Footer,Julia Schmidt,Nigel D White,Lydia Davies-Bright,2016-06-16 Of the many challenges that society faces today possibly none is more acute than the security of ordinary citizens when faced with a variety of natural or man made disasters arising from climate and geological catastrophes including the depletion of natural resources environmental degradation food shortages terrorism breaches of personal security and human security or even the global economic crisis States continue to be faced with a range of security issues arising from contested territorial spaces military and maritime security and security threats relating to energy infrastructure and the delivery of essential services The theme of the book encompasses issues of

human political military socio economic environmental and energy security and raises two main questions To what extent can international law address the types of natural and man made security risks and challenges that threaten our livelihood or very existence in the twenty first century Where does international law fall short in meeting the problems that arise in different situations of insecurity and how should such shortcomings be addressed

The Making of Chinese Criminal Law Ying Ji,2021-03-08 By examining the reasons behind the preventive criminalization of Chinese criminal law this book argues that the shift of criminal law generates popular expectations of legislative participation and meets punitive demands of the public but the expansion of criminal law lacks effective constraints which will keep restricting people s freedom in the future The book is inspired by the eighth amendment of Chinese criminal law in 2011 which amended several penalties related to road drug and environmental safety It is on the eighth amendment that subsequent amendments have been based The amendment stemmed from a series of nationally known incidents that triggered widespread public dissatisfaction with the Chinese criminal justice system Based on John Kingdon s theory of the multiple streams the book explains the origins of the legislative process and its outcomes by examining the role of public opinion policy experts and political actors in the making of Chinese criminal law It argues that in authoritarian China the prominence of risk control through criminal justice methods is a state response to uncertainties generated through reforms under the CCP s leadership The process of criminal lawmaking has become more responsive and inclusive than ever before even though it remains a consultation with the elites within the framework set by the Chinese Communist Party CCP including representatives of the Lianghui government ministries academics and others The process enhances the CCP s legitimacy by not only generating popular expectations of legislative participation but also by meeting the punitive demands of the public The book will be of interest to academics and researchers in the areas of Chinese criminal law and comparative law

Fundamental Rights and Mutual Trust in the Area of Freedom, Security and Justice Ermioni Xanthopoulou,2020-04-30 This book explores the relationship of mutual trust and fundamental rights in the Area of Freedom Security and Justice AFSJ of the European Union and asks whether there is any role for proportionality Mutual trust among Member States has long been presumed by the Court in a manner that mutual recognition was prioritised in regard to but to the detriment of the protection of fundamental rights After thoroughly reviewing this relationship this book offers a comprehensive framework of proportionality and explores its impact on the protection of fundamental rights in a mutual trust environment It applies a theoretical and a normative framework of proportionality to two case studies EU criminal and asylum law by reference to several fundamental rights enabling a carefully constructed analysis with useful parallels The book argues that such analysis based on proportionality is not always desirable and helpful for the protection of fundamental rights in this area and thoroughly explores its impact on the protection of fundamental rights vis vis mutual trust

Principles and Values in Criminal Law and Criminal Justice Lucia Zedner, Julian V. Roberts, 2012-08-16 Celebrating the scholarship of Andrew Ashworth Vinerian Professor of English Law at the University of Oxford this collection brings together leading international scholars to explore questions of principle and value in criminal law and criminal justice Internationally renowned for elaborating a body of principles and values that should underpin criminalization the criminal process and sentencing Ashworth's contribution to the field over forty years of scholarship has been immense Advancing his project of exploring normative issues at the heart of criminal law and criminal justice the contributors examine the important and fascinating debates in which Ashworth's influence has been greatest The essays fall into three distinct but related areas reflecting Ashworth's primary spheres of influence Those in Part 1 address the import and role of principles in the development of a just criminal law with contributions focusing upon core tenets such as the presumption of innocence fairness accountability the principles of

criminal liability and the grounds for defences Part 2 addresses questions of human rights and due process protections in both domestic and international law In Part 3 the essays are addressed to core issues in sentencing and punishment they explore questions of equality proportionality adherence to the rule of law the totality principle in respect of multiple offences wrongful acquittals and unduly lenient sentences Together they demonstrate how important Ashworth's work has been in shaping how we think about criminal law and criminal justice and make their own invaluable contribution to contemporary discussions of criminalization and punishment

Research Handbook on International Law and Terrorism Ben Saul, 2020-04-24 This newly revised and updated second edition provides a comprehensive overview of international counter terrorism law and practice Brand new and revised chapters provide critical commentary on the law from leading scholars and practitioners in the field including new topics for this edition such as foreign terrorist fighters the nexus between organized crime and terrorism and the prevention of violent extremism

Security Beyond the State Rita Abrahamsen, Michael C. Williams, 2010-11-18 Across the globe from mega cities to isolated resource enclaves the provision and governance of security takes place within assemblages that are de-territorialized in terms of actors technologies norms and discourses They are embedded in a complex transnational architecture defying conventional distinctions between public and private global and local Drawing on theories of globalization and late modernity along with insights from criminology political science and sociology *Security Beyond the State* maps the emergence of the global private security sector and develops a novel analytical framework for understanding these global security assemblages Through in-depth examinations of four African countries Kenya Nigeria Sierra Leone and South Africa it demonstrates how global security assemblages affect the distribution of social power the dynamics of state stability and the operations of the international political economy with significant implications for who gets secured and how in a global era

The National Security Law of Hong Kong Hualing Fu, Michael Hor, 2022-07-12 The Law of the People's Republic of China on Safeguarding National Security in the Hong Kong SAR the NSL promises to be the most important legal development in Hong Kong since the advent of the Basic Law Many wondered in the aftermath of the NSL how the foundations of Hong Kong's system might be changed and in what way the freedoms valued by Hong Kong may be affected Supporters view the law as essential for the preservation of public order and the national security of China and to support the fundamental well-being of One Country Two Systems an arrangement that has been in place since the return of Hong Kong to China Critics fear an adverse impact on the spirit of One Country Two Systems From a discussion initiated by the University of Hong Kong's Faculty of Law this collection of essays brings together leading experts on Hong Kong and Chinese law to offer an exploratory study of the NSL and its impact on the legal system and the principle of the rule of law in Hong Kong The book examines the ramifications of the law in relation to constitutional matters protecting national security and sustaining One Country Two Systems policing judicial independence and extraterritoriality as well as its wider implications in areas such as academic freedom and the business environment It explores the interaction

between Hong Kong and Chinese law occasioned by the NSL Finally the book offers a comparative perspective of the experience of other jurisdictions that have engaged with similar security legislation This collection addresses an important and timely issue and provides an invaluable resource for all lawyers interested in Hong Kong as they grapple with the momentous changes in its legal landscape The collection will surely serve as a reference point for further discussion and debate Victor V Ramraj University of Victoria Canada This book covers the most important aspects of national security issues including freedom and security that we have always been concerned about This timely publication not only offers the latest research results for the academic community but also provides important reference materials for the Hong Kong society to understand the important topics of national security Zhu Guobin City University of Hong Kong
