Van Gogh's Shoes Vasyl Slapchuk, 2018

Van Gogh's shoes Vasyl Slapchuk, 2018-10-31 Van Gogh's Shoes by Vasyl Slapchuk is a book of selected poems from the collection of the same name which is part of the An Clock Hand Prick 1998 The poems are based on the traditional symbolism combined with modern interpretations The author makes an attempt to penetrate the essence of things find the reasons interpret philosophically various states of human mind

Iconoclasm in Aesthetics Michael Kelly, 2003-09-04 Contemporary theorizing about art is dominated by a clash between two approaches philosophers have characteristically taken the view that art is a vehicle of some universal meaning or truth while art historians and others working in the humanities emphasize the concrete nature and historical particularity of the work of art Is art capable of sustaining these two approaches Or as Kelly argues is art rather determined by its historical particularity If so then if philosophers continue to pursue mainly the universality of art they inadvertently end up exhibiting a disinterest and distrust in art Kelly calls such disinterest and distrust iconoclasm and in this book he discusses four philosophers Heidegger Adorno

Derrida and Danto who are ultimately iconoclasts despite their deep philosophical engagement with the arts He concludes by suggesting ways in which iconoclasm in aesthetics can be avoided in the future **Jacques Derrida and the Humanities** Tom Cohen,2001 This is a trans disciplinary collection dedicated to the work of Jacques Derrida and his work in the humanities **A Shoe Story** Lesley Chamberlain,2014 **Walter Benjamin and the Demands of History** Michael P. Steinberg,1996 This book is the first to consider the presence of history and the question of historical practice in Walter Benjamin s work Benjamin the critic and philosopher of history was also the practitioner the authors contend and it is in the practice of historical writing that the materialist aspect of his thought is most evident Some of the essays analyze Benjamin s writings in cultural history and the philosophy of history Others connect his historical and theoretical practices to issues in contemporary feminism and post colonial studies and to cultural contexts including the United States Japan and Hong Kong In different ways the authors all find in Benjamin s specific notion of historical materialism a dialectic between textual and cultural analysis which can reinvigorate the relation between literary and historical studies *Vermeer's Family Secrets* Benjamin Binstock,2013-03-07 Johannes Vermeer one of the greatest Dutch painters and for some the single greatest painter of all produced a remarkably small corpus of work In Vermeer s Family Secrets Benjamin Binstock revolutionizes how we think about Vermeer s work and life Vermeer The Sphinx of Delft is famously a mystery in art despite the common claim that little is known of his biography there is actually an abundance of fascinating information about Vermeer s life that Binstock brings to bear on Vermeer s art for the first time he also offers new interpretations of several key documents pertaining to Vermeer that have been misunderstood Lavishly illustrated with more than 180 black and white images and more than sixty color plates the book also includes a remarkable color two page spread that presents the entirety of Vermeer s oeuvre arranged in chronological order in 1/20 scale demonstrating his gradual formal and conceptual development No book on Vermeer has ever done this kind of visual comparison of his complete output Like Poe s purloined letter Vermeer s secrets are sometimes out in the open where everyone can see them Benjamin Binstock shows us where to look Piecing together evidence the tools of art history and his own intuitive skills he gives us for the first time a history of Vermeer s work in light of Vermeer s life On almost every page of Vermeer s Family Secrets there is a perception or an adjustment that rethinks what we know about Vermeer his oeuvre Dutch painting and Western Art Perhaps the most arresting revelation of Vermeer s Family Secrets is the final one in response to inconsistencies in technique materials and artistic level Binstock posits that several of the paintings accepted as canonical works by Vermeer are in fact not by Vermeer at all but by his eldest daughter Maria How he argues this is one of the book s many pleasures
