Dogen's Shobogenzo Zuimonki Eihei Dogen, 2022-06-14 The clearest and most approachable teachings from Dogen the most famous thinker and writer in Zen Buddhism Discover the teachings of the preeminent Zen Master Dogen in his own words written down by his Dharma successor Koun Ejo This edition includes both the Shobogenzo Zuimonki and translations of and commentary on Dogen's luminously evocative waka poetry Distinct from Dogen's similarly titled magnum opus simply called the Shobogenzo the Shobogenzo Zuimonki can be read as a highly practical manual of Buddhist practice Consisting of straightforward and accessible teachings and making more limited use of the allusion wordplay and metaphor that characterize the essays in the Shobogenzo this work is an essential read for any student of Zen Buddhism Among the many topics covered Dogen especially emphasizes the following points seeing impermanence departing from the ego centered self being free from greed giving up self attachment following the guidance of a true teacher and the practice of zazen specifically shikantaza or just sitting Additionally this translation of the Shobogenzo Zuimonki has extensive notes which help to provide you with a new way of approaching the text The collection of waka poems included in this volume are a beautiful artistic expression of the Dharma Rarely seen in this large of a collection or with commentary this poetry offers unique insight into an important expression of Dogen's teachings By the spring wind my words are blown and scattered people may see them the song of flowers These teachings which have informed teachers and practitioners alike throughout the centuries will deepen your knowledge understanding and experience of the Soto Zen tradition *Being-Time* Shinshu Roberts, 2018-03-20 A tour de force guide to Zen Master Dogen's most subtle and sophisticated philosophical premises that being and time are inseparable Impermanence is time itself being itself yet time and being are not at all as we imagine them to be To really understand and fully embrace this point is to live in a radically different world a world of awakening inclusion and love Zen Master Dogen frames the teaching on impermanence explicitly as a teaching about time and all of Dogen's profoundly poetic teachings flow from his seminal understanding of time as expressed in Uji Being Time the famous and famously difficult essay in his masterwork Shobogenzo In Uji Dogen teaches that time itself being itself is luminous awakening It is all inclusive all elusive ultimately healing and eternal In this book Shinshu Roberts does full justice as does no other book I know of to Dogen's words She offers interpretation of Uji only after careful consideration and marshaling of many sources and offers simple everyday examples to illustrate points that seem at first abstruse If this text causes you to doubt your most cherished concepts about your life it will have done its work from the Foreword by Norman Fischer Being Time thoroughly explores Dogen's teaching on how we practice as Buddhas by understanding the relationship between being and time as it is and as we perceive it to be Using Dogen's Shobogenzo Uji The True Dharma Eye Being Time Shinshu Roberts offers a twofold analysis of this teaching the meaning of the text and practice with the text giving examples how we apply Dogen's complex teaching to our daily lives **Simultaneity** Susie Vrobel, Otto E. R[ü]ssler, Terry Marks-Tarlow, 2008

This book presents an interdisciplinary approach to the question of how observer participant perspectives are generated what constrains them and how they may be modified These questions are of vital importance and must be addressed in any discipline before formulating a hypothesis or designing a model about reality Both epistemological questions about the nature of temporal nested structures and practical applications of our ability to contextualize are discussed The resulting temporal observer participant perspectives reflect approaches to the concept of simultaneity from the viewpoints of philosophers logicians cyberneticists and systems theorists mathematicians psychologists medical practitioners physicists educationists economists and musicologists Although the main focus is on the cognitive sciences as constraints to observer perspectives arise primarily from this field the book will appeal to researchers of all disciplines and interested layman readers

There Is No God and He Is Always with You Brad Warner,2013-05-15 Can you be an atheist and still believe in God Can you be a true believer and still doubt Can Zen give us a way past our constant fighting about God Brad Warner was initially interested in Buddhism because he wanted to find God but Buddhism is usually thought of as godless In the three decades since Warner began studying Zen he has grappled with paradoxical questions about God and managed to come up with some answers In this fascinating search for a way beyond the usual arguments between fundamentalists and skeptics Warner offers a profoundly engaging and idiosyncratic take on the ineffable power of the ground of all being
