Their enemies: civil rights lawyer Ahab Judge and his partner, civil rights leader Reverend Saul, have already killed six members of the committee. Has the third remaining member of the Mulatto Committee joined with the enemies? While hiding on the Florida beaches, the conspirators discover valuable antique jewelry and drug smuggling. They learn of a cache of crack that is to be used to influence key members of the Legislative and Judicial branches of government. Their enemies capture them. Will they escape death? Will the US Coast Guard, the US Navy and the US Marines effect a timely rescue?

Sport Diver, 1996 *Forthcoming Books* Rose Arny, 1996-06 *Washed Up* Skye Moody, 2010-08-03 The ocean gives up many prizes just setting them on our beaches for us to find. From rubber ducks that started out somewhere in Indonesia to land, Venice Beach to an intact refrigerator makes it way to the Jersey Shore. Chunks of beeswax found on the Oregon coast are the packing remnants of 18th century Spanish gold. Author Skye Moody walks the coast, dons her wet suit and heads out to sea to understand the excellent debris that accrues along the tideline. There she finds advanced military technology applied to locating buried Rolexes, hardcore competitive beachcombing conventions and isolated beach communities whose residents are like flotsam congregated at the slightest obstacle on the coastline. This book confirms that the world is a mysterious place and that treasure is out there to be found.
