Shivers A New Breed Of Terror:

Shivers Kevin Bozard,2003-07 A short time after the death of Billy Lampford the people of Ridgeland are slowly putting their lives back in order Now it s November and almost time for the annual Turtle Festival Thousands of people will be in attendance for the event and that s what worries the Chief because there s a new killer in town and people are already beginning to die Matt Chapman begins to see that his friends are being picked off one by one and that s more than just coincidence The pattern the killer follows is unsettling to Matt and now his fear has turned to terror as he realizes that the killer s next victim could very well be his wife Billy Lampford s murderous spree was more than the people of Jasper and Beaufort Counties could stomach in one summer but it s nothing like this new bout with evil and this new breed of terror

Cold War, Cool Medium Thomas Doherty,2005-03-10 Conventional wisdom holds that television was a co conspirator in the repressions of Cold War America that it was a facilitator to the blacklist and handmaiden to McCarthyism But Thomas Doherty argues that through the influence of television America actually became a more open and tolerant place Although many books have been written about this period *Cold War Cool Medium* is the only one to examine it through the lens of television programming To the unjaded viewership of Cold War America the television set was not a harbinger of intellectual degradation and moral decay but a thrilling new household appliance capable of bringing the wonders of the world directly into the home The cool medium permeated the lives of every American quickly becoming one of the most powerful cultural forces of the twentieth century While television has frequently been blamed for spurring the rise of Senator Joseph McCarthy it was also the national stage upon which America witnessed and ultimately welcomed his downfall In this provocative and nuanced cultural history Doherty chronicles some of the most fascinating and ideologically charged episodes in television history the warm hearted Jewish sitcom *The Goldbergs* the subversive threat from *I Love Lucy* the sermons of Fulton J Sheen on *Life Is Worth Living* the anticommunist series *I Led 3 Lives* the legendary jousts between Edward R Murrow and Joseph McCarthy on *See It Now* and the hypnotic 188 hour political spectacle that was the Army McCarthy hearings By rerunning the programs freezing the frames and reading between the lines *Cold War Cool Medium* paints a picture of Cold War America that belies many black and white clich s Doherty not only details how the blacklist operated within the television industry but also how the shows themselves struggled to defy it arguing that television was preprogrammed to reinforce the very freedoms that McCarthyism attempted to curtail
