Matthews, Don Measner, 1987-01-01 Uses maps to illustrate the development of Canada from the last ice sheet to the end of the eighteenth century Colburn's United Service Magazine and Naval and Military Journal, 1865 **Britain, Canada and the North Pacific: Maritime Enterprise and Dominion, 1778-1914** Barry M. Gough, 2023-05-31 From the time of Cook the British and their Canadian successors were drawn to the Northwest coast of North America by possibilities of trade in sea otter and the wish to find a northwest passage The studies collected here trace how under the influences of the Royal Navy and British statecraft the British came to dominate the area with expeditions sent from London Bombay and Macau and the Canadian quest from overland The North West Company came to control the trade of the Columbia River despite American opposition and British sloop diplomacy helped overcome Russian and Spanish resistance to British aspirations Elsewhere in the Americas the British promoted trans Pacific trade with China harvested British Columbia forests conveyed specie from western Mexico and established the South America naval station The flag followed trade and vice versa empire was both formal at Vancouver Island and informal as in California or Mexico This book features individuals such as James Cook William Bolts Peter Pond and Sir Alexander Mackenzie It is also an account of the pressure that corporations placed on the British state in shaping the emerging world of trade and colonization in that distant ocean and its shores and of the importance of sea power in the creation of modern Canada **Everton's Family History Magazine**, 2003 *The American Almanac and repository of useful knowledge for the year 1860*, 1860 **Fast Sailing and Copper-Bottomed** Lucille H. Campey, 2002-05-20 The days when Aberdeen's fast sailing and copper bottomed ships carried emigrant Scots to Canada are brought to life in this fascinating account of the northern Scotland exodus during the sailing ship era Taking readers through new and little used documentary sources Lucille H Campey finds convincing evidence of good ships sailed by experienced captains and managed by reputable people thus challenging head on the perceived imagery of abominable sea passages in leaking old tubs And by considering the significance of ship design and size she opens a new window on our

understanding of emigrant travel Instead of concentrating on the extreme cases of suffering and mishaps to be found in anecdotal material Campey s approach is to identify all of the emigrant sea crossings to Canada made on Aberdeen sailing ships Observing the ships which collected passengers from the port of Aberdeen as well as those which collected emigrants at Highland ports especially Cromarty and Thurso Campey reveals the processes at work and the people who worked behind the scenes to provide the services Her following of the emigrant Scots on to their New World destinations in New Brunswick Nova Scotia and Upper Canada provides us with an opportunity to see how events in Canada were influencing both the decision to emigrate and choice of location These emigrant Scots succeeded often after difficult beginnings and would endow Canada with their rich traditions and culture which live on to this day De Bernardy's next of kin gazette, unclaimed money and parish clerks' register , *A Dictionary of Chemistry and the Allied Branches of Other Sciences* Henry Watts,1883
