Raising Your Child Not Your Voice:

Raising Your Child, Not Your Voice Duane Cuthbertson, 1986 How can you change a child's strong will without breaking his spirit? If you want to establish sound discipline strategies, this book will help you teach your child without straining your vocal cords. *The Peace, No Arguments Mindset* David Solomon, 2024-04-07 David Solomon is a dad who has developed comprehensive and worthwhile approaches to parenting while raising two adopted daughters who faced a myriad of challenges. *The Peace No Arguments Mindset And 50 Other Ways to Achieve Positive Outcomes and Happiness for Your Children and Family* is for all parents. Children and their families deserve a calm home and peace of mind. One of the major obstacles to achieving and enjoying peace are the inevitable arguments with and between children. *The Peace No Arguments Mindset* will help parents prevent and resolve arguments to achieve positive outcomes and maintain the many benefits of harmony within the family. Free of negative outcomes, stress, and upset, your family can enjoy happiness and create and cherish wonderful memories. Topics include: What's important, More important, and Most Important. Honesty is not the best policy; honesty is the only policy. Be slow to anger and quick to recovery. While the principles and practices of *The Peace No Arguments Mindset* are primarily intended for discussions and interactions with children, David's life-tested strategies also apply to spouses, extended family, friends, and colleagues.

We all want our children to reach their academic potential. We all seek the peace of mind that comes with knowing our children are learning and mastering all the skills necessary for academic competence. In *Boost Your Child's Academic Success*, author Dr. Marshena McCoy Williams offers a series of recommendations for empowering children's learning capabilities. The founder of Smart Kids TLC, a tutoring and learning center in Greensboro, North Carolina, that provides academic services to public, private, and homeschooled children and their parents, she gives strategies parents can apply to improve their children's academic performance. Designed for individuals from diverse ethnicities, cultures, socioeconomic strata, and family structures, the ideas can be mixed, matched, and modified to fit specific circumstances. Many of the recommendations and strategies are based on research in education, pedagogy, medicine, nutrition, and cognition. Some are traditional, and others are nontraditional. Each directly or indirectly helps develop intellectual and/or academic abilities. *Boost Your Child's Academic Success* provides a range of options from which parents can select to create a holistic and focused plan of action to improve their children's academic experience and performance. *Bullyproof Your Child For Life* Joel Haber, Jenna Glatzer, 2007-08-07 View our feature on Joel Haber's *Bullyproof Your Child For Life*.
