Shield The Cloak Security Of The Commons:

The ^AShield and the Cloak Gary Hart,2006-02-16 Gary Hart has long been one of the nation s foremost experts on national security with first hand experience of the political realities that shape foreign policy In this thought provoking book in clear simple prose Hart outlines the fundamental changes which America must make to counter the present terrorist threat He argues for a security of the commons contending that to counter terrorism we need both a shield for the homeland as well as a cloak of non military security including security of income community environment and energy **The Shield and the Cloak** Gary Hart,2006-02-16 Gary Hart has long been one of the nation s foremost experts on national security combining a deep knowledge of national security policy with first hand experience of the political realities that influence how America safeguards itself and its interests In his new book Hart outlines the fundamental changes with which America must grapple when confronting the current terrorist threat a threat with no state and no geographic home base and thus no real target for the world s largest and most sophisticated military force Hart argues for a security of the commons emphasizing that the new security will require a shield for the homeland as well as a cloak of non military security including security of income community environment and energy

Under the Eagle's Wing Gary Hart,2008 Under the Eagle s Wing provides a sound national security strategy for the new century Speaking from experience the former senator was part of the commission that predicted the events of 9 11 Gary Hart makes a compelling plea for the United States and other nations to find strength through a united approach Ethics and War in the 21st Century Christopher Coker,2008-01-31 This book explores the ethical implications of war in the contemporary world It explains why it is of crucial importance that western countries should continue to apply traditional ethical rules and practices even when engaging with terrorist groups

Science and Security in a Post 9/11 World National Research Council,Policy and Global Affairs,Committee on Science, Technology, and Law,Committee on a New Government-University Partnership for Science and Security,2007-11-10 Based on a series of regional meetings on university campuses with officials from the national security community and academic research institutions this report identifies specific actions that should be taken to maintain a thriving scientific research environment in an era of heightened security concerns Actions include maintaining the open exchange of scientific information fostering a productive environment for international scholars in the U S reexamining federal definitions of sensitive but unclassified research and reviewing policies on deemed export controls The federal government should establish a standing entity preferably a Science and Security Commission that would review policies regarding the exchange of information and the participation of foreign born scientists and students in research Democracy's Arsenal Jacques S. Gansler,2013-08-16 An expert explains why the security needs of the twenty first century require a transformation of the defense industry of the twentieth century New geopolitical realities including terrorism pandemics rogue nuclear states resource conflicts insurgencies mass migration economic collapse and cyber attacks have created a dramatically different

national security environment for America Twentieth century defense strategies technologies and industrial practices will not meet the security requirements of a post 9 11 world In Democracy s Arsenal Jacques Gansler describes the transformations needed in government and industry to achieve a new more effective system of national defense Drawing on his decades of experience in industry government and academia Gansler argues that the old model of ever increasing defense expenditures on largely outmoded weapons systems must be replaced by a strategy that combines a healthy economy effective international relations and a strong but affordable national security posture The defense industry must remake itself to become responsive and relevant to the needs of twenty first century security *Building a Just and Secure World* Amy C. Schneidhorst,2011-11-17 This work discusses the activism in the 60s of progressive women who came of age during the Popular Front era of the 30s and 40s **The Courage of Our Convictions** Gary Hart,2025-06-25 An impassioned call to arms for Democrats to embrace the principles that made the party and the country great a true moral vision for leadership at home and abroad In this powerful and provocative manifesto a cri de coeur for Democrats who have grown increasingly frustrated with their party s leaders former senator Gary Hart takes the Democrats to task for choosing caution and calculation in place of moral principles That path Hart says will lead only to sorrow for the party and for the country The Courage of Our Convictions is Hart s call to action a clear eyed and plainspoken manifesto that urges a return to the principles bequeathed to the party by its great twentieth century presidents Franklin D Roosevelt s commitment to a single national community where no American would be left behind Harry S Truman s internationalism which preserved democracy after World War II and led eventually to the defeat of communism John F Kennedy s ideal of civic duty and service to the nation and Lyndon B Johnson s insistence on equality for all our citizens As the midterm elections approach and with the 2008 presidential election just over the horizon Hart speaks directly and passionately to the many Democrats who seek a principled change of leadership in Washington It is the wake up call that so many Americans have been waiting for

Dangerous Times? Christopher J. Fettweis,2010-10-27 What horrors will the twenty first century bring For many people a clash of civilizations and a perilous return to great power rivalries are the dominant visions of things to come Fueled by daily headlines overwhelming majorities of people from all walks of life consider the world to be a far more chaotic frightening and ultimately more dangerous place than ever before Christopher J Fettweis argues that these impressions however widespread are wrong Dangerous Times is an examination of international politics that reveals both theoretical logic and empirical data that support the vision of a future where wars between great powers are unlikely and transnational threats can be contained Despite popular perception today a far greater percentage of the world s population lives in peace than at any time in history and the number and intensity of all types of warfare have dropped steadily since the early 1990s Terrorism though reprehensible can be combated and can actually increase international cooperation among states fighting a common threat World wars like those of the twentieth century the true clash of civilizations are unlikely to be repeated in the

close knit world of the twenty first century In this sharp and insightful book Fettweis discusses this revolution in human history and its ramifications for international relations theory He suggests a new vision for a more restrained U S grand strategy and foreign policy and reveals how despite pessimistic perceptions to the contrary the world is more likely entering a golden age of peace and security

Iraq Uncensored Jim Ludes, 2016-09-06 The war in Iraq is a divisive issue in the United States and historians and pundits will spend decades the conflict s causes conduct and consequences Iraq Uncensored an initiative of the bipartisan American Security Project is neither pro war nor antiwar but an effort to begin to develop collective wisdom from our experience Cutting across gender generational and party lines ASP engaged leading figures from across American society to take a fresh look at the war in Iraq and offer unique perspectives and lessons for all of us to consider about the use of American power in all its forms With thought provoking contributions from more than two dozen military and congressional leaders members of the media academics religious thinkers and many others Iraq Uncensored begins an open dialogue about who we are as a people and how we can best achieve our security
