The Cultural Construction of International Relations B. Jahn, 2016-01-18 The discipline of international relations deals with the problem of culture by defining world politics as a state of nature yet it ignores the fact that the concept of the state is itself a cultural product This book uncovers the history of this idea revealing its origins in the European conquest of America its crucial role in the emergence of the Enlightenment world view and its continuing negative consequences for our attempts to understand world politics

The Island of Lost Maps Miles Harvey, 2010-10-06 The Island of Lost Maps tells the story of a curious crime spree the theft of scores of valuable centuries old maps from some of the most prominent research libraries in the United States and Canada The perpetrator was Gilbert Joseph Bland Jr an enigmatic antiques dealer from South Florida whose cross country slash and dash operation had gone virtually undetected until he was caught in 1995 and was unmasked as the most prolific American map thief in history As Miles Harvey unravels the mystery of Bland s life he maps out the world of cartography and cartographic crime weaving together a fascinating story of exploration craftsmanship villainy and the lure of the unknown

The Humboldt Current Aaron Sachs, 2007 Cornell University history and American studies professor Aaron Sachs offers a masterly intellectual history of the impact of 19th century explorer Alexander von Humboldt on American culture and science

The Last Blank Spaces Dane Kennedy, 2013-03-01 The challenge of opening Africa and Australia to British imperial influence fell to a coterie of proto professional explorers who sought knowledge adventure and fame but often experienced confusion fear and failure Kennedy follows the arc of these explorations from idea to practice intention to outcome myth to reality

Explorer Travellers and Adventure Tourism Jennifer Laing, Warwick Frost, 2014-08-04 This book examines the nexus between exploring and tourism and argues that exploration travel based heavily on explorer narratives and the promises of personal challenges and change is a major trend in future tourism In particular it analyses how romanticised myths of explorers form a foundation for how modern day tourists view travel and themselves Its scope ranges from the Golden Age of imperial explorers in the 19th and early 20th centuries through the growth of adventure and extreme tourism to possible future trends including space travel The volume should appeal to

researchers and students across a variety of disciplines including tourism studies sociology geography and history

The Cambridge History of Science: Volume 6, The Modern Biological and Earth Sciences David C. Lindberg, Peter J. Bowler, Ronald L. Numbers, Roy Porter, 2003 This book in the highly respected Cambridge History of Science series is devoted to the history of the life and earth sciences since 1800 It provides comprehensive and authoritative surveys of historical thinking on major developments in these areas of science on the social and cultural milieus in which the knowledge was generated and on the wider impact of the major theoretical and practical innovations The articles are written by acknowledged experts who provide concise accounts of the latest historical thinking coupled with guides to the most important recent literature In addition to histories of traditional sciences the book covers the emergence of newer disciplines such as genetics biochemistry and geophysics The interaction of scientific techniques with their practical applications in areas such as medicine is a major focus of the book as is its coverage of controversial areas such as science and religion and environmentalism

The Great Encounter Jayme A. Sokolow, 2016-07-08 Traditional histories of North and South America often leave the impression that Native American peoples had little impact on the colonies and empires established by Europeans after 1492 This groundbreaking study which spans more than 300 years demonstrates the agency of indigenous peoples in forging their own history and that of the Western Hemisphere By putting the story of the indigenous peoples and their encounters with Europeans at the center a new history of the New World emerges in which the Native Americans become vibrant and vitally important components of the British French Spanish and Portuguese empires In fact their presence was the single most important factor in the development of the colonial world By discussing the great encounter of peoples and cultures this book provides a valuable new perspective on the history of the Americas

Travelling In and Out of Italy Emanuele Occhipinti, 2011-05-25 Travel has often been taken as a metaphor for human life and the concept of travel and the traveller has varied across centuries cultural traditions and social groups Following a diachronic overview of travel writing this study considers some of the most important Italian writers of the late nineteenth and twentieth centuries such as D Annunzio Pirandello Svevo with particular focus on their note books letters travel diaries and reportage An analysis of this material indicates that these authors collect their miscellaneous notes in some cases as private and personal documents and in other instances to possibly develop future articles essays or novels It goes on to focus on the journey par excellence the trip to America regarded as an Eden In many of their works writers such as Ojetti Giacosa Cecchi Piovone express their ambivalence towards a place often idealized as a land of freedom and opportunity yet also acknowledged as a land where oppression and violence are all too real The study attempts to demonstrate how all the traveller writers discussed translate their sense of discovery in their books and the extent to which that sense affects the conception of each of the texts

Painter in a Savage Land Miles Harvey, 2008-06-24 In this vibrantly told meticulously researched book Miles Harvey reveals one of the most fascinating and overlooked lives in American history Like The Island of Lost Maps his bestselling

book about a legendary map thief Painter in a Savage Land is a compelling search into the mysteries of the past This is the thrilling story of Jacques Le Moyne de Morgues the first European artist to journey to what is now the continental United States with the express purpose of recording its wonders in pencil and paint Le Moyne s images which survive today in a series of spectacular engravings provide a rare glimpse of Native American life at the pivotal time of first contact with the Europeans most of whom arrived with the preconceived notion that the New World was an almost mythical place in which anything was possible
