Shock And Awe War On Words

Carole McGranahan, John F. Collins

Shock And Awe War On Words:

America and the Misshaping of a New World Order Giles Gunn, Carl Gutiérrez-Jones, 2010-06 An important and telling critique of the myth and rhetoric of contemporary American expansionism and grand strategy What is particularly original about these essays and unusually rare in studies of American foreign policy is their provocative combination of cultural and literary analysis with a subtle appreciation of the historical transformation of political forms and principles of world order Stephen Gill author of *Power and Resistance in the New World Order* **Donna Haraway: Live Theory** Joseph Schneider, 2005-06-20 This is an introductory guide to the work of Donna Haraway a key contemporary theorist

Ethnographies of U.S. Empire Carole McGranahan, John F. Collins, 2018-08-02 How do we live in and with empire The contributors to *Ethnographies of U S Empire* pursue this question by examining empire as an unequally shared present Here empire stands as an entrenched if often invisible part of everyday life central to making and remaking a world in which it is too often presented as an aberration rather than as a structuring condition This volume presents scholarship from across U S imperial formations settler colonialism overseas territories communities impacted by U S military action or political intervention Cold War alliances and fissures and most recently new forms of U S empire after 9 11 From the Mohawk Nation Korea and the Philippines to Iraq and the hills of New Jersey the contributors show how a methodological and theoretical commitment to ethnography sharpens all of our understandings of the novel and timeworn ways people live thrive and resist in the imperial present Contributors Kevin K Birth Joe Bryan John F Collins Jean Dennison Erin Fitz Henry Adriana Mar a Garriga L pez Ol via Maria Gomes da Cunha Matthew Gutmann Ju Hui Judy Han J K haulani Kauanui Eleana Kim Heonik Kwon Soo Ah Kwon Darryl Li Catherine Lutz Sunaina Maira Carole McGranahan Sean T Mitchell Jan M Padios Melissa Rosario Audra Simpson Ann Laura Stoler Lisa Uperesa David Vine *The Discourse Trap and the US Military* J. Michaels, 2013-03-19 This book proposes the idea of a discourse trap in which the discourses and associated terminology devised for political or military reasons can entrap policymakers by motivating or constraining their actions *Strategic Terror* Beau Grosscup, 2013-07-18 Presenting a global history of aerial bombardment this book shows how certain European powers initiated aerial bombardment of civilians after World War I and how it was an instrument of choice in World War II Beau Grosscup shows that such methods used initially as a means of terrorizing native populations in Africa and the Middle East have become the primary form of terrorism in more recent decades While such strategic terror is not classed as terrorism in the West this reflects an unwillingness to confront the human costs and immorality of aerial bombardment Grosscup argues that if terrorism is to be diminished the role of aerial bombing in sustaining global violence must be recognized The Philosophical Animal Eduardo Mendieta, 2024-06-01 Humans are animals who fictionalize other animals to asse their humanness We are philosophical animals who philosophize about our humanity by projecting images onto a mirror about other animals Spanning literature philosophy and ethics the thread uniting *The Philosophical Animal* is the

bestiary and how it continues to inform our imaginings Beginning with an exploration of animals and women in the literary work of Coetzee famous for his book on the Lives of Animals Eduardo Mendieta then dives into the genre of bestiaries in order to investigate the relation between humanity and animality From there he approaches the works of Derrida and Habermas from the standpoint of genetic engineering and animal studies While we have intensely modified many species genetically we have not done this to ourselves Why Finally Mendieta deals with the political and ethical implications suggested by this question before ending on an autobiographical note about growing up around so called animals and in particular horses

Transnationalism and the German City J. Diefendorf, J. Ward, 2014-04-24 Too often scholars treat transnationalism as a conflict in which the local regional and national give way to globalized identity As these varied studies of German cities show though the urban environment is actually a site of trans localism that is not merely oppositional but that adapts itself dialectically to the forces of globalization

Martha Rosler Rosalyn Deutsche, Elena Volpato, Martha Rosler, Jewish Museum (New York, N.Y.), 2018-01-01 The politically engaged work of Martha Rosler is fascinating and provocative this wide ranging survey brings timely insights at a moment of resurgence for political activism and feminism

Concerning War Maria Hlavajova, Jill Winder, 2006 Nieuwe en bestaande teksten van kunstenaars en auteurs die de mogelijkheden analyseren om een kritisch artistieke respons te geven op de hedendaagse wereld in een toestand van mondiale oorlog

The Emotional Politics of Racism Paula Ioanide, 2015-05-20 With stop and frisk laws new immigration policies and cuts to social welfare programs majorities in the United States have increasingly supported intensified forms of punishment and marginalization against Black Latino Arab and Muslim people in the United States even as a majority of citizens claim to support colorblindness and racial equality With this book Paula Ioanide examines how emotion has prominently figured into these contemporary expressions of racial discrimination and violence How U S publics dominantly feel about crime terrorism welfare and immigration often seems to trump whatever facts and evidence say about these politicized matters Though four case studies the police brutality case of Abner Louima the exposure of torture at Abu Ghraib the demolition of New Orleans public housing units following Hurricane Katrina and a proposed municipal ordinance to deny housing to undocumented immigrants in Escondido CA Ioanide shows how racial fears are perpetuated and how these widespread fears have played a central role in justifying the expansion of our military and prison system and the ongoing divestment from social welfare But Ioanide also argues that within each of these cases there is opportunity for new mobilizations for ethical witnessing we must also popularize desires for justice and increase people s receptivity to the testimonies of the oppressed by reorganizing embodied and unconscious structures of feeling
