Recherches Et Considerations Sur La Population De La France 1778:

Recherches et considerations sur la population de la France (1778) M. Moheau,1912 Recherches et considérations sur la population de la France (1778) Moheau (statistical writer), **Recherches et considérations sur la population de la France** M Moheau,1778 *Recherches et considérations sur la population de la France, 1778* Moheau (M.),M. de Montyon (Antoine Jean Baptiste Robert Auget),1912 *An Historical Geography of Europe, 1500-1840* Norman John Greville Pounds,1979 This book seeks to examine the complex of natural and man made features that have influenced the course of history and have been influenced by it It spans the period from the early sixteenth century to the eve of the Industrial Revolution in continental Europe approximately 1500 to 1840 **The Female Population of France in the 19th Century** Etienne Van de Walle,2015-03-08 In analyzing the social and economic factors underlying the decline of fertility in nineteenth century France Etienne van de Walle found that official statistics for the period were incomplete and inaccurate He thus undertook a full reconstruction In this volume he presents a detailed discussion of the methodology used to correct and to supplement these official statistics along with the results of the reconstruction of 82 French départements and French and English summaries of his findings By computing standardized indices of fertility and nuptiality for each of the 82 départements the author extends the period for which standardized demographic indices are available His methodology which evaluates and corrects the biases and defects of the official statistics provides a model for similar background studies in the future Originally published in 1974 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Frenchmen into Peasants** Leslie CHOQUETTE,Leslie Choquette,2009-06-30 In considering the pattern of emigration in the context of migration history Choquette shows that in many ways the movement toward Canada occurred as a by product of other perennial movements such as the rural exodus or interurban labor migrations Overall emigrants to Canada belonged to an outwardly turned and mobile sector of French society and their migration took place during a phase of vigorous Atlantic expansion They crossed the ocean to establish a subsistence economy and peasant society traces of which lingered on into the twentieth century

The Cambridge Economic History of Europe from the Decline of the Roman Empire: Volume 4, The Economy of Expanding Europe in the Sixteenth and Seventeenth Centuries E. E. Rich,C. H. Wilson,1967-05 Examines the economic history of Europe during the sixteenth and seventeenth centuries Daily Life during the French Revolution James M. Anderson,2007-02-28 The French Revolution sought to change daily life itself This book looks at the thirteen years between 1789 1802 that experienced the Terror banning of the aristocracy and the rearrangement of the calendar No part of

French life was left untouched during this incredible period of turmoil and warfare from women's role in the family to men's role in the state Art and theater were invigorated and harnessed for political purposes Subtleties in one's dress could mean the difference between life and death The first modern mass army was created Chapters include the physical make up of France the social and political background of the revolution the First Republic religion church and state urban life rural life family life the fringe society clothes and fashion food and drink the role of women military life education health and medicine and writers artists musicians and entertainment Anderson breathes life into the day to day lives of those living during the French Revolution Greenwood's Daily Life through History series looks at the everyday lives of common people This book will illuminate the lives of those living during the French Revolution and provide a basis for further research Black and white photographs maps and charts are interspersed throughout the text to assist readers Reference features include a timeline of historic events glossaries of terms and names an annotated bibliography of print and electronic resources suitable for high school and college student research and an index

The Quarterly Journal of Economics Charles Franklin Dunbar, Frank William Taussig, Abbott Payson Usher, Alvin Harvey Hansen, William Leonard Crum, Edward Chamberlin, Arthur Eli Monroe, 1913 Vols 1-22 include the section Recent publications upon economics

The Economic Turn Steven Kaplan, Sophus Reinert, 2019-01-16 The mid eighteenth century witnessed what might be dubbed an economic turn that resolutely changed the trajectory of world history The discipline of economics itself emerged amidst this turn and it is frequently traced back to the work of François Quesnay and his school of Physiocracy Though lionized by the subsequent historiography of economics the theoretical postulates and policy consequences of Physiocracy were disastrous at the time resulting in a veritable subsistence trauma in France This galvanized relentless and diverse critiques of the doctrine not only in France but also throughout the European world that have hitherto been largely neglected by scholars Though Physiocracy was an integral part of the economic turn it was rapidly overcome both theoretically and practically with durable and important consequences for the history of political economy The Economic Turn brings together some of the leading historians of that moment to fundamentally recast our understanding of the origins and diverse natures of political economy in the Enlightenment

French Predecessors of Malthus Joseph J. Spengler, 2013-07-04 First Published in 1966 This volume is study of the population and wage theories prevalent in the eighteenth century France Designed to fill a gap in previous volumes in the history of economic doctrine and to better accomplish this purpose population and wage theory has been given a broader denotation and connotation than is customary today

Political and Historical Encyclopedia of Women Christine Fauré, 2004-06-02 First Published in 2003 Routledge is an imprint of Taylor Francis an informa company

