Shi Deng De Shizhe Messengers Bearing Lamps:

Artistic and Intellectual Practices in Contemporary China Carol Yinghua Lu, 2025-01-20 This edited volume is the first internationally available English translation of key lectures and essays delivered at Beijing's Inside Out Art Museum over the past decade. The book elevates a chorus of voices from domestic and international intellectuals, artists, curators, and historians in a dialogue that reframes Chinese art from 1949 to the present. Part I offers critical academic complications of the story of Chinese art from the 1950s to the present as one singularly defined and stifled by political revolution. It traces important continuities and early examples of contemporary art practice to the Party's birth and consolidation of power from the 1920s onwards. It relates the formation of contemporary art to the historical course of intellectual practice in China from 1949. Part II proposes China as an issue requiring historical interrogation rather than an inviolable entity. It questions the efficacy of Asia as a term, presents case studies of independent publishers that challenged tightly crafted historical narratives, and wraps up with incisive reflections on the challenges confronting creatives and historians in China today. With chapters ranging from peer-reviewed scholarship to cuttlingly humorous personal anecdotes, its contributing authors give rare first-hand accounts of navigating pertinent historical and current situations, including censorship, China's illiberalism, and COVID-19. This book offers readers an ear to heretofore closed-door conversations in leading modern and contemporary art spaces.
