternative ways of creating refuge They trace how the elements of the flood narrative were elaborated in medieval and early modern art text and music and now shape writing and thinking during the current age of anthropogenic climate change Arguing that the biblical ark may well be the worst possible exemplar of human behavior the chapters draw on a range of sources from the Epic of Gilgamesh and Ovid s tale of Deucalion and Pyrrha to speculative fiction climate fiction and stories and art dwelling with environmental catastrophe Noah s Arkive uncovers the startling afterlife of the Genesis narrative written from the perspective of Noah s wife and family the animals on the ark and those excluded and so left behind to die This book of recovered stories speaks eloquently to the ethical and political burdens of living through the Anthropocene Following a climate change narrative across the millennia Noah s Arkive surveys the long history of dwelling with the consequences of choosing only a few to survive in order to start the world over It is an intriguing meditation on how the story of the ark can frame how we think about environmental catastrophe and refuge conservation and exclusion offering hope for a better future by heeding what we know from the past Little Big World Jeffrey Hammond,2010-04-15 Collections are more about who one is than about what is collected In Little Big World Jeffrey Hammond s resonant 1950 s inner child speaks through the reflective sixty something man about the culture and magic of a spectrum of action figure playsets through a lifetime Marilynn Gelfman Karp author In Flagrate Collecto Collection of Material Relating to the Noah's Ark Toy Library for Handicapped Children Noah's Ark Toy Library and Resource Centre for Children with Special Needs (North Perth, W.A.),Noah's Ark Toy Library for Handicapped Children,1975 **Building Imaginary Worlds** Mark J.P. Wolf,2014-03-14 Mark J P Wolf s study of imaginary worlds theorizes world building within and across media including literature comics film radio television board games video games the Internet and more Building Imaginary Worlds departs from prior approaches to imaginary worlds that focused mainly on narrative medium or genre and instead considers imaginary worlds as dynamic entities in and of themselves Wolf argues that imaginary worlds which are often transnarrative transmedial and transauthorial in nature are compelling objects of inquiry for Media Studies Chapters touch on a theoretical analysis of how

world building extends beyond storytelling the engagement of the audience and the way worlds are conceptualized and experienced a history of imaginary worlds that follows their development over three millennia from the fictional islands of Homer's Odyssey to the present internarrative theory examining how narratives set in the same world can interact and relate to one another an examination of transmedial growth and adaptation and what happens when worlds make the jump between media an analysis of the transauthorial nature of imaginary worlds the resulting concentric circles of authorship and related topics of canonicity participatory worlds and subcreation's relationship with divine Creation Building Imaginary Worlds also provides the scholar of imaginary worlds with a glossary of terms and a detailed timeline that spans three millennia and more than 1 400 imaginary worlds listing their names creators and the works in which they first appeared **The Berenstain**