Mirrors of Mortality (Routledge Revivals) Joachim Whaley, 2012-08-06 First published in 1981 this reissue examines mankind's preoccupation with death and mortality by isolating various societies in different periods of time The authors examine not only the formal rituals associated with the last rite of passage but also the social attitudes to death and dying

which these rituals evidence The essays establish that different periods do seem to be characterized by different images of death and attitudes to it but the authors wisely avoid trying to impose strict chronological pattern A pioneering work in the historical study of attitudes to death this reissue should reignite discussion on the significance of death in human history Christiane Sourvinou Inwood examines attitudes to death as reflected in myth and religious thought in Ancient Greece and relates them to social and economic change R C Finucane analysis the social significance of the exemplary deaths of kings criminals traitors and saints in medieval Europe Paul Fritz s essay illustrates the importance of royal burials in early modern Britain while Joachim Whaley examines the social and political significance of funerals in Hamburg between 1500 and 1800 John McManners discusses the work of Philippe Aries and other prominent French scholars on the history of attitudes to death David Irwin examines the images of death portrayed in European tombs around 1800 C A Bayly analyzes the relationship between death ritual and society in Hindu Northern India while David Cannadine discusses the impact of war on attitudes to death in modern Britain Bread, Politics and Political Economy in the Reign of Louis XV Steven L. Kaplan, 2015-09-15 A new edition of Kaplan s landmark study on eighteenth century French political economy reissued with a new Foreword by Sophus A Reinert Based on research in all the Parisian depots and more than fifty departmental archives and specialized and municipal libraries Kaplan s classic work constitutes a major contribution to the study of the subsistence problem before the French Revolution and the political economy of deregulatory reform Anthem Press is proud to reissue this path breaking work together with a significant new historiographic companion volume by the author **Regulation Perspectives on Bread Politics and Political Economy Forty Years Later** **Romanticism and the Biopolitics of Modern War Writing** Neil Ramsey, 2023-02-23 This book illuminates the genesis and development of modern war writing in relation to Romanticism biopolitics and disciplinary theory The Oxford Handbook of the History of Consumption Frank Trentmann, 2012-03-22 The term consumption covers the desire for goods and services their acquisition use and disposal The study of consumption has grown enormously in recent years and it has been the subject of major historiographical debates did the eighteenth century bring a consumer revolution Was there a great divergence between East and West Did the twentieth century see the triumph of global consumerism Questions of consumption have become defining topics in all branches of history from gender and labour history to political history and cultural studies The Oxford Handbook of the History of Consumption offers a timely overview of how our understanding of consumption in history has changed in the last generation taking the reader from the ancient period to the twenty first century It includes chapters on Asia Europe Africa and North America brings together new perspectives highlights cutting edge areas of research and offers a guide through the main historiographical developments Contributions from leading historians examine the spaces of consumption consumer politics luxury and waste nationalism and empire the body well being youth cultures and fashion The Handbook also showcases the different ways in which recent historians have approached the subject from cultural and economic history to

political history and technology studies including areas where multidisciplinary approaches have been especially fruitful

Bread, Politics and Political Economy in the Reign of Louis XV Steven Laurence Kaplan, 2012-12-06 I Modern times has invented its own brand of Apocalypse Famine is no longer one of the familiar outriders The problems of material life and their political and psychological implications have changed drastically in the course of the past two hundred years Perhaps nothing has more profoundly affected our institutions and our attitudes than the creation of a technology of abundance Even the old tropes have given way neither dollars nor calories can measure the distance which separates *gagne* pain from *gagne* hi leek 1 Yet the concerns of this book seem much less remote today than they did when it was conceived in the late sixties In the past few years we have begun to worry with a sort of expiatory zeal about the state of our environment the size of our population the political economy and the morality of the allocation of goods and jobs and the future of our resources While computer projections cast a malthusian pall over our world we have had a bitter first hand taste of shortages of all kinds The sempiternal battle between producers and consumers rages with a new ferocity as high prices provoke anger on the one side and celebration on the other Even as famines continue to strike the third world in the thermidor of the green revolution so we have discovered hunger in our own midst

The Routledge History of the Domestic Sphere in Europe Joachim Eibach, Margareth Lanzinger, 2020-12-29 This book addresses the multifaceted history of the domestic sphere in Europe from the Age of Reformation to the emergence of modern society By focusing on daily practice interaction and social relations it shows continuities and social change in European history from an interior perspective The Routledge History of the Domestic Sphere in Europe contains a variety of approaches from different regions that each pose a challenge to commonplace views such as the emergence of confessional cultures of private life and of separate spheres of men and women By analyzing a plethora of manifold sources including diaries court records paintings and domestic advice literature this volume provides an overview of the domestic sphere as a location of work and consumption conflict and cooperation emotions and intimacy and devotion and education The book sheds light on changing relations between spouses parents and children masters and servants or apprentices and humans and animals or plants thereby exceeding the notion of the modern nuclear family This volume will be of great use to upper level graduates postgraduates and experienced scholars interested in the history of family household social space gender emotions material culture work and private life in early modern and nineteenth century Europe

The American Economic Review , 1913 Includes annual List of doctoral dissertations in political economy in progress in American universities and colleges
