A SHORT INTRODUCTION TO THE LITERATURE OF THE BIBLE RICHARD G. MOULTON, 1901      A Short Introduction to the Literature of the Bible (Classic Reprint) Richard Green Moulton, 2015-06-28 Excerpt from A Short Introduction to the Literature of the Bible I wish to explain that this volume is not an abridgement of my other work on The Literary Study of the Bible There is necessarily much in common between two treatments of the same topic but the purposes of the two are distinct The larger work is intended for formal students it is an illustration of literary morphology in the field of sacred Scripture The present book is addressed to the general reader whether more or less cultured it avoids technicalities and treats the matter of the Bible approaching this from the literary side In what sense I understand the word literary as distinguished from theological and critical I have sufficiently explained in the opening section Many things have convinced me that we are entering upon a new era of popular interest in the sacred Scriptures My duties as a lecturer have brought me in contact with many different types of audiences in different parts of England and America No single thing has impressed me more than the commonness of the remark coming usually from persons who were neither uneducated nor irreligious that the Bible except for a few passages had long been a sealed book to them but that they were taking to it again We have done almost everything that is possible with these Hebrew and Greek writings About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      **A Short Introduction to the Literature of the Bible** Richard Green Moulton, 2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1901 edition Excerpt chapter ii the history of the people of israel as presented by themselves Prologue to the Old Testament The relation between the people of Israel and their God is in the Bible expressed by the word covenant God appears repeatedly as referring to his covenant with Abraham and at successive stages in the history of Israel the covenant is renewed The word testament which in later times has changed its meaning was in earlier English exactly equivalent to covenant hence it is natural that the sacred literature of Israel should be called The Old Testament or covenant between God and his ancient people of Israel It might have been expected that this literature should commence with the first of the fathers as a fact Genesis commences long before But when the eleven chapters which precede Abraham are examined the reason is plain The call of Abraham is not the first example of covenantal relations between God and mankind When the origin of all things has been noted in the creation of the world Adam is granted dominion over all the earth the garden of

Eden is given him for his abode and for a sign of obedience is the command to abstain from the tree of the knowledge of good and evil This is the covenant between God and the common ancestor of men Then is narrated the eating of the 23 forbidden fruit and Adam is driven out of Eden With the slaying of Abel by Cain the feud of the righteous and the wicked has appeared upon earth Its continuance is suggested in the two genealogies that follow The one traces the progeny of Cain to Lamech the inventor of deadly weapons In the other Abel is replaced by Seth then b      **A Short Introduction to the Literature of the Bible** Richard Green Moulton,1900      *A Short Introduction to the Literature of the Old Testament* George Herbert Box,1924
