Rapid Ray The Story Of Ray Lewis:

Rapid Ray John Cooper,2009-06-05 Rapid Ray Lewis was arguably the fastest man of his generation He won medals in the 1932 Olympics and the 1934 British Empire Games and countless races in North America Remarkable achievements for any man but all the more remarkable because Lewis had to race poverty and prejudice The great grandson of slaves he worked as a porter on the railway and trained by running alongside the tracks when the train was stopped on the prairies Rapid Ray is far more than a sports autobiography it is as much a history of one man s battle for equality as it is a history of Olympic level track Throughout his long life he is now in his nineties Ray Lewis has fought discrimination not only in sports but in every walk of life

Sport and Recreation in Canadian History Carly Adams,2020-10-16 Serving as a foundation for critical discussion about the importance of the past Sport and Recreation in Canadian History covers the historical events people and moments that shape Canadian sport in the present and future While this text focuses on sport and recreation practices on these lands now claimed by Canada it is set within a larger historical context of interconnecting social and cultural practices to speak to the sustained tensions complexities and contradictions prevalent in Canadian society The editor Dr Carly Adams and her 17 contributing experts from across Canada bring the latest research in all areas of Canadian sport history to life and present a thorough look at the nation s past events The text challenges the

dominant narratives and encourages students to think critically about Canadian sport history. It examines how gender, ethnicity, race, religion, ability, class, and other systems of oppression and privilege have shaped sport and recreation practices with Canadian sporting culture reproducing many of the same oppressive systems that exist on the larger scale. Sport and Recreation in Canadian History separates itself from its competitors by providing an abundance of pedagogical aids. Sidebars highlighting prominent people provide glimpses of figures who made a significant impact on Canadian sport history. Transformative Moment sidebars focus on significant events as they relate to specific themes such as gender, race, ethnicity, sexuality, or ability. A comprehensive timeline showcases where important events fell in relation to one another while the text acknowledges the problem of presenting history in a linear way and provides a more nuanced discussion of time. Descriptions of primary source documents such as newspaper articles, photographs, and historical documents are accompanied by explanations of how sport historians work with these documents. Sport and Recreation in Canadian History asks readers to think differently about the history of Canadian sport and it examines how past people, moments, and events continue to shape 21st century sport.

The Ku Klux Klan in Canada Allan Bartley, 2020-10-13. The Ku Klux Klan came to Canada thanks to some energetic American promoters who saw it as a vehicle for getting rich by selling memberships to white, mostly Protestant Canadians. In Ontario, Saskatchewan, Alberta, and British Columbia, the Klan found fertile ground for its message of racism and discrimination targeting African Canadians, Jews, and Catholics. While its organizers fought with each other to capture the funds received from enthusiastic members, the Klan was a venue for expressions of race hatred and a cover for targeted acts of harassment and violence against minorities. Historian Allan Bartley traces the role of the Klan in Canadian political life in the turbulent years of the 1920s and 1930s, after which its membership waned. But in the 1970s, as he relates, small extremist right-wing groups emerged in urban Canada and sought to revive the Klan as a readily identifiable identity for hatred and racism. *The Ku Klux Klan in Canada* tells the little-known story of how Canadians adopted the image and ideology of the Klan to express the racism that has played so large a role in Canadian society for the past hundred years, right up to the present.

Season of Rage John Cooper, 2005-01-25. The last place in North America where black people and white people could not sit down together to share a cup of coffee in a restaurant was not in the Deep South. It was in the small, sleepy Ontario town of Dresden. Dresden is the site of Uncle Tom's Cabin. Slaves who made their way north through the Underground Railroad created the thriving Dawn Settlement in Dresden before and during the Civil War. They did not find Utopia on the Canadian side of the border despite their efforts. In 1954, something extraordinary happened. The National Unity Association was a group of African Canadian citizens in Dresden who had challenged the racist attitudes of the 1950s and had forged an alliance with civil rights activists in Toronto to push the Ontario Government for changes to the law in order to outlaw discrimination. Despite the law, some business owners continued to refuse to serve blacks. The National Unity Association worked courageously through a variety of means of protest to change attitudes. The story of their season of rage
