We Eat What? Jonathan Deutsch, 2018-05-25 This entertaining and informative encyclopedia examines American regional foods using cuisine as an engaging lens through which readers can deepen their study of American geography in addition to

their understanding of America's collective cultures. Many of the foods we eat every day are unique to the regions of the United States in which we live. New Englanders enjoy coffee milk and whoopie pies while Mid Westerners indulge in deep dish pizza and Cincinnati chili. Some dishes popular in one region may even be unheard of in another region. This fascinating encyclopedia examines over 100 foods that are unique to the United States as well as dishes found only in specific American regions and individual states. Written by an established food scholar, *We Eat What A Cultural Encyclopedia of Bizarre and Strange Foods in the United States* covers unusual regional foods and dishes such as hoppin' Johns, hush puppies, shoofly pie and turducken. Readers will get the inside scoop on each food's origins and history, details on how each food is prepared and eaten, and insights into why and how each food is celebrated in American culture. In addition, readers can follow the recipes in the book's recipe appendix to test out some of the dishes for themselves. Appropriate for lay readers as well as high school students and undergraduates, this work is engagingly written and can be used to learn more about United States geography.

The Story Behind the Dish Mark McWilliams, 2012-04-06 Profiling 48 classic American foods ranging from junk and fast food to main dishes to desserts, this book reveals what made these dishes iconic in American pop culture. Americans have increasingly embraced food culture, a fact proven by the rising popularity of celebrity chefs and the prominence of television shows celebrating food themes. This fascinating overview reveals the surprising story behind the foods America loves. *The Story Behind the Dish: Classic American Foods* is an engaging pop culture resource which helps tell the story of American food. Each chapter is devoted to one of 48 distinctive American dishes and features the story of where the food developed, what inspired its creation, and how it has evolved. The book not only covers each food as a single entry but also analyzes the themes and events that connect them, making the text useful as both a reference and a narrative on the history of food.

The Shoo-fly Pie Mildred Jordan, 1944 Because she was tired of being told she was too young, Debby tried to disprove it and found herself in all kinds of trouble. **One Foot in Heaven** David Waltner-Toews, 2006 A brilliantly written collection of linked short stories presenting the interconnected lives and world views of several Mennonite families in Winnipeg and northern Alberta. *One Foot in Heaven* opens and closes with Prom Koslowski, a character who flees murderous bandits in Russia, gains twin babies, and loses their mother on a torturous journey through the mountains into India, and finally makes a life for himself and his children in rural northern Alberta. His children go to Mennonite high school in Winnipeg and go on to missionary and other work in their adult lives. In various ways, they are both drawn to the South East Asian region of their beginnings. They interact with a host of other characters as they grow: the innocent veterinarian Ab Dueck, the enigmatic Jael Freed, Ab's best friend George, whose own spiritual views differ so oddly despite arising from the same roots. In the fashion of much Mennonite writing, David Waltner-Toews uses both humour and pathos to present his characters juggling matters of the flesh and of the spirit in their quest for the true purpose of their lives and the best way to serve their God. *The Professor and the Bootlegger* Margaret Lake, 2012-04-19 1927 Howard Jenkins is a history professor immersed in the medieval world in

love with the past His younger brother Reginald is a ne'er do well who plays at being a student to please their parents When Reginald's gambling debts involve Howard in a bootlegging operation Howard is blasted out of his secure academic world Howard's only question now is what would King Richard do The one good thing to come out of this dreadful situation is Madge Rhodes a lovely young widow who Howard has decided to court However Madge's cousin Maisie a flirty little jazz baby has ideas of her own about Howard
